HC flags 'strange probe, infra breakdown' in drownings case

Shruti Kakkar
letters@hindustantimes.com

NEW DELHI: The Delhi high court on Wednesday indicated that it would transfer the investigation into the deaths of three students in the waterlogged basement of a coaching centre in Old Rajinder Nagar to the Central Vigilance Commission (CVC) or the Lokpal, as it came down hard on the Delhi Police, the city's government and its civic body.

The court criticised the police for conducting a "strange" and "shoddy" probe and lambasted the Delhi government for failing to upgrade the city's infrastructure due to what it termed a "freebies culture". A bench comprising acting chief justice Manmohan and justice Tushar Rao Gedela did not mince words, calling the incident a case of "criminal neglect" and a symptom of "infrastructure breakdown at the larger level".

The bench expressed dismay that while the police had arrested a passerby, Manuj Kathuria, who was driving a car, they had not acted against or even investigated the role of Municipal Corporation of Delhi (MCD) officials, whose negligence contributed to the tragedy.

Ordering the personal presence of the investigating officer,

HC censures authorities

Delhi Police pulled up
"There is some sort of strange investigation which is going on. No MCD officials have been hauled up till now. Unauthorised construction happens in collusion with the police... [Police] have arrested some bystander, a driver who was driving a car there."

Civic body slammed
"You have suspended the junior-most officer. What happens to the senior-most officer who has to supervise? The senior officers are not moving out of their AC offices. This is a case of neglect. It is a case of criminal neglect."

Delhi government rebuked
"...You are permitting multi-storeyed buildings, but there is no proper drain. Your civic authorities are bankrupt. You want a freebie culture. You're not collecting money, so you're not spending money."

Officials summoned
Court summoned the investigating officer, DCP and MCD commissioner on August 2

Delhi plans law to regulate coaching centres, specify norms for operations

Alok KN Mishra
letters@hindustantimes.com

NEW DELHI: The Delhi government will pass a law to regulate coaching centres in the Capital, specifying requirements such as mandatory infrastructure, qualifications of the teachers, and fees, education minister Atishi announced on Wednesday, four days after the death of three students in the basement of a coaching institute after they drowned when it was flooded because of a local downpour.

"Coaching industry is spread across country, but no central law has been made yet to regulate them...Delhi government will not wait for central government to make a law, Delhi government will bring a law to regulate coaching centres on the line of laws which regulate private schools, private hospitals and nursing homes," Atishi said at a press conference at Delhi secretariat.

Heavy rain chokes city, more may follow

A car and a bus stranded on NH-24 near Mayur Vihar on Wednesday evening, when a heavy spell of rain brought Delhi to a grinding halt. Mayur Vihar received 89.5mm rain in just one hour, even as most other parts of the city were inundated in knee-deep water. Related stories on page 3 SANJEEV VERMA/HT

UPSC ACTS AGAINST KHEDKAR, CANCELS CANDIDATURE, BARS FROM FUTURE TESTS

HT Correspondent
letters@hindustantimes.com

MUMBAI: The Union Public Service Commission (UPSC) on Wednesday cancelled the provisional candidature of probationary Indian Administrative Service (IAS) officer Puja Khedkar and debarred her from all future examinations or selections, amid an ongoing probe into allegations that she falsified her identity to secure additional attempts in the civil services examination.

"Her [Khedkar's] provisional candidature for the CSE (Civil Services Examination)-2022 has been cancelled and she has also been debarred permanently from all the future Examinations/Selections of the UPSC," it said in a statement.

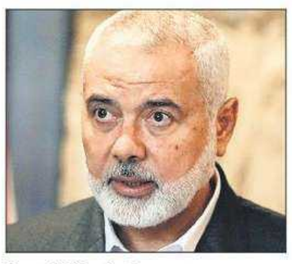
Top Hamas leader killed in Iran as W Asia crisis spirals

BEIRUT: Hamas' top political leader was killed Wednesday by a predawn airstrike in the Iranian capital, Iran and the militant group said, blaming Israel for a shock assassination that risked escalating into an all-out regional war. Iran's supreme leader vowed revenge against Israel.

Israel, which kept silent about the strike, had pledged to kill Ismail Haniyeh and other Hamas leaders over the group's October 7 attack on southern Israel that sparked the war in Gaza. The strike came just after Haniyeh had attended the inauguration of Iran's new president in Tehran — and hours after Israel targeted a top commander in Iran's ally Hezbollah in the Lebanese capital, Beirut.

The assassination was potentially explosive amid the region's volatile, intertwined conflicts because of its target, its timing



Ismail Haniyeh

and the decision to carry it out in Tehran. Most dangerous was the potential to push Iran and Israel into direct confrontation if Iran retaliates. The US and other nations scrambled to prevent a wider, deadlier conflict.

In a statement on his official website, Iranian supreme leader Ayatollah Ali Khamenei said revenge was "our duty" and that Israel had "prepared a harsh punishment for itself" by killing "a dear guest in our home."

→P19

Group's global face, he oversaw its regional ties

BEIRUT: Ismail Haniyeh was the international face of Hamas and kept up the militant group's ties with allies around the region. He had little military role but Israel marked him for death after the October 7 attacks. Haniyeh, the head of Hamas's political bureau, had been in self-imposed exile from Gaza since 2019 and was often seen as a relative moderate in the group. He was one of the few Hamas leaders who said the group, while it rejects recognising Israel, doesn't oppose a two-state solution.

Lakshya, Lovlina advance in good day for India

Lakshya Sen and Lovlina Borgohain

RUTVICK MEHTA
HT IN PARIS

Shuttler Lakshya Sen and shooter Swapnil Kusale were up against it. The former had a mountain of a group stage draw to get past, the latter had a quality field and a high-scoring qualification round to manoeuvre.

Bringing their best out on the day, both Olympic debutants got where they wanted to be at the 2024 Paris Games on Wednesday. Lakshya marched into the knockouts after stunning world No. 4 and reigning All England champion Jonatan Christie 21-18, 21-12 and topping a group that was the most stacked up in the men's singles badminton event.

Kusale finished seventh in a 50m men's rifle 3 posi-

NUMBER THEORY

How much hotter than normal is Ladakh now?

By Abhishek Jha

The Leh airport in the Union territory (UT) of Ladakh has seen flights being cancelled repeatedly this week. High temperatures have decreased air pressure, which is already low at such high altitudes, to a level that is unsafe for operations. Is the UT, or Leh in particular, experiencing very high temperatures? Data suggests that this is indeed the case. With Ladakh serving as a storehouse of ice and snow, high temperatures in the region have bigger implications than just cancelled flights. The snow pack in Ladakh is also the lowest this year in satellite records.

1 Sunday was possibly the tenth hottest recorded day in Leh

Long-term data for Leh is not publicly available. However, the India Meteorological Department (IMD) publishes data for 1° grids — boxes bound by latitudes and longitudes a degree apart. The grid in which Leh is located has its centre at 34.5°N, 77.5°E. This grid experienced a maximum temperature of 34.76°C on July 28. This is the tenth hottest recorded day for the grid since January 1, 1951.

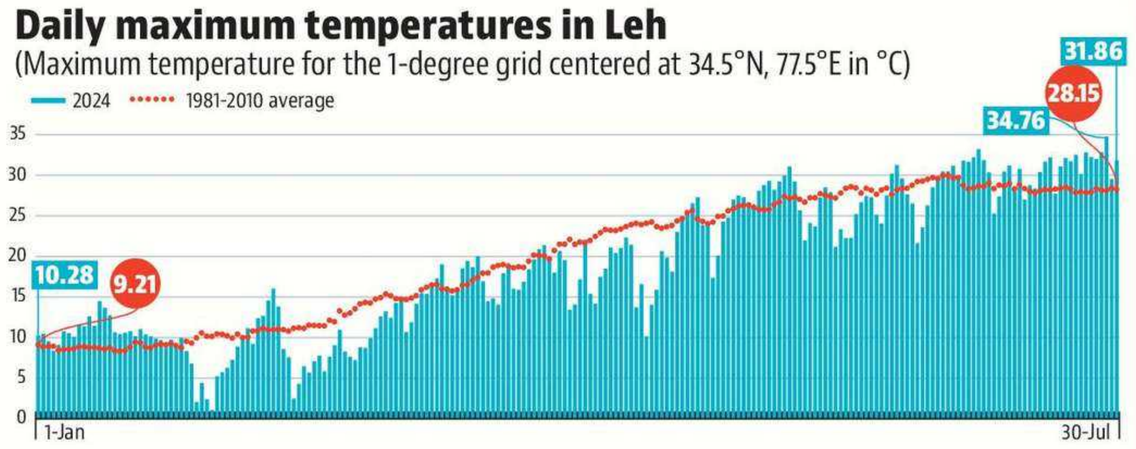
Highest max temperatures in Leh since 1951 (Max temp for the 1-degree grid centered at 34.5°N, 77.5°E in °C)

Source: IMD gridded data

2 But it is the deviation from normal in the past week that should cause alarm

IMD considers the average during 1981-2010 as the normal for temperature. On July 28, the Leh grid was 6.8°C warmer than the normal for the day. This is alarming because the daily temperature of the grid peaks by June 27 on the normal chart. This year, the hottest day of the year so far at the grid was July 28, a month later. Among the top ten hottest recorded days at the grid, July 28, 2024 is the only one later than July 1. Similarly, while July 29 and July 30 are ranked relatively cooler ("only" 2,086th warmest and 323rd warmest among 26,844 days), they were 1.2°C and 3.7°C warmer than normal. It is also possible that the absolute temperature at the Leh airport was higher than the grid overall. This is possible because the grid's size is very large (approximately 100 km x 100 km) and individual places in it can be warmer or cooler than the grid's average temperature. Flight operations were disrupted at the Leh airport even after Sunday.

Daily maximum temperatures in Leh
(Maximum temperature for the 1-degree grid centered at 34.5°N, 77.5°E in °C)

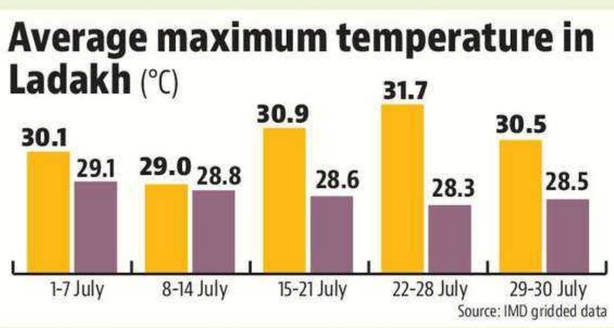


Source: IMD gridded data

3 Not just Leh, even Ladakh is experiencing a very warm July

As expected, this was the second warmest July since 1951 (up to July 30) in the Leh grid. However, the heat was not limited to Leh. This was also the fifth warmest July for Ladakh taken as a whole and 1.75°C warmer than normal. The seven-day rolling average of maximum temperatures was the highest ever this year for every day from July 27 to July 30. As was the case with Leh, July 28 was also a case of extreme heat for the UT as a whole. The average maximum for Ladakh on the day was the 56th highest for any day since January 1, 1951. To be sure, the statistics for Ladakh have more uncertainty than for just the Leh grid. IMD's gridded data had just 5-8 grids in the UT up to the 1960s. The number increased to the current levels of 16-17 grids only from the 1970s.

Average maximum temperature in Ladakh (°C)

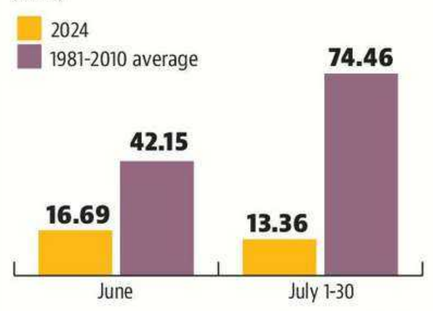


Source: IMD gridded data

4 High mercury this July in Ladakh are partly a result of a dry monsoon

Numbers bear this out. Since June 1 – the first date of the official monsoon season – the UT has received just 30 mm of rain, compared to the 1971-2020 average (the Long Period Average or LPA considered the normal for rain) of 116.6 mm. Neither June or July rainfall has been anywhere near the LPA. June rainfall had a 60% deficit and the July so far has a 82% deficit compared to the LPA.

