# *Editorial*

First of all, I would like to extend my gratitude to all the Convenors of various cells of Dispur College. It is because of their initiative and effort that activities are organised in the college where the student members take part with great enthusiasm. These platforms provide the facilities where their talents are showcased and appreciated as well. The activities like - seminars, talks, group activities, tree plantation, cleanliness drives, street plays, symposium, organised under Nature Club, Women Cell, NSS, NCC, Study Circle are commendable.

I hope this tradition will continue in future and our students will perform even better. My best wishes to all.
