### Column

#### How a legislation glut can kill a government

There should be laws that mandate a review of the ramifications of such biased laws.

#### You can't have it both ways

For now, the best option is utilizing the current mechanisms of U.S. Forces Korea, the nuclear umbrella and the nuclear consultative group in addition to strong conventional forces of the...

#### Treat the golden ticket syndrome first

The government must embark on a colossal education reform to effectively deal with the challenges from the AI revolution before it's too late.