Average rain in Ladakh
(mm)



Source: IMD gridded data

5 High mercury, low precipitation have pushed the snow pack to its lowest

This has been a problem seen throughout this snow cycle, taken to start here on October 1, when the snow pack starts building. Of the 303 days since October 1, the average snow pack over the Ladakh region has been at the lowest three levels for the day since the 2000-01 cycle on 293 days. On July 29 (the latest available data), it was at its lowest level for the day. This snow pack is also very far from normal: 16.5% less than the average snow pack in the first twenty years of the data (2000-01 to 2019-20). This is 2.1 standard deviations away from the average. To be sure, the average snow pack here was calculated for the rectangular box bounding Ladakh, rather than the exact political boundaries of the UT.

Rescue hit by rain, debris as Wayanad deaths soar to 193

Vishnu Varma
letters@hindustantimes.com

MEPPADI (WAYANAD): The toll from the Kerala landslides surged to 193 as rescue teams scoured through layers of slush, battered homes and wrecked cars in Wayanad district on Wednesday, while officials warned that the number would spiral further, with 190 people missing and little possibility of any of them surviving.

A day after the state's worst monsoon tragedy since 2018, teams from the army and National Disaster Response Force (NDRF) struggled against the treacherous terrain, as boulders, mud and strong currents of floodwater hampered rescue efforts, forcing them to use improvised ziplines and jerry-rigged bridges to extricate dead bodies or trapped people.

Kerala chief minister Pinayari Vijayan, addressing a press briefing in Thiruvananthapuram, said that 158 bodies were recovered, over 200 people were being treated in hospitals and 5,592 people were rescued from the ravaged areas.

Later, local officials confirmed that the toll touched 193.

Officials said the army and construction agencies were working to rebuild roads and a key bridge that the landslide had destroyed, to accelerate rescue and rehabilitation efforts, even as Mundakkai, Chooralmala, Attamala and Noolpuzha remained cut-off.

Days of ceaseless rain precipitated two landslides within three hours in the northern Kerala

Shah says Kerala govt did not heed early warnings, CM Vijayan hits back

HT Correspondents
letters@hindustantimes.com

THIRUVANANTHAPURAM/NEW DELHI: The Centre sent multiple alerts starting from July 23 to the Kerala government about a possible natural calamity due to heavy rainfall and even rushed nine teams of the National Disaster Response Force (NDRF) to the southern state, but the Pinarayi Vijayan-led administration did not heed the advance warnings, Union home minister Amit Shah said in Parliament on Wednesday.

Dismissing the Opposition's claims that the loss of lives occurred due to a lack of early warning system for natural disasters, Shah said: "I would like to specify that on July 23, the Kerala government was given an early warning by the central government." He added that the state was warned about heavy rains on July 24 and 25 also.

Vijayan refuted Shah's remarks and said no red alerts were sounded for Wayanad before the disaster. "A red alert was issued for the district only after the landslides hit on Tuesday morning," he said and added that India Meteorological Department's (IMD) rainfall prediction for the district ahead of the tragedy was incorrect. →P10

4 DIE AS HEAVY RAINS BATTER UTTARAKHAND

DEHRADUN: At least four people were killed and three were feared missing after heavy rains lashed several parts of Uttarakhand on Wednesday, officials said.

According to Uttarakhand SDRF commandant Manikant Mishra, a suspected cloudburst in Tehri Garhwal caused intense flooding. "There is information of a cloudburst 8km ahead of Ghansali in Tehri Garhwal... Two bodies have been recovered and at least two more deaths are suspected to have taken place," Mishra said. HTC

REMOTE HEALTH CENTRE BECOMES FOCAL POINT AS BODIES POUR IN

Vishnu Varma
letters@hindustantimes.com

MEPPADI (WAYANAD): A small family health centre in Meppaddi, 13km away from Chooralmala, has become the focal point of receiving, identifying and storing bodies recovered from devastation-struck villages. However, the centre is ill-equipped for a tragedy of this scale. Ambulances roar in with corpses every few minutes. Health staff and volunteers then record their details, possible identification markers and then, if they are identified, ship them off to their families. →P10

Cong MP files privilege notice over caste row

HT Correspondent
letters@hindustantimes.com

NEW DELHI: Former Punjab chief minister and Lok Sabha MP Charanjit Singh Channi filed a breach of privilege notice against Prime Minister Narendra Modi for sharing the speech of Bharatiya Janata Party (BJP) leader Anurag Thakur in which the former Union minister remarked that people whose caste was unknown were demanding a caste census, a comment that the Opposition believes was aimed at Leader of the Opposition in the Lok Sabha Rahul Gandhi. Thakur's remarks during the Budget debate also triggered a massive protest when the House resumed on Wednesday, forcing an adjournment.

In his notice against the PM under Rule 222 of the Lok Sabha, Channi said: "The PM had tweeted on 'X' a portion of remarks which were expunged from the proceedings of the House by the Chair." While the remark on caste was not expunged, two other words

Former cricketer, coach Gaekwad dies aged 71

HT Correspondent
letters@hindustantimes.com

NEW DELHI: Anshuman Gaekwad, who epitomised gutsy batting in the pre-helmet era and stood up to one particularly vicious pace barrage led by Michael Holding on the 1976 Test tour of the West Indies, died on Wednesday after a battle with cancer. He was 71.

A second generation India Test cricketer – his father Dattajirao Gaekwad played 11 Tests between 1952 and 1961 – he made 40 appearances in a decade (1974-1984), a rare sight in his early years as a spectacled opening batter. After a Test career that ended as it started, at Eden Gardens — Gaekwad also played 15 ODIs — he returned for two stints with the Indian team as coach. →P25

USA's Simone Biles competes in the balance beam during the artistic gymnastics women's team final victory in the Paris Olympic Games at the Bercy Arena. AFP

Biles, Bhaker and redemption tales of the Olympics

Ashish Magotra
ashish.magotra@hindustantimes.com

On Tuesday, Simon Biles, the greatest gymnast of this generation and perhaps the best of all time, won her eighth Olympic medal for the USA. It made her her country's most decorated gymnast. But the emotion she felt when her team won the team gold wasn't joy. That came later. "After I finished the vault I was relieved – I was like "woo, there's no flashbacks"," Biles, 27, said.

Most people didn't need to be told why she felt that way. Flashbacks for her and the world mean her withdrawal from the Tokyo Olympics due to a condition called the 'twisties'. It was one of the most written about events of the Games. The Cleveland Clinic describes the twisties as "a mental block that creates a dangerous disconnect between mind and body while gymnasts are airborne." At its absolute worst, the gymnast isn't even sure of being able to land safely. Suddenly, we were in a situation where the world's best gymnast might never set foot in the Olympic arena.

At the Asaka shooting range in Tokyo, Manu Bhaker, a teen phenom, found that sport can be cruel but people are far crueller. Billed as India's next big hope, she faltered and was trolled mercilessly. She and her malfunctioning pistol became the image of India's failure at the shooting range. It made her want to give up the sport.

She was riddled with self-doubt. She wasn't herself and kept thinking that she had to win. The pressure almost broke her, and when the Games ended shooting was farthest from her mind.

Manu Bhaker.

It takes about 1.8 seconds from the moment you jump from a diving board to the time you land in the pool. China's divers have usually found a way to master that period. But in Tokyo, Tom Daley and Matty Lee of Britain totalled 471.81 points in the final, edging the Chinese Cao Yuan and Chen Aisen by 1.23 points.

The defeat ended China's streak of four straight Olympic gold medals in men's synchro platform dating to 2004. It proved to be the only gold China didn't win in diving and an unprecedented clean sweep was denied. "We had some mistakes, especially in the fourth round," Cao said through a translator. "We are quite disappointed."

Disappointed was an understatement. China's diving team is called the 'Dream Team' back home and they have contributed the most medals to their nation's tally over the years.

But the path to redemption often begins with finding the APjoy in sport again. Putting something behind and moving on might seem easy for some but imagine doing something day in, day out and then stumbling with the finish line in sight. In the lead-up to Tokyo, Biles, for instance, would train for around seven hours a day, six days a week and often twice a day.

"I train seven hours a day, I do have Sundays off," she had explained on The Tonight Show. "So, Monday, Tuesday, Wednesday, Friday I train twice a day. And then Thursday and Saturday I train once a day."

It is all-consuming. Even when you are not training, you are still thinking about sport; about your routine; about recovery. And with the world watching, you collapse. A failure of that magnitude is heart-breaking and demoralising.

Mentally, a switch is flipped. You question your methods and all that goes with them. In Biles' case, she took a hiatus of two years. Manu's break was shorter — around 25 days — but her path back to the top was longer. Cao and Chen never stopped.

After winning bronze in the 200 meters at the Tokyo Games, American sprinter Noah Lyles knew he needed to change things.

"I needed to reflect on myself. What does it take to have enough confidence to go into a competition and say I'm going to win? That's where I put in the hard work. That's when I decided to make myself uncomfortable, jumping into events that are just not for me. This year I won a silver medal in the 60 meters at the Indoor World Championships. There are tons of people who claim I have a terrible start, but someone with a terrible start can't win a silver medal in the 60 meters," he asserted on Monday.

"The line between confidence and arrogance is very thin. It's all an opinion. That's why I always say that if you've seen my life and what I've had to go through, being told literally 'you can't do it' most of my life, you wouldn't speak that way. And here I am again. Achieving almost everything I set out to do," he said.

Everyone has their own method. But finding the belief again is what takes longest. The journey changes them and gives them a new perspective, on life and on sport.

Sometimes, people don't view those setbacks as opportunities but it is important to do that. For when you do that, you also give yourself to once again experience the joy of winning, just as Biles, Bhaker, and Cao and Chen have.

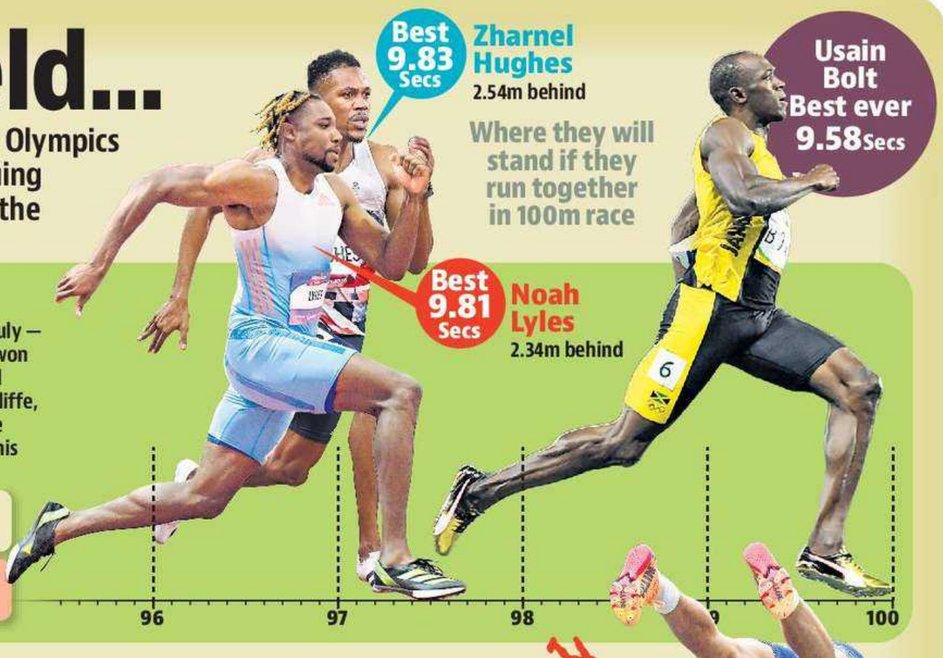
They are now the toast of their nations but only they know what it has taken to get to this peak... Again. And now, perhaps, they have reached a point where they can meet with triumph and disaster and treat those two imposters the same.

The Olympics, though, are not just about glory but they are, at a personal level, also about finding your way back. Everyone has their own redemption tale, and for some, just getting there counts as a win. After the depths of despair, you finally see the light and there can be no better feeling than that.

{ **ATHLETICS** } STARS TO WATCH

Track and field...

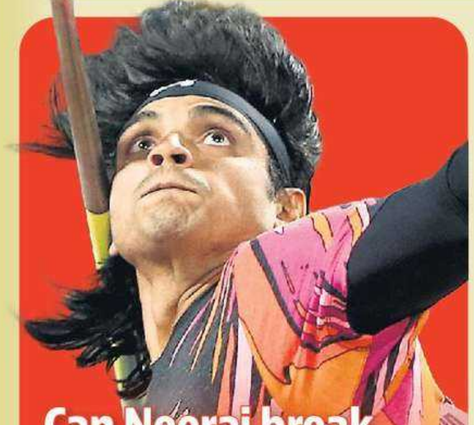
With the athletics competitions in the Paris Olympics beginning today, there are plenty of intriguing battles and storylines that will unfold over the coming days involving the world's best



Can anyone deny Lyles?

Noah Lyles lowered his 100m personal best to 9.81 seconds in July — 0.23secs behind Usain Bolt's world record. The American, who won Olympic bronze three years ago, will have Great Britain's world bronze medallist Zharnel Hughes among his rivals. Louie Hinchliffe, coached by American great Carl Lewis, could provide one of the stories of the Games as the British 100m champion, 22, makes his Olympic debut following a breakout year.

- Men's 100m final **August 4**
- Men's 200m final **August 8**
- Men's 4x100m relay final **August 9**
- Men's 4x400m relay final **August 10**



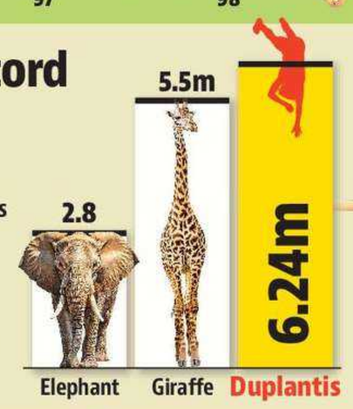
Can Neeraj break another barrier?

In his glittering javelin career, Neeraj Chopra, 26, has accomplished many firsts. Can the poster boy of Indian athletics now go on to add another feather to his cap by defending his Olympic gold? It will take some doing, given that the expectations in Paris are significantly higher than what they were in Tokyo. But don't count out a man who has pulled off many unprededented feats with the javelin. Among his challengers will be Czech Republic's Jakub Vadlejch and Germany's Julian Weber while 19-year-old Max Dehning, who threw 90.20m in February, could be a bolt from the blue.

- Men's javelin throw qualification **August 6**
- Men's javelin throw final **August 8**

Another world record for Duplantis?

In the era of Armand 'Mondo' Duplantis, gold in the men's pole vault appears a formality. The focus is instead on the world record — and when, not if, the Swedish star will next break it. The 24-year-old, who has already won everything on the Olympic, world and European stage, improved that mark for the eighth time in April by clearing 6.24m.



- Men's pole vault final **August 5**
- Women's pole vault final **August 7**

Kipyegon aims for three in a row

Faith Kipyegon has won 6 of the 7 global track finals she has run since winning her first Olympic 1,500m in 2016. She improved her 1500m world record in July too. Tokyo silver medallist Laura Muir and British champion Georgia Bell may also have to beat Ethiopia's 5,000m record holder Gudaf Tsegay and Australian Jessica Hull to win a medal. Dutch woman Shifan Hassan lurks in 5,000-10,000m.

- Women's 5,000m final — **Aug 5**
- Women's 1,500m final — **Aug 10**
- Women's 10,000m final — **Aug 9**
- Women's marathon — **Aug 11**

Fraser-Pryce's Olympic farewell

Jamaican sprint icon Shelly-Ann Fraser-Pryce has won 13 global titles, including 100m gold at two Olympics and five World Championships. Hoping to make the 100m podium at a fifth successive Games, the 37-year-old faces strong competition from reigning US world champion Sha'Carri Richardson. World 200m champion Shericka Jackson is out of 100m. Jamaican Elaine Thompson-Herah won't defend her 100m and 200m titles because of injury.

- Women's 100m final — **Aug 3**
- Women's 200m final — **Aug 6**
- Women's 4x100m relay final — **Aug 9**

Handling pressure the Horn way

Rutvick Mehta
rutvick.mehta@htlive.com

PARIS: The cardboard beds in the Athletes' Village of Paris have been in the spotlight quite a bit. But not too long ago, there was a night up in the Swiss Alps coming into the Olympics, when the Indian hockey boys slept on hay, without sleeping bags, mattresses or pillows.

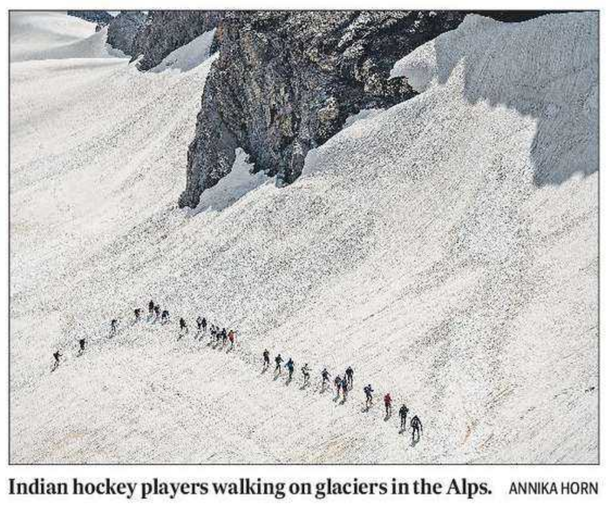
An unusual detour to their Paris Games preparatory phase saw the players and the support staff land up at a two-day bootcamp with Mike Horn, the renowned South African-born Swiss adventurer. The name may ring a bell for Indian cricket followers. Horn had held motivational sessions with the Indian cricket team ahead of its triumphant 2011 home World Cup campaign, and did something similar with IPL teams Mumbai Indians and Kolkata Knight Riders.

But the hockey touch was physical, and in his den in Switzerland. The Indian players, grappling through some initial apprehension, walked with harnesses on glaciers, routed mountains with a via ferrata, rappelled down waterfalls, cycled to far and away areas. The kind of things they'd never seen or done before, as reserve goalkeeper Krishan Pathak put it.

How does being freely adventurous in the mountains help being more efficient on the field, you'd think. In Horn's experience across sports of cricket and football (he worked the German national team ahead of the 2014 FIFA World Cup in Brazil), three key facets come out from these experiences: mental resilience of staying focussed even under extreme situations, teamwork and trust, ability to enhance strategic thinking and adaptability. All good traits to carry into a high-stakes Olympics. "It's about pushing boundaries, no matter the sport," Horn told HT. "First, the mental resilience by pushing athletes out of comfort zones helps them develop the ability to stay composed under pressure. Second, by facing challenges together, the team strengthens their bond and learns to rely on each other. Lastly, athletes learn to navigate unexpected situations and develop quick problem-solving skills."

It's also about being exposed to pressures of life and death through Horn's personal experiences of survival across expeditions, which, to put it bluntly, pale in comparison to pressures of sport. Cricketer Harbhajan Singh had recalled being mind-blown listening to Horn's stories. The explorer had anecdotes in store for Harmanpreet Singh and his troops as well.

"One story I told them was about my solo traverse of the Amazon River. I talked about the mental and physical challenges I faced, and how staying focused on small, achievable goals helped me manage the overwhelming pressure of the journey," Horn said.



Indian hockey players walking on glaciers in the Alps. ANNIKA HORN

One match at a time towards glory, as they say in sporting terms. The idea of this experimental deviation came from the same man who planned the cricket sessions — Paddy Upton, the hockey team's mental conditioning coach. The two-day bootcamp was fitted between the squad checking out of India and into the Netherlands and finally Paris for the Olympics.

The bootcamp began at the top of Switzerland's Glacier 3000, and with players walking with harnesses through it. "My goal was to push them out of their comfort zone from the start," Horn said. Horn did sense some concerned faces and confused minds at that point. "At the start, there were definitely some worried glances and nervous energy among the boys," he said. It settled once they spent the night in a hostel in Saanen, and the next day cycled to Rougemont. Horn then gradually cranked things up.

"As my goal for this bootcamp was to challenge them right before the start of the Olympics, I planned several mountain activities," Horn said. "We walked on a glacier and climbed rocks at high-altitude with harnesses, crossed several stages of a via ferrata and rappelled down waterfalls."

Far from the staple roti-sabji, meals comprised traditional raclette. The second night threw arguably the most challenging curveball — going to bed on hay, without any sleeping bags or mattresses. "It was at my friend's farm," Horn said. "That was quite the experience for the team. They didn't really expect to spend the night that way, but they adapted to it. The temperatures were around 15°C. We had limited access to sanitary facilities. And we could hear the bells of the cows from afar."

The next day by the end of the camp, the apprehensive looks had made way for an adventurous nod of approval by the Indian players.

"As the camp progressed, I saw a remarkable transformation. They started to embrace the challenges and even began looking forward to the next adventure each day," Horn said.

The Indian players told Horn they had gained a fresh perspective of "handling pressure". In Paris, it's been a scratchy yet unbeaten start by the team, and the pressure will only mount as the big games stare at them. Up in the Swiss Alps, they came out of it stronger. Now down to business, they'd hope to find a way to do so again.

Heavy rains paralyse city again

Downpour barely falls short of 'cloudburst' classification in areas like Mayur Vihar; all schools shut today; 10 flights diverted

Commuters wade through a completely waterlogged road under the Tilak Bridge in central Delhi on Wednesday evening. ARVIND YADAV/HT PHOTO

Jasjeev Gandhiok
jasjeev.gandhiok@hindustantimes.com

NEW DELHI: Extremely intense rainfall paralysed the Capital once again as a sudden bout of downpour on Wednesday evening, accompanied by lightning and gusty winds, led to flooded streets and widespread chaos.

The India Meteorological Department (IMD) late in the day issued a "red alert".

The rainfall brought back memories of June 28, when Delhi recorded over 200mm of rainfall in a 24-hour period, killing 11.

According to media reports, at least two people, a woman and a child, reportedly drowned after falling into a drain in Mayur Vihar Phase-3. Police officials however said they are unsure if the incident took place on the Delhi or Ghaziabad side. The report could be independently verified by HT.

Officials feared that more such instances may be reported across city if the unprecedented rain does not abate.

The Delhi government also announced a holiday on Thursday for all government and private schools in the Capital due to forecast of heavy rainfall.

The sudden downpour also led to a house collapse in north Delhi's Sabji Mandi locality. Till the time of going to press, there was no clarity about whether or not there were casualties.

The sudden change in weather conditions impacted air traffic at the Indira Gandhi International (IGI) Airport, as at least 10 flights were diverted — eight to Jaipur and two to Lucknow — to nearby airports and many others were delayed, officials said.

The Mayur Vihar weather station recorded 119mm of rainfall in a three-hour spell between 5.30pm and 8.30pm, of which 89.5mm of rain was recorded there between 6.30pm and 7.30pm, which just fell short of the "cloudburst" categorisation.

There was severe waterlogging across the city, catching commuters returning from work in the evening off guard as traffic was thrown out of gear nearly throughout the city and surrounding satellite towns such as Gurugram and Noida.

In Rajendra Nagar, where three students drowned in a flooded basement, streets were again severely inundated.

An IMD official said the rain was due to the monsoon trough reaching Delhi-NCR. "Till Tuesday, the monsoon trough was to the south of its normal position. On Wednesday, the trough made its transition from south of its normal position to its normal position, closer to Delhi-NCR," the IMD official said.

The IMD has a "yellow alert" for Thursday and Friday, forecasting light to moderate spells of rain, before a reduction in the rain intensity as the trough moves away from the region.

No Delhi weather station recorded any rainfall till 5.30pm on Wednesday. Rainfall started from around 6pm, intensifying further after 7pm, with several stations recording "heavy" rainfall, prompting IMD to issue a "red alert" till 9pm.

Between 5.30pm and 8.30 pm, the Safdarjung station, which is considered representative of Delhi's weather, recorded 79.2mm of rainfall. The weather station at Delhi University recorded 77.5mm of rain, Pusa 66.5mm, Palam 43.7mm and Mayur Vihar 119mm, in the three-hour period. IMD classifies "heavy rainfall" as a day when there is 64.5mm of rain in a 24-hour period.

Intensity-wise, IMD classifies rain as "light" when it is 10mm per hour, "moderate" when it is 10-20mm, "intense" when it is 20-30mm, "very intense" when it is 30-50mm, "extremely intense" when it is 50-100mm and "cloudburst" when it's over 100mm in an hour.

Traffic flow stunted

Severe waterlogging was recorded in several parts of the city, throwing traffic out of gear. The Delhi Traffic Police issued advisories, warning motorists to avoid Anuvrat Marg, Shyama Prasad Mukherjee Marg, Mahatma Gandhi Marg, the carriageway from Moolchand to Chirag Delhi, Outer Ring Road stretch from Chirag Delhi to Nehru Place, IP Marg, Minto Bridge, both carriageways of Mathura Road, the Sarita Vihar flyover and the railway underbridge at Ram Bagh Road.

Officials from the Public Works Department (PWD) said that the Minto Bridge underpass was closed to traffic as a precautionary measure. The Zakhira and Kirari underpasses were also shut.

Heavy waterlogging was also reported from the Moolchand and Tilak Bridge underpasses, although these were open till 10pm.

An unprecedented cloud convergence may lead to record rainfall: Experts

HT Correspondent
letters@hindustantimes.com

NEW DELHI: A sudden convergence of rain clouds was seen developing over Delhi and the National Capital Region as of late Wednesday night, weather officials and experts said, adding that it may mean that thundershowers will likely continue overnight till at least Thursday morning.

At 11pm on Wednesday, the India Meteorological Department (IMD) issued an alert after Delhi received unprecedented rain between 7pm and 11pm, inundating large swathes of the city.

The alert said intermittent showers are likely to continue for at least the next six hours, with rain clouds likely to persist.

"Massive convergence observed, fresh clouds are continously developing all across #Delhi NCR, already a lot of stations have reported 100mm+. It will continue to rain with light to heavy intensity at times overnight. Conditions will get worse with waterlogging," amateur weatherman Navdeep Dahiya wrote on social media website X.

"Intermittent very light to light rain with one or two moderate to intense spells (20-30mm/hr) are likely during next six hours over Delhi NCR," said an IMD alert.

This may also lead to a number of weather stations crossing 100mm in rainfall by Thursday morning, experts said.

Teen held for killing 2-year-old as part of 'occult practice'

Hemani Bhandari
letters@hindustantimes.com

POLICE SAID THE 2-YEAR-OLD WAS FOUND DEAD IN AN ABANDONED TOILET IN ANAND PARBAT ON JULY 21, A DAY AFTER HE WENT MISSING

NEW DELHI: The Delhi Police on Wednesday said it has apprehended a 17-year-old boy for allegedly killing a two-year-old boy in Anand Parbat, central Delhi, on July 21, in what appears to be a case of "occult practices". Police said the suspect claimed he was under the influence of "supernatural forces" when he committed the crime.

According to police, the two-year-old was found dead in an abandoned toilet on July 21, a day after he went missing. The victim's family alleged that his body bore two injuries to the stomach which looked like bite marks, and a few on the face — around the mouth and the forehead.

Deputy commissioner of police (central) Harsha Vardhan said the suspect was apprehended from Zakhira, west Delhi. During the probe, police said that CCTV footage of the area was checked and informers were deployed within the area. "On July 26, while analysing the CCTV footage, one minor who was a suspect in the case was identified. The team immediately traced the movement of the accused through CCTV footage and around 9pm, the minor was apprehended by the team from Zakhira flyover," he said.

Police said the boy confessed to the crime during interrogations. "At his instance, some bangles which the victim was wearing at the time of the incident were recovered," the DCP said, adding that the motive of the crime was "not exactly clear because the minor said that he was under the influence of supernatural forces".

The two-year-old's father said that there were two injuries "which led us to believe that whoever kidnapped him did it for some occult practices and sacrificed him". However, the police refused to comment on the claims made by the family.

3 sisters, all minors, killed in Noida blaze; father critical

Ashni Dhaor
ashni.dhaor@hindustantimes.com

The fire broke out on the first floor of a Sector 8 building. SUNIL GHOSH/HT

NOIDA: Three girls — all sisters — were killed and their parents suffered burn injuries after a fire broke out at their house in Noida Sector 8 in the early hours of Wednesday, police officers and fire department officials said. They said the fire appears to have been triggered by a short-circuit, but are investigating further.

Police said the family —Daulat Ram, his wife Meenu, and their three daughters Astha, 10, Naina, 7, Aradhana, 5 and son Abhi, 8 — lived in a one-room house.

At the time of the incident, the family had plugged in a cooler, fridge, and TV. Ram drives an e-rickshaw, and he had also kept the battery of the vehicle in the room, police said. Abhi had gone to his paternal aunt's house for the night, police said.

Deputy commissioner of police (Noida) Rambadan Singh said a neighbour alerted the fire brigade about the blaze at around 3.30am.

"All of them, except Abhi, who was at his aunt's house, were asleep in the room when the fire broke out. A neighbour informed the fire station, following which teams immediately reached the spot. As the fire was brought under control, four people — Daulat Ram and his three daughters — were rushed to the hospital, where the three girls were declared dead on arrival," DCP Singh said.

Ram suffered around 60% burns and was referred to Safdarjung Hospital in Delhi. He is currently in the intensive care unit (ICU) while his wife, Meenu, sustained minor burns to her hands and legs," the officer said.

Suneel (goes by one name), a neighbour said that he woke up to Meenu's cries.

"We saw huge flames leaping from their house. We rushed with water cans and tried our best to douse the fire, until the fire tenders came," he said.

Amit Kumar, station house officer of the Phase 1 police station, said while Ram and Meenu were sleeping next to the main door of the house on a mat, the three girls were sleeping on the bed, beside which the e-rickshaw battery was kept.

"When the fire broke out, Ram immediately rushed his wife downstairs as they were near the door. He rushed back up to save his daughters and sustained severe burns in the process. Two of the girls died on the spot, while the third was breathing when police rescued her. However, doctors declared her brought dead," said SHO Kumar.

Noida chief fire officer Pradeep Kumar Chaubey said while the exact cause of the fire is yet to be ascertained, it is suspected that a short circuit led to the fire.

"Ram told officials that he was not charging the e-rickshaw battery. Hence, we believe that the other appliances may have caused a short-circuit," said Chaubey.

The SHO said, "No complaint has been received in the matter. The girls' autopsies were carried out following which the bodies were handed over to the family. Daulat Ram is still under treatment."

Girl, 15, killed after she is caught in machine while making momos

Jignasa Sinha
letters@hindustantimes.com

COPS SUSPECT HER HAIR GOT CAUGHT, AND TRYING TO FREE HERSELF, HER HAND ALSO GOT ENTANGLED INTO DOUGH KNEADING MACHINERY

NEW DELHI: A 15-year-old girl working at a restaurant in Rohini, northwest Delhi, died while she was preparing momos after she was accidentally pulled into a dough-kneading machine, police officers aware of the matter said on Wednesday.

According to investigators, restaurant owner Rajesh Kumar hired the girl as a cook and helper around three years ago.

Police said the incident occurred on Tuesday evening at A1 restaurant in Rohini's Naveen Vihar neighbourhood. Investigators probing the case said that the freak accident occurred while the girl was using the machine — they suspect that at first, her hair got caught in the apparatus, and while she was trying to free herself, her hand also got entangled, and she was pulled into the appliance, which crushed her head.

Police said the girl was alone in the kitchen at the time of the incident, adding that Kumar has been arrested.

The incident came to light when residents of Naveen Vihar called the police control room at 7.18pm, stating that a minor had died at a restaurant.

"A police team immediately reached the spot. A girl was found trapped inside a kneading machine. She was unresponsive and was rushed to a nearby hospital, where she was declared brought dead by the doctors," deputy commissioner of police (Rohini) GS Sidhu said.

Sidhu said Kumar was booked under sections of the Juvenile Justice Act, as well under Bharatiya Nyaya Sanhita (BNS) sections pertaining to causing death by negligence and negligent conduct with respect to machinery.

Police said they are also probing how Kumar was able to employ a minor, and are checking the state of the machinery used in the kitchen.

{ ROAD RAGE }

Woman killed as man shoots her from atop NE Delhi flyover

HT Correspondent
letters@hindustantimes.com

VICTIM SUSTAINED A SINGLE BULLET WOUND TO THE BASE OF HER NECK AND DIED ON THE SPOT, POLICE SAID

NEW DELHI: A 30-year-old woman was killed after a man fired at her from atop the Gokalpuri flyover following an argument with her husband, on the Wazirabad Road, northeast Delhi, on Wednesday afternoon.

The victim was identified as Simranjeet Kaur. Kaur was travelling on a bike with her husband and two minor children when their two-wheeler brushed against that of the accused, police said.

DCP (northeast) Joy N Tirkey said: "Kaur's husband, Heera Singh, 40, was riding the bike when it accidentally brushed against another man's two-wheeler. Singh had a spat with the two-wheeler rider. He then took a left and was driving under the flyover while the accused rode towards the flyover. They continued hurling abuses at each other." Soon, the accused fired a gun from the top of the flyover, which hit Kaur, killing her on the spot.

Police said a PCR call was made around 3.15pm by the husband of the woman. Kaur sustained a single bullet wound to the base of her neck. The accused had allegedly fired from a moving vehicle.

Singh works as a supervisor at the Balaji Hospital in Sarai Kale Khan. According to his statement to the police, the couple was going to a bank from their home in Bhalswa dairy. They were accompanied by their two sons aged 12 and four. "Singh took his wife to GTB hospital from the spot with the help of an e-rickshaw driver but she was declared dead on arrival," Tirkey added. Police said a case of murder has been registered and CCTVs are being scanned to trace the route taken by the accused.

Patients at AIIMS to get waiting lounge

Rhythma Kaul
letters@hindustantimes.com

NEW DELHI: The All India Institute of Medical Sciences (AIIMS), New Delhi is set to construct a waiting lounge for patients and their attendants on the lines of traveller lounges at India's airports, people aware of the matter said on Wednesday, adding that the move will be a first for a public health facility in the country.

As part of the proposal, the premier Centre-run hospital last week signed a memorandum of understanding with Airport Authority of India (AAI), which will construct the lounge under its corporate social responsibility (CSR) programme.

"AAI will build the lounge for us underneath a parking lot, and they have assured us that it will meet international standards like lounges at airports. It will be built under their CSR programme," said Dr Rima Dada, media and communications in-charge, AIIMS-Delhi.

The facility will come up near the South Extension exit gate, opposite the teaching block of the main AIIMS campus. The lounge is expected to be ready in three months.

According to the proposal, the lounge will have a seating capacity of 500 people, and a floating crowd capacity of 5,000. People using the lounge will not have to pay for waiting, while the food will be available at nominal rates, hospital authorities said.

CIRCULAR ISSUED FOR BUILDING SAFETY NORMS IN DELHI SCHOOLS

NEW DELHI: The Directorate of Education of the Delhi government issued guidelines to all government and private schools on Wednesday to ensure their building structures met safety norms — after three students lost their lives after being trapped in a waterlogged basement in Old Rajendra Nagar on Saturday night.

"... The basements, if any in school buildings, shall be used only for permissible activities as per provisions of the Master Plan. All gates of the school buildings shall be functional and open for entry & exit. The access to the basement shall be properly marked and clearly indicated in the school evacuation plan. All the corridors shall be free from obstructions at all times," the circular said.

It also directed the schools to ensure no water is accumulated on the premises. "School corridors and staircases shall be regularly checked for water accumulation. Electrical wirings shall be checked and all safety norms be followed," the circular added. HTC

DELHI COURT EXTENDS JUDICIAL CUSTODY OF SISODIA, KEJRIWAL

NEW DELHI: A Delhi court on Wednesday extended the judicial custody of former deputy chief minister Manish Sisodia, Bharat Rashtra Samithi (BRS) leader K Kavitha, and other accused in the case registered by the Central Bureau of Investigation (CBI) concerning alleged irregularities in the formation and implementation of the now-scrapped Delhi Liquor Excise Policy 2021-22. Special judge Kaveri Baweja extended their judicial custody until August 9 during a virtual conference.

Additionally, the court extended the judicial custody of Delhi chief minister Arvind Kejriwal, Sisodia, Kavitha, and other accused in the parallel money laundering case registered by the Enforcement Directorate (ED) until August 13. Kejriwal's judicial custody in the CBI case, extended by the court on July 25, is set to end on August 8. HTC

INFORMATION REGARDING 26th ANNUAL GENERAL MEETING

1. Twenty-sixth Annual General Meeting of the Company ("26th AGM") is scheduled to be held on Friday, 6th September 2024 at 3:30 P. M. (IST), through Video Conferencing ("VC") / Other Audio Visual Means ("OAVM") facility without the physical presence of the Members at a common venue in compliance with the applicable provisions of the Companies Act, 2013 and Rules made thereunder read with General Circulars No. 14/2020 dated April 08, 2020, 17/2020 dated April 13, 2020, 20/2020 dated May 5, 2020, 02/2021 dated January 13, 2021, 2/2022 dated May 5, 2022, 11/2022 dated December 28, 2022, 09/2023 dated September 25, 2023 and other applicable circulars, if any, issued by the Ministry of Corporate Affairs ("MCA") and circular no. SEBI/HO/CFD-POD-2/P/CIR/2023/167 dated 7th October 2023 issued by the Securities and Exchange Board of India (SEBI) (collectively referred to as "relevant circulars"). The venue of the meeting shall be deemed to be the Registered Office of the company.

2. In compliance with the relevant circulars, the Notice of the 26th AGM and Annual Report including the audited standalone and consolidated financial statements for the financial year 2023-24 together with the Reports of Directors and Auditors' thereon and other documents required to be attached thereto, will be sent to all the Members of the Company whose email addresses are registered with the Company / Registrar and Share Transfer Agent (RTA) / Depository Participant(s). The aforesaid documents will also be available on the Company's website at https://www.petronetlng.in and on the website of the Stock Exchanges where shares of the Company are listed i.e. BSE Limited and National Stock Exchange of India Limited at https://www.bseindia.com and https://www.nseindia.com, respectively, and on the website of Company's Registrar and Transfer Agent i.e Bigshare Services Pvt. Ltd. ("Bigshare") at https://www.bigshareonline.com.

3. Since the present AGM is being held through Video Conferencing ("VC") / Other Audio-Visual Means ("OAVM") facility pursuant to MCA Circulars, the facility to appoint proxies by the Members will not be available.

4. **Manner of registering / updating email addresses:**

(a) Members holding shares in physical mode, who have not registered / updated their email addresses with the Company, are requested to register / update the same by sending duly filled Form ISR-1 to the Company's Registrar and Transfer Agent i.e. Bigshare Services Pvt. Ltd. ("Bigshare") at the address mentioned in this notice. Form ISR-1 is available at https://www.petronetlng.in under Investor Centre – Norms for processing investor's services request by RTA and related forms.

(b) Members holding shares in dematerialised mode, who have not registered / updated their email addresses, are requested to register / update their email addresses with the Depository Participants with whom they maintain their demat account. Further, the Company has provided the said facility to the shareholders through the depositories i.e. NSDL and CDSL under which respective depositories has sent SMS, to the shareholders whose emails are not registered, with a link having a facility for shareholders to update their email address upon verification of OTP.

5. **Manner of casting vote(s) through e-voting:**

(a) Members will have an opportunity to cast their vote(s) on the business as shall be set out in the Notice of 26th AGM through electronic voting system ("e-voting").
(b) The manner of voting remotely ("remote e-voting") by members holding shares in dematerialised mode, physical mode and for members who have not registered their email addresses will be provided in the Notice of 26th AGM. The details will also be available on the website of the Company at https://www.petronetlng.in.
(c) The facility for voting through electronic voting system will also be made available at 26th AGM ("Insta Poll") and Members attending 26th AGM who have not cast their vote(s) by remote e-voting will be able to vote at 26th AGM electronically. The Members who have cast their votes by remote e-voting prior to the AGM may also attend/participate in the AGM through Video Conferencing ("VC") / Other Audio-Visual Means ("OAVM") but shall not be able to cast their vote again.
(d) The login credentials for casting votes through e-voting shall be made available to the Members through email. Members who do not receive email or whose email addresses are not registered with the Company / RTA / Depository Participant(s), may generate login credentials by following instructions given in the Notes to Notice of 26th AGM.
(e) The same login credentials may also be used for attending 26th AGM through VC / OAVM.

6. **Record Date for Dividend and payment thereof:**

(a) The Company has fixed **Friday, 12th July 2024 as the 'Record Date'** for determining entitlement of Members to final dividend for FY 2023-24 ("Dividend"), as recommended by the Board of Directors of the Company.
(b) Subject to approval of the Members at 26th AGM, the Dividend shall be payable within thirty days of declaration at 26th AGM to the Members whose names appear on the Company's Register of Members as on the Record Date in respect of shares held in physical mode and in respect of the shares held in dematerialised mode, to the Members whose names are furnished by National Securities Depository Limited and Central Depository Services (India) Limited as beneficial owners as on the Record Date.
(c) The dividend shall be paid through electronic mode to the Members, in case of shares held in dematerialized mode, who have updated their bank account details with their respective depository participants.
(d) The dividend to shareholders, holding shares in physical mode, shall be paid only through electronic mode. Such payment shall be made only after furnishing the PAN, choice of nomination, contact details including mobile number, bank account details and specimen signature.
(e) Payment of dividend will be subject to deduction of tax at source (TDS) at applicable rates.
(f) Communication regarding TDS is being sent to the shareholders. Detailed circular containing the category-wise tax deduction rate, applicability of exemption, documents / forms required for availing the exemption, manner and timeline of submission of document/form is available at the website of the Company i.e. https://petronetlng.in/tds_info.php
(g) Kindly note that the documents / forms duly filled and signed can be sent by the shareholders directly to the Email ID: tds@bigshareonline.com and no communication / documents on the tax determination / deduction shall be considered post 11:59 PM (IST) of **Sunday, 18th August, 2024**.

7. **Manner of registering mandate for receiving Dividend:**

Members are requested to register / update their details:

(a) with their Depository Participant(s) ("DP") with whom they maintain their demat accounts, if shares are held in dematerialised mode, by submitting the requisite documents and
(b) with our Registrar and Transfer Agent i.e. Bigshare Services Pvt. Ltd., if shares are held in physical mode by sending duly filled Form ISR-1 to the Company's Registrar and Transfer Agent i.e. Bigshare Services Pvt. Ltd. ("Bigshare"). Form ISR-1 is available at https://www.petronetlng.in under Investor Centre – Norms for processing investor's services request by RTA and related forms. The form along with requisite documents is required to be submitted in original to the RTA's address at Office No. S6-2 6th Floor, Pinnacle Business Park, Next to Ahura Centre, Mahakali Caves Road, Andheri (E) Mumbai – 400093.

8. **Members are requested to carefully read all the Notes set out in the Notice of 26th AGM and in particular, instructions for joining 26th AGM, manner of casting vote through remote e-voting or through Insta Poll during the AGM.**

The ecosystem that feeds on aspiration

What started in the 1990s as a few coaching institutes kicked off a trend that led to dawn of a profit-hungry industrial complex feeding on dreams of millions

Paras Singh
htreporters@hindustantimes.com

NEW DELHI: A rickety staircase leads down to a cramped room within the basement of a four-storey building in South Delhi's Kalu Sarai. Nearly a dozen students are attending a class in a room with no windows, preparing for their IIT-JEE exams. The houses in this lane are so cramped that even sunlight barely makes it through the narrow gaps between the buildings. Low-hanging electricity wires hover barely a few inches above the heads of pedestrians packed into the lanes.

This is one of the 40 estimated coaching centres located in Kalu Sarai, the epicentre for coaching centres that draw IIT aspirants by the thousands.

The first coaching centres in Kalu Sarai were set up in the early 1990s. The first growth phase came in early 2000s with the start of centralised exams, leading to the creation of a parallel education system that offered a fast-track to prosperity for million by clearing competitive professional exams. Since then, they have grown rapidly, creating an ecosystem that feeds and feeds off anyone who is part of India's unforgiving universe of competitive exams. There are hundreds of buildings offering paying guest (better known as PG) accommodation, book shops, home-cooked meals, and restaurants that offer tiffin services.

PICK OF THE DAY

The 14th century village may have been among the first areas in Delhi to emerge a coaching hub, but the model has since been replicated across several others, with one constant. Regulations on infrastructure, fees, and protecting the rights of students are either non-existent or ambiguous.

Coaching centres themselves are allowed under Delhi's Master Plan, but the Municipal Corporation of Delhi (MCD) does not issue any trade licence for them, according to a senior MCD official (and simply because they do not need one). "The entire industry remains largely unregulated," said the official, who did not wish to be named.

The only rules they are required to follow are all related to buildings, not trade. They include payment of conversion charges, parking charges, conformation to building byelaws, development control norms and approvals from statutory bodies like fire services.

An expansion, but without any clear norms

Last year, a massive blaze at a coaching centre in Mukherjee Nagar created widespread outrage when videos of students rappelling down from the windows in an effort to save their lives were published, prompting the Delhi high court to take suo motu cognisance of the matter. In a status report filed in this matter, Delhi Police had informed the high court in July 2023 that of the 583 coaching institutes running in Delhi, only 67 possessed no-objection certificates (NOC) from the Delhi Fire Services.

But even that number is far from accurate.

Industry insiders put the number of such coaching centres at least 4,000-5,000 in the city. And even this number is likely to be an underestimate as it does not include smaller tuition centres and people running coaching classes in their homes. The floating population of students that patronise these centres and tutors is estimated at anything between 500,000 and a million.

For context, India's unofficial coaching capital – Kota – caters to around 150,000 students.

Keshav Aggarwal, president, Educators' Society, an association representing coaching centres, said: "The real growth came after 2007 when MPD (master plan Delhi) 2021 came out and coaching centres were permitted under mixed land use provisions" He admitted that the rules and infrastructure requirements for these remained unclear, leading to "unplanned growth."

A person who runs a coaching centre, said on condition of anonymity that all that MCD requires is a ₹500 registration fee and parking and conversion charges.

"The industry largely remains unregulated with no clear set of rules. Every government department tries to pass on the responsibility. MCD is willing to take lakhs of rupees in conversion charges, but does not provide any conclusive proof of legitimacy," this person added.

People walk past boards of coaching centres in Laxmi Nagar. HT FILE

Under Clause 15.7.3 of the Master Plan of Delhi 2021, coaching centres and tuition centres are permissible up to two-thirds of the maximum permissible floor-area ratio (FAR) of the plot size, up to a maximum of 500 sqm built up area.

MCD officials said that tuition centres for school children are permitted in the ground floor of group housing societies up to a maximum floor area of 100 sqm or 50% of the floor area of the flat.

The latest push in expansion of coaching units in the city came after the Covid-19 pandemic.

During the pandemic, there was massive demand for digital coaching centres — leading to the emergence of celebrity tutors, a phenomenon fuelled by social media platforms.

After the pandemic, many of these people sought to leverage their celebrity, setting up coaching centres on their terraces, or basements. In the aftermath of the July 28 tragedy, MCD has so far sealed 28 basements where coaching centres were being run. One such sealed basement was being used by Drishti IAS, a popular UPSC exam coaching institute, MCD has said in an official statement.

Vikas Divyakirti, who runs Drishti IAS institute, said in a statement that the problem related to coaching institutes is not as simple as it appears.

"It has many aspects which are due to the ambiguity and contradiction of laws. There is inconsistency in the rules of DDA, MCD and Delhi Fire Department. Similarly, there is a lot of contradiction in the provisions of 'Master Plan of Delhi 2021', 'National Building Code', 'Delhi Fire Service Rules' and 'Unified Building Bye Laws'. Except 'Master Plan of Delhi 2021', no document has clear provisions for coaching institutes. We are hopeful that when the committee appointed by the Union home ministry submits its report in a month, most of the above-mentioned points will be resolved," Diyvakirti added.

His reference is to the committee set up by the Union home ministry on July 29 to investigate the Old Rajendra Nagar case. In addition, on Wednesday, the Delhi government said it would come up with a law for coaching centres. Divyakirti said that one solution is for the government to identify a handful of areas in Delhi and designate them specifically for coaching institutes.

Aggarwal said that certain clauses such as fire safety NOC end up being tricky to implement for coaching centres as they only operate on a few floors, or parts of a building and often don't own the structure outright. "For structural changes to items like staircases, one needs to have complete ownership of a building."

He added that the smaller tuition centres meant for students in residential localities need to be separately defined with number of students and space requirements. "The larger centres with hundreds of students may need separate regulations. It should be clearly defined on how these units can be run, space, area," he added.

Unending profit, and unending demand

MCD commissioner Ashwani Kumar on Tuesday said that there is a huge demand for coaching and that many students from other regions come to Delhi to study in these centres.

"We should also identify space for people to open coaching centres legally and formally where all services are provided. It is a requirement of the city so that illegality can be prevented."

AK Jain, former commissioner (planning), Delhi Development Authority (DDA), who worked on the MPD-2021 said that the mushrooming of such dangerous units has been spurred by high profit margins and lack of any enforcement.

"MPD 2021 tried to regulate this activity. Coaching centres were not allowed even on mixed land use streets till 2006. The first time such units were permitted was in February 2007, but with very specific conditions like 18m wide road, approved building plans, a minimum 200sqm plot payment of conversions charges among others," he added.

But regulations and the law can go only that far in an ecosystem where supply far exceeds demand, forcing students to seek out any advantage they can access and which is within their means to do well in exams that often offer them (and their families) an opportunity to change their fortunes.

Sumit Saurabh, a 29-year-old who moved to Delhi from Kaimur in Bihar in 2023, said that the students who attend these classes are generally left with no option but to stay in the area and around to be able to cut transportation cost, adding that a major chunk of their expenses are consumed by the exorbitant fees charged by the coaching institutes.

"Most of us spend years here, and our parents fund our education. If we spend on transportation, where will we go? That's the reason we compromise on our living conditions," he said, adding that they have no option but to sit in whatever classes they get allotted.

Another aspirant Abhishek (single name), 29, said that he eats outside every day because the food offered by his PG owners is "inedible" and pays ₹18,000 for a bed and a small study table in Old Rajendra Nagar.

"This is how everyone who comes here lives. With lack of options. The incident is extremely unfortunate but we hope that the students' deaths remind the authorities that they need to act," he said.

Students also recalled incidents where they were packed heavily inside classrooms at these institutes.

Satyam Pandey, 26, who had come from Kannauj in Uttar Pradesh to Delhi in 2020, narrated how he attended classes in a reputed institute with more than 1,000 students in a class.

"The teachers for whom we come here don't even know who we are. There are between 500 and 1,000 students in a class. It's just that they know the subjects so well that we feel it'll help us. And another aspect is that not only libraries are running in the basement, even classes are taken there," he said.

Atishi: Will bring in law to regulate coaching centres

Alok KN Mishra
letters@hindustantimes.com

NEW DELHI: The Delhi government will pass a law to regulate coaching centres in the Capital, specifying requirements such as mandatory infrastructure, qualifications of the teachers, and fees, education minister Atishi announced on Wednesday, four days after the death of three students in the basement of a coaching institute after they drowned when it was flooded because of a local downpour.

"Coaching industry is spread across country, but no central law has been made yet to regulate them...Delhi government will not wait for central government to make law, Delhi government will bring a law to regulate coaching centres on the line of laws which regulate private schools, private hospitals and nursing homes. The Delhi government will bring Coaching Institutes Regulation Act to regulate all coaching centres running in Delhi for any exams. It will be part of a long term solution," Atishi said at a press conference at Delhi secretariat.

To be sure, education is on the concurrent list of the constitution , which means both the Centre and the states can make laws on it.

"The law will set the guidelines related to minimum infrastructure requirement. The qualifications of the teachers will be specified. The coaching fees will also be regulated. They will be stopped from issuing misleading advertisements. The process to regulate coaching centres will not be a one time process, but regular inspections will be done," the minister added.

In the recent incident of the drowning deaths, it emerged that Rau's IAS Circle, which ran the centre, was using a basement meant for storage and parking as a library.

The Delhi government is likely to form a committee to draft the bill which will ultimately go into the making of the law. The committee will include officials from the Delhi government, the Municipal Corporation of Delhi, and the fire department, and students. The higher education department of the Delhi government will draft the bill.

The minister ruled out consultation with the owners of the coaching centres at this time and said legal action should be taken against those who have violated laws. "It is time to take legal action against the owners of these coaching institutes and MCD is also taking action. Their basements are being sealed. I am appealing to the people responsible for law and order in Delhi to take criminal action against the owners of these coaching centres," said Atishi.

Law and order in the UT of Delhi comes under the Union government, through the lieutenant governor.

Although not talked about as a coaching hub in the same context as Kota and Sikar, Delhi, is, in fact, bigger, with tens of thousands of students from different parts of the country coming to the Capital every year to prepare for UPSC, banking, and CA exams among others. Neighbourhoods such as Rajendra Nagar, where the drowning incident happened, Mukherjee Nagar, Preet Vihar, and Laxmi Nagar have emerged hubs for the coaching business.

The minister released an email ID (coaching.law.feedback@gmail.com) and urged people to share feedback which can be considered in the drafting of the bill. Atishi, her fellow ministers Saurabh Bharadwaj and Gopal Rai, mayor Shelly Oberoi, and Delhi government officers met with a group of UPSC aspirants in Delhi secretariat on Wednesday afternoon.

"...today we listened to the problems of the students and took their feedback... Students have put forward many issues before us such as those related to infrastructure and fees... We have assured the students that a solution will definitely be found," Atishi said after the meeting.

Since Saturday's drowning, MCD sealed basements of 30 coaching institutes and issued notices to 200 for violations, said Oberoi.

Delhi BJP president Virendra Sachdeva asked why the AAP government did not bother to come up with such a law over the past 10 years. "Even after four days of the Rajendra Nagar incident, not a single minister of the AAP government has dared to go there. Those who are talking about bringing the Coaching Act today should know that this should have been done 10 years ago." The BJP leader claimed that AAP leaders were just trying to avoid taking responsibility for the incident.

The road in front of Rau's IAS Study Circle was again completely flooded on Wednesday. PTI

Key issues to be addressed

DETAILED LAWS REQUIRED TO COMBAT PROBLEM
- A law that details parking norms for coaching centres
- Institutes should only operate in commercial areas
- Empower the stakeholders like market associations, RWAs

— **ATUL GOYAL**, chief of URJA, an umbrella body of RWAs

A STATUTORY BODY TO MAINTAIN RECORDS OF CENTRES
- Set up a body that will register coaching centres
- Standardisation of syllabus, teachers, fees
- Divide role of civic bodies, fix responsibilty to establish clear accountability

— **PS UTTARWAR,** retired additional commissioner of DDA

REGISTER INSTITUTES, CLARIFY CATEGORIES
- Clarify categories of coaching centres
- Civic authorities should monitor structural requirements
- Zones should be created where big institutes can operate

— **KESHAV AGGARWAL**, president of coaching centres body

REGULATION OF RENT, BROKERAGE
- There is a nexus of brokers, PG accommodation owners who exploit students. We need rules and regulations for this
- Check on civic issues like flooding, naked wires
- A nodal officer/helpline to address issues of the students — like harassment by PG owners; libraries and institutes taking more students than they should

— **AVLOKIT MISHRA,** 30, UPSC aspirant

MCD ADMITS TO WATERLOGGING FAULT; PROTEST ENTERS DAY 4

Hemani Bhandari
hemani.bhandari@hindustantimes.com

NEW DELHI: The additional commissioner of the Municipal Corporation of Delhi (MCD), Tariq Thomas, on Wednesday, met students protesting near Rau's IAS Study Circle in the morning and admitted the agency was at fault for waterlogging in the area, which subsequently degenerated into a sequence of events that led to the death of three students in a basement.

"It's a failure for us as officers that this incident has happened... We should have done our duty better, there is no excuse... There are serious structural issues which need to be addressed," Thomas said, after which students who were on hunger strike since Wednesday midnight agreed to have water.

A 25-member delegation of students then went to meet the MCD commissioner to share their short and long-term demands. Meanwhile, police removed most of the protesters from the spot, but they reconvened around 3pm as they were not happy with the outcome of the meeting with the MCD chief.

Avlokit Mishra, a 30-year-old aspirant who came from Bihar and was part of the delegation that went to meet the MCD commissioner, said that they had mixed feelings about the outcome of the meeting because "there were several assurances and we were patiently heard, but there were no promises."

"We demanded action on the waterlogging issue and they said that work was in process, but no time frame was given. We shared about the issue of loose wires in the area and were told that they'll work on it, but no solution was talked about. We were assured that they'll look into the nexus of brokers," Mishra said.

MCD, in a release, said the commissioner met the delegation and assured to resolve students' grievances.

Classes suspended

Coaching centres in the area announced that classes will be suspended at least till August 3.

"Some smaller centres are running classes online and have opened one of three-four centres for students who have to appear for the exams in September, but most are shut. It impacts our schedule but at the moment, this is important," Ankit Jaiswal, 23, who came from Jaipur, said.

{ BASEMENT INSPECTION } LESS THAN A MONTH BEFORE TRAGEDY

DFS officials spotted books, shelves, but 'missed' library

HT Correspondent
htreporters@hindustantimes.com

NEW DELHI: On July 1, fewer than four weeks days before three students were tragically killed after a basement at Rau's IAS Study Circle in Old Rajendra Nagar flooded, a team of two senior officials from the Delhi Fire Services (DFS) visited the coaching centre's basement. However, despite the basement being packed with books, bookshelves, tables, and chairs, the team was unable to comprehend that the space was being used to run an illegal library for over a year, said three officials aware of the investigations.

ONE OF THE TWO INSPECTING OFFICERS SAID HE NOTICED TABLES, CHAIRS, BUT SINCE THE VISIT WAS IN THE MORNING, THERE WERE NO STUDENTS THERE

Finally, on July 9, the team issued a "fire safety certificate", valid for three years, for the building housing the centre – granting legal status to the illegal library, which was in violation of DFS' own statutes. However, the certificate, a copy of which HT has accessed, clearly declares that the building complied with all fire prevention and fire safety requirements in accordance with rules laid down by DFS.

So how did the two officials – divisional officer (DO) Vedpal, and assistant divisional officer (ADO) Udai Vir Singh – miss something so glaringly obvious?

Form H of DFS, which is used to issue fire safety certificates, contained the signature of both the inspecting officers along with some other senior fire officials.

DFS director Atul Garg is the final signing authority in the fire safety certificate issued on July 9.

When asked about their lapses, one of the two officers said he noticed tables, chairs and books, but since their visit was early in the morning, there were no students.

ADO Udai Vir Singh said that the inspection was carried out to check the firefighting arrangements installed in the building as per their recommendations and identify the shortcomings, if there were any. "We found tables, chairs and books lying in the basement of the multi-storeyed coaching institute building. Since we were there in the morning, no students were present in the basement... We did not find any normal library or digital-like setup such as a librarian who issues books to students, study cabins, or computers," said ADO Singh.

DO Vedpal refused to comment when approached by HT.

Another senior fire official, who did not want to be named, said that when the representatives of the coaching institute approached DFS for obtaining the no-objection certificate, the department recommended fire safety arrangements of the "highest category" because they had mentioned that the basement would be used for "storage".

"If they (the institute) had told us they were using the basement for running a library, we would have recommended firefighting arrangements of the medium category such as no provision for having a separate water pump in the basement and multiple sprinklers," the second official said.

A third fire official, who also requested anonymity, said during the inspection, an official from the building, Ashok Narang, was present but did not inform the them that the basement was being used as a library or study.

HT sent an email to Rau's IAS Study Circle on their official email address, seeking their response to the allegations. However, no response was received till 7.30 pm.

Students at the coaching centre, however, say the library was functional for at least a year before the inspecting team arrived there.

A 28-year-old student of Rau's, who did not wish to be identified, said that the library had been running for the last one year. "There were chairs and tables put in the basement and there were study materials as well. There were no fixed seats or cubicles like in other libraries, but students of only our institute would come there daily and study till 7pm," he said.

Norms for coaching centres on LG committee's agenda

Snehil Sinha
snehil.sinha@hindustantimes.com

NEW DELHI: Lieutenant governor (LG) VK Saxena on Wednesday constituted a committee to look into the operation and regulation of coaching centres in Delhi, according to officials with the LG secretariat. Saxena directed the body, headed by the chief secretary (CS) of Delhi, to set up coaching hubs, develop guidelines for operating coaching centres and shut teaching and library facilities in basements.

The work will be reviewed in a fortnight, officials said.

According to a letter issued by the LG secretariat, the CS will formulate guidelines in line with those framed by the Government of India in January. While guidelines were sent to all states for implementation, no action was taken in Delhi, the letter said.

"CS will head a committee comprising 5-6 representatives of coaching institutions, representatives of students and officials. It will comprehensively address all the issues of regulation, exorbitant rental by landlords, fire clearances, desilting of drains and other needs of students. The committee shall prepare long-term and short-term action plans for gradually shifting coaching institutes to a well-planned area," the letter said.

The LG secretariat directed the vice-chairman of the Delhi Development Authority to facilitate site visits for representatives of institutes at Narela and Rohini, as a first step towards establishing an education hub.

The LG directed the setting up of a portal, with Aadhaar-based credentials, of all coaching institutes and students enrolled with them. An official with the LG's office said that the police commissioner was directed to immediately crack down on landlords and brokers charging exorbitant rentals in student hubs.

HC ON DROWNINGS

the deputy commissioner of police (DCP) concerned, and the MCD commissioner with all relevant files on August 2, the court emphasised the need to fix responsibility for the investigation and suggested that it be placed under a statutory mechanism.

The court's intervention came at a time when the conflict between the lieutenant governor and the Delhi government over who controls the Capital's administrative machinery is at a boiling point. The coaching centre tragedy has only intensified the political blame game, with each side accusing the other of negligence while the city's administration apparently remains paralysed by the ongoing power struggle between LG VK Saxena and the Aam Aadmi Party (AAP) government.

"There is some sort of strange investigation which is going on. It is being done in a very strange manner. No MCD officials have been hauled up till now. Has he [the investigating officer] investigated the role of the MCD officer? Unauthorised construction happens in collusion with the police. How come there was so much water over there? Delhi Police have arrested some bystander, a driver who was driving a car there. The police officers who are investigating the same, what are they doing?" the court remarked to the MCD's counsel, Manu Chaturvedi.

The bench further warned that if responsibility was not properly assigned, they would have no choice but to transfer it to a central agency. "The responsibility of the investigation needs to be fixed. If it is not, then we will transfer the investigation under some central agency. We will either bring it under the Central Vigilance Commission Act or the Lokpal. We would like it to be done under some statutory mechanism. We will pass a straight order over there, fixing responsibility in this case. This is a serious incident. It is infrastructure breakdown at the larger level. First, it's a case of negligence," it said.

The court was responding to a plea filed by advocate Rudra Vikram Singh, representing Kutumb, a social organisation, seeking a high-level committee to probe the incident. The petition highlighted the dire living conditions of students around coaching institutes, describing them as a "living hell," and alleged widespread illegal commercial activities in residential areas of Delhi, enabled by bribes and corruption within the MCD, Delhi Development Authority (DDA) and the Delhi government.

During the hearing, MCD's counsel defended the corporation by noting that six officials, including a junior engineer responsible for the area, had been suspended. However, the court was unimpressed, criticising the MCD for only targeting junior officers while ignoring the responsibility of senior officials who oversee supervision.

"You have suspended the junior-most officer. What happens to the senior-most officer who has to supervise? The senior officers are not moving out of their AC offices. This is a case of neglect. It is a case of criminal neglect. We have MLAs, MLCs, but yet the conditions are so bad," the bench remarked.

The court also took aim at the Aam Aadmi Party (AAP)-led Delhi government, condemning it for prioritising freebies over essential infrastructure upgrades, particularly the city's drainage system, which has struggled to cope with the capital's burgeoning population.

"We are not prepared for anything, and our infrastructure cannot take care of anything. Population is touching 3.3 crore in the city when it had to accommodate 6-7 lakh people. Why was this century-old infra not upgraded in the first instance when you're liberalizing the bye-laws? You are permitting multi-storied buildings, but there is no proper drain. Your civic authorities are bankrupt. You want freebie culture. You're not collecting money, so you're not spending any money," it commented.

The bench directed the authorities to remove all encroachments from drains by August 2 and ordered MCD officials to conduct a site visit. "There is a fundamental malice over here... the physical, financial, and administrative infrastructure is not at par with the present day's need. There is a major disconnect. Today the planning is also extremely poor for whatever reason it is. From 1980 onwards, there has been no mention of drains. There is no master plan on drains. It is absolutely chaotic at the ground level," it lamented.

The incident occurred at 6.35pm on July 27 when rainwater filled the basement of the coaching centre. Although the police and fire department were alerted by 7:10pm, the situation required the intervention of an NDRF team, as divers were needed to reach the trapped students. The basement had been designated as a parking and storage area, but it was being used as a library, contrary to the building plan.

In the wake of the incident, several arrests were made, including the owner-cum-CEO of Rau's IAS Study Circle, Abhishek Gupta, and coordinator DP Singh, on charges of culpable homicide not amounting to murder. The police also arrested four other individuals, including the basement's owners and the driver of an SUV, whose actions allegedly worsened the situation. The SUV owner was arrested on Monday, as his vehicle allegedly created waves that caused the institute's gate to break and flood the basement.

Following the tragedy, multiple inquiries were launched by lieutenant governor VK Saxena, Delhi water minister Atishi, and the MCD. Delhi mayor Shelly Oberoi also ordered a crackdown on all coaching centres operating out of basements.

PARLIAMENT ROW

were expunged from Thakur's speech.

"On 30 July, 2024, certain objectionable remarks made by Shri Anurag Singh Thakur were expunged from the proceedings of the House by the Speaker, Lok Sabha. Relevant extracts from proceedings are enclosed," Channi said.

"It is, however, shocking to note that these expunged portions had been tweeted by the Prime Minister on X along with the video of the whole speech. In addition to this, other objectionable expunged words in the speech were also tweeted."

"In view of the foregoing, the Prime Minister's tweeting of remarks which had been expunged from the proceedings of Lok Sabha clearly amounts to a breach of privilege and contempt of the House. I, therefore, contemplate to move a privilege motion against Prime Minister and request you to please admit my motion...," Channi said.

Lok Sabha officials maintained that all such notices are examined by the Speaker who will decide if it should be forwarded to the privileges committee for enquiry.

To be sure, the Prime Minister tweeted Thakur's speech at 7.36pm on Tuesday, and references to Jawaharlal Nehru and words suggesting the Congress leaders misled the House were expunged by the Chair after 9pm. The reference to caste was not expunged.

The Lok Sabha was adjourned until 12pm on Wednesday after Opposition members demanded a caste census and protested Thakur's controversial remark the previous day.

Thakur on Tuesday attacked the Opposition saying that people whose caste is unknown were talking about the caste census. Leader of the Opposition Rahul Gandhi, who on Monday promised a caste census if INDIA group comes to power, reacted saying "whoever talks and fights for SCs, STs, OBCs will face such abuses. I gladly accept such abuse." As Congress leaders demanded his apology, Thakur clarified that he did not name anybody. Gandhi said, "Anurag Thakur has abused me and insulted me. But I do not want any apology from him."

Opposition members continued their protest on Wednesday, trooping into the Well of the House, raising slogans and holding placards. Responding to them during the question hour, Union minister for parliamentary affairs Kiren Rijiju said, "The Opposition and Rahul Gandhi rally about caste the whole day, but when we ask about their caste, they create issues."

Rijiju further alleged that the Congress is "weakening the morale" of the country by speaking against the army and "tarnishing" the democracy of India, and urged the Opposition to adhere to parliamentary rules.

Speaker Om Birla condemned the Opposition's actions and advised them not to display placards.

All the light we will no longer see

On the passing of three semal trees

{ PUBLIC INTEREST }

In other news, semal flowers will no longer be seen in this park. The little municipal garden in Hazrat Nizamuddin West is reeling under a gaping loss. A few days ago, at around 1pm, during a light shower accompanied by a moderate wind, a gigantic semal tree in the park fell. As it fell, it trampled upon two adjacent semal trees, causing them also to fall, a passerby says.

The secretive park lies in a corner of the posh neighbourhood, beside busy Mathura Road, and for a long time was among the best places in Delhi to enjoy the semal in bloom. During the months of March and April, when semal flowers start to show up across Delhi, the three trees in the park would dress up with hundreds of them. Their collective red would then be seen from afar, including by the hurry-hurry citizens walking along the Mathura Road paves. (Each time the adjacent traffic lights turned red, it would appear as if the lights were trying to mimic the red of the semals.)

Nobody was close to the trees the day they fell, says a guard whose cabin is just outside the park. During the next few days, while authorities were occupied with hauling away the fallen trees, some of the foliage lay abandoned by the roadside, the green leaves slowly browning.

This afternoon, nobody in the vicinity is able to pinpoint the exact age of the trees. One says: "more than 300 years old." One says: "very, very old." The venerable Rameshwar Arya, a shoemaker whose stall is outside the next park, says "the trees were already here when I first arrived more than 50 years ago."

This March, the park's semals were in full bloom. The ground was covered with flowers, making it impossible to discern that the park is actually without grass. Many semals that had detached themselves from the upper branches of their trees couldn't reach the ground, and were stuck on low-tiered branches. The flowers covered a shed of a neighbouring building. They lay atop the ledge of a boundary wall. At night, the park would look like a bed of smouldering coals—see photo.

As spring gave way to summer, the park was stripped of its red. But the trees remained dense with leaves, making it impossible for the harsh sun to penetrate through the thicket. Most afternoons the park would be empty except for a couple of peaceful community dogs enjoying the cooling shade. (The next-door Mother Dairy booth would see more humans.)

Now a great part of the park is exposed to the sky. It will be nice to lounge here in winter, and be directly under the soothing dhoop. When spring arrives, new semals will bloom across Delhi, but not here.

PS: The park still has two neem trees, and two circular groves of palm plants.

Invesco Mutual Fund

Witness a new era of growth opportunities.

Time to ride the manufacturing wave.

Invest in

Invesco India Manufacturing Fund

(An open ended equity scheme following manufacturing theme)

NFO NOW OPEN

Closes: 8 August, 2024

Self-reliance in Indian manufacturing, backed by favourable policies and initiatives has opened up one of the biggest opportunities for economic growth in the next few years. As global companies continue to embrace and set up base in India, it is soon emerging as a preferred manufacturing destination. Moreover, a strong emphasis on R&D and innovation, capex-led growth, key sector initiatives like 'Make in India', ease of doing business has put the sector on the fast track. Now aim to build wealth with India's manufacturing sector.

To invest, speak to your Mutual Fund Distributor or visit **invescomutualfund.com**

Call 1800 209 0007
SMS 'Invest to 56677

Follow us on

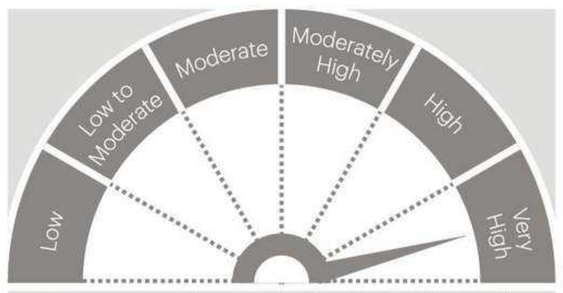
This product is suitable for investors who are seeking*:

- Capital appreciation over long term
- Investments predominantly in equity and equity related instruments of companies following manufacturing theme

***Investors should consult their financial advisers if in doubt about whether the product is suitable for them.**

Note: The product labelling assigned during the NFO is based on internal assessment of the Scheme characteristics or model portfolio and the same may vary post NFO when the actual investments are made.

RISKOMETER



Investors understand that their principal will be at Very High Risk

Mutual Fund investments are subject to market risks, read all scheme related documents carefully.

'We have lost 90% of villagers': Grief takes over remote town

Vishnu Varma
letters@hindustantimes.com

CHOORALMALA: On Wednesday afternoon, PK Ravindran surveyed the sight before him, a mixture of grief and disbelief. The Chooralmala he grew up in was green and pristine with undulating tea estates, the Iruvazhinju river gurgling past. Now, all that was before him was a brown postcard, most of the houses gone, swept away by a river in fury; a village that has ceased to exist. "We lost 90% of the people we knew in this village. It's like our world has been blanked out. People who were like family, people we met every day for tea, are all gone. I have lost my best friend," he said.

He watched somberly as army personnel battled the elements to set up a temporary bridge over the river, in a desperate attempt to create a sustainable path to the other side. As he did, he pointed to one section in the distance, now inundated with water.

"There used to be a Shiva temple there. It was quite big. Now, the temple and its priest are both missing. Towards the right, on the banks, there used to be a row of houses, both old and new. All those houses have been washed away. The government school we all studied in has been wrecked, half of its buildings gone. Chooralmala will never be the same again," the 52-year-old handicrafts businessman said.

A day after twin landslides within a span of three hours rocked Chooralmala and the adjoining settlements of Mundakkai and Attamala, these villages were unrecognisable. The Iruvazhinji river, a tributary of the Chaliyar, once a gentle stream, is now swollen and angry, split into two separate streams. Across its bed, making the trajectory of the water ever more unstable, were strewn large boulders, rocks and tree trunks. Most houses in Chooralmala, a village of around 1,000 people, have simply ceased to exist. Those that remain have sunk into the slushy earth.

On Wednesday, even as the incessant rain continued, earthmovers were at work around the houses that remained, trying to dig up bodies of those that may be buried within. On Tuesday, relief and rescue had focussed on the injured, officials said. On Wednesday, it was about finding the bodies of the dead. Bijeesh MP, a civil defence volunteer, said, "The possibility of finding people alive now is quite low. We are using earthmovers to break the rubble inside the houses and find bodies."

Even for those who survived, their lives are now full of haunting memories. Suresh S, who escaped because his house was a little distance away from the river, said, "My phone is filled with voice messages and cries of my friends who sent pleas of help. Their cries haunt me. We helped some people to safety that night. But the river made anything else difficult," he said.

Twenty kilometres away from the landslide site, at Aster Speciality Hospital Wayanad, 35-year-old Jaseela and her youngest daughter (3) also survived. But among those missing are her husband, two other children and her in-laws. Only the body of one daughter has been recovered. On Wednesday, when the child was buried, Jaseela was asked if she wanted to attend the funeral. She didn't. "I didn't want to see her scarred face."

Rescuers stand near a bridge that got washed away in Tuesday's landslides at Chooralmala, Wayanad district of Kerala, on Wednesday. AP

Health centre grapples with tragedy as bodies rushed in

Vishnu Varma
letters@hindustantimes.com

MEPPADI (WAYANAD): It is 3pm on Wednesday, and a voice ripples through the gathered crowd. "Move aside, there is an ambulance coming," says a policeman, shouting at the top of his voice. The gathered people, sombre but practiced, part quickly. The ambulance rushes into a single storey Family Health Centre (FHC) in Meppadi, 13 kilometres away from the landslide-hit villages of Chooralmala in Wayanad district of Kerala. For the past two days, the number of deceased have not stopped rising. And the ambulances keep coming.

Two days after multiple landslides hit Chooralmala and Mandukkai, leaving at last count 193 people dead, it is this small FHC that has become the main centre to receive, identify and store bodies brought from the devastation struck villages, including from Pothukkallu, where around 30 bodies were fished out from Chaliyar river further downstream.

There is now a morbid process in place. As policemen shout out instructions, ambulances scream into the compound every few minutes. Volunteers with stretchers take out bodies, shifting them to a hall where autopsies are conducted by doctors. The volume is far too high, and the arrangements are makeshift. The bodies are then washed and wrapped in white cloth, and placed on half-a-dozen wooden desks under a giant black tarpaulin sheet where families wait, hoping they will have the chance to identify them.

Two days have passed, and there are very few still alive being brought in. The only succour left is that they can at least take their remains home.

Volunteers and doctors jot details of the deceased such as their gender, possible age-group, jewellery and identification marks. If they are then identified by the waiting families, mobile freezers are brought in and they are ferried to their native villages.

If there are no claimants, the bodies are shifted to a community hall turned mortuary, about a 100 metres away, to be stored for the next hours, or even days.

On Wednesday afternoon, one of the bodies that arrived was small and frail — a little girl, the notes supposing she is less than 10-years-old. As families gathered around the wooden desk, volunteers in rain coats lifted the cloth to reveal her face. One woman murmured, "It's not her." Her face was covered again.

A little distance away from the community centre, Ratheesh and his friend stood patiently, waiting to receive word of the body of his 70-year-old paternal uncle Narendran, washed away in Chooralmala. "We know he's dead, but we haven't found his body. We found my aunt's body yesterday from near the house itself," he said.

Dr Ashika, a doctor from a private hospital in Kozhikode who has been deputed to the FHC to oversee the arrangements, told HT, "We are following a carefully-laid down protocol here. We are taking DNA samples from the bodies to help with identification. The bodies are in really bad shape. The process will only get tougher from here on."

{ HOUSE DISCUSSES TRAGEDY }

Kerala ignored alerts, says Shah; CM rebuts

HT Correspondents
letters@hindustantimes.com

NEW DELHI/THIRUVANANTHAPURAM: The Union government sent multiple alerts starting from July 23 to the Kerala government about a possible natural calamity due to heavy rainfall and even rushed nine teams of the National Disaster Response Force (NDRF) to the southern state but the Pinarayi Vijayan-led administration did not heed the advance warnings, Union home minister Amit Shah said in Parliament on Wednesday.

Shah's comments in Parliament came on a day the number of deaths caused by the series of landslides in Wayanad rose to 193.

Chief minister Vijayan refuted Shah's remarks and said no red alerts were sounded for Wayanad before the disaster struck. He also said that the India Meteorological Department (IMD)'s rainfall prediction for the district ahead of the tragedy was incorrect.

At least 193 people were killed after a series of landslides struck Wayanad following days of ceaseless rainfall. IMD predicted between 64mm and 200mm of rain on Monday and Tuesday but the region was pummeled by 572mm of rain during this period.

Replying to separate discussions on the calling attention motions in the Lok Sabha and the Rajya Sabha on the Wayanad tragedy, Shah dismissed the Opposition's claims that the loss of lives occurred due to a lack of early warning system for natural disasters, "I am raising this issue because questions have been raised over the Government of India's early warning system. There were accusations -- whether in the absence of information or what I do not know -- but I need to specify here through the House to the entire nation: they kept saying early warning, early warning.. .I would like to specify that on July 23, the Kerala government was given an early warning by the central government," he said.

Shah added that the state was first warned about heavy rains on July 23 and later on July 24 and 25. "On July 26 it was informed that there would be heavy rainfall of more than 20 centimetres, that there was a possibility of a landslide, that there could be a rush of mud and people could even die by getting buried beneath it," he said.

Taking a dig at the Opposition, the home minister said: "That is why I say, do not shout please listen to us, please read it. Read the warning that has been sent."

He said nine teams of NDRF were sent to Kerala through a special flight on July 23 and three battalions were sent on Tuesday. "The arrival of NDRF teams should have alerted the state government if they could not read the warnings," he said.

"I am being asked here, what did we do? May I ask what the Kerala government did? Were the people shifted or not, and if they were not shifted, then why?" he asked.

Shah also said the government spent ₹2,000 crore on the early warning system and that information was shared with states seven days before to any natural calamity. India is among four countries having a seven-day warning system, he said. The Modi government will stand by the people and the government of Kerala "like a rock", irrespective of party politics, he told the House.

Vijayan, however, hit back at Shah and said this was not the time for "blame game".

He said IMD only issued an orange alert in the district ahead of the landslides. "However, the district received over 500 millimeters of rainfall, which was much higher than what was predicted by the weather body," he told a press conference in Thiruvananthapuram. "A red alert was issued for the district only after the landslides hit on Tuesday morning." A red alert indicates heavy to extremely heavy rain of over 20 cm in 24 hours, while an orange alert means very heavy rain (6 cm or 60 mm to 20 cm or 200 mm).

Vijayan also said that from July 23 to 29, the Central Water Commission, which is responsible for issuing flood warnings, did not issue any warnings for either Iruvazhinji Puzha or Chaliyar rivers flowing through the affected areas.

"I am not blaming anyone. This is not the time for blame games. But, the Centre needs to understand that climate change has led to significant alterations in our environment and that we need to take proactive steps to address and adapt to these changes," he said.

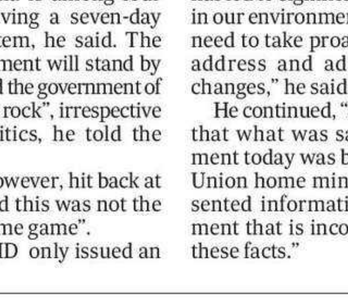
He continued, "So, we can see that what was said in Parliament today was baseless... The Union home minister has presented information in Parliament that is inconsistent with these facts."

Rahul urges Centre to look into 'ecological issue' in Wayanad

NEW DELHI: Leader of Opposition in Lok Sabha Rahul Gandhi on Wednesday urged the Centre to extend all possible help to the people of landslides-hit Wayanad and look into the "ecological issue" in the region.

Speaking during the Calling Attention Motion over the loss of lives and property due to landslides and floods in various parts of the country, Gandhi said a "huge tragedy" had taken place in Wayanad. "I think it is very important that we support the people of Wayanad, that we give them as much support as possible and I request the government to help the people of Wayanad in this difficult time," he said.

"I think it is the second time this tragedy has taken place; it took place five years ago and it is quite clear that this area has an ecological issue, so this should be looked into. Whatever high-tech solution can be brought forward, that would be good," he added. HTC



Erratic rain pattern, topography behind state's vulnerability to disasters

Jayashree Nandi
letters@hindustantimes.com

NEW DELHI: A day after landslides flattened settlements in Kerala's Wayanad, experts said the monsoon's changed character due to climate crisis has made several parts of the country susceptible to climate disasters, and Kerala especially so because of its unique location and topography.

A major reason for erratic rainfall is availability of a lot of moisture or water vapour due to warming of the sea surface. Increased water vapour is triggering erratic rainfall patterns. And the situation is made worse by poor planning and mindless development.

On July 30, in 24 hours till 8.30am, several parts of Kerala recorded extremely heavy rain (over 200 mm or 20 cm). For example, Vadakkancherry in Thrissur recorded 34 cm, Alathur in Palakkad recorded 30 cm, Vadakara in Kozhikode recorded 28 cm and Vyttiri in Waynad recorded 28 cm. But overall since June, Kerala has not had a great monsoon. As on July 30, Kerala had a 5% rain deficiency.

The immediate reason for continued heavy rainfall over Kerala in the last few days is an active offshore trough along the Kerala coast with a cyclonic circulation in the lower levels over the South-East Arabian Sea and adjoining Lakshadweep Islands off Kerala coast, the India Meteorological Department (IMD) explained. This, along with strong southwesterly/westerly winds (upto 45 kmph) along and off Kerala coast in the lower level of atmosphere, led to convergence of moist winds and orographic upliftment due to the Western Ghats.

A similar pattern of rainfall was recorded in 2019 and 2021, years when parts of Kerala recorded flash floods. Kerala has recorded severe flooding and landslides in 2018, 2019, 2021 and this year, in the past decade. There's no shortage of moisture.

"The moisture is supplied from the entire Arabian Sea, via the monsoon flow. Warmer seas lead to more moisture supply through evaporation. The monsoon moisture flow moves over hilly regions and gets uplifted, forming multicell clouds, leading to large amounts of rainfall," explained Roxy Mathew Koll, climate scientist at the Indian Institute of Tropical Meteorology.

"Warming produces more water vapour in the atmosphere and clouds develop higher. Thus, it leads to more intense rainfall," added M Rajeevan, former secretary, ministry of earth sciences and climate scientist.

Why is Kerala vulnerable?

The elevation in Kerala ranges from 48 metres (m) below sea level in the backwaters and other low lying areas to 2,692 m in the hills. Around 35% of Kerala's area has elevation of 0-50 m; 39.82% of the area, between 50-500 m ; and 24% above 500 m, as per KJ Ramesh, former director general of IMD based on data from the National Remote Sensing Centre.

The state has seen a very sharp increase in mean and maximum temperatures over all the districts the during monsoon season, as per trends since 1901 monitored by IMD Pune. This summer, Kerala recorded five heatwave days between April and June, unusual for a state which normally records moderate temperatures because of the coast.

The monsoon is also weakening over Kerala. Using data from 1901-2012, Koll's team at Indian Institute of Tropical Meteorology found the rainfall is decreasing over central South Asia – from south of Pakistan through central India to Bangladesh. Over India, the decrease is observed over central and north India, and the Western Ghats (Kerala) particularly, their study published in 2015 found.

The same team also revealed in a 2017 study that widespread extreme rain events across central India have tripled since 1950. These severe weather events result in largescale floods and catastrophic loss of life and property across Gujarat, Maharashtra, Madhya Pradesh, Chhattisgarh, Telangana, Odisha, Jharkhand, Assam, Meghalaya and parts of Western Ghats – Goa, north Karnataka and central Kerala.

"Monsoon patterns have definitely changed. Earlier, during the monsoon season, we used to witness uniform rains and no convective activity, but now, we see rains which are more of pre-monsoon characteristics that include thundershowers. Kerala has not been witnessing typical monsoon rains and has been struggling to achieve its average rainfall. Despite these heavy showers, it is yet to surpass its average rainfall so far. Also, with the rise in air as well as ocean temperatures, there has been a drastic increase in the moisture. The Arabian Sea has been warming at a faster rate, pumping moisture into the atmosphere, making it unstable. All these factors are directly linked to global warming," said Mahesh Palawat, vice president, climate and meteorology at Skymet Weather in a statement.

"Climate change is drastically changing rainfall patterns in Wayanad. What was once a cool, humid environment with year-round drizzles and monsoon rains, is turning into one marked by drier, hotter summers and intense downpours during the monsoons. This change has increased the risk of landslides," Mariam Zachariah, Research Associate, Imperial College London added in a statement on Wednesday.

The impacts of climate change are only exacerbated by poor land-use planning.

"There are two problems – the local landslide early warning system did not trigger and we do not have a landslide route map. The landslide route map can tell us what is the path that a landslide can take. It's important to note that only the valley area where the landslide started is high on landslide susceptibility but the areas downstream are not at high risk. Human intervention definitely did not cause the landslide but I think the river banks and floodplains along Chooralmala, etc are not suitable for settlements or construction," added KS Sajin Kumar, Kerala based geologist.

Rescuers use machinery to clear debris in front of a damaged school building in Chooralmala, Wayanad. AP

India, China agree to uphold tranquillity along LAC

Rezaul H Laskar
letters@hindustantimes.com

NEW DELHI: India and China on Wednesday agreed to uphold peace and tranquillity on the Line of Actual Control (LAC) during another round of diplomatic talks, though there were no signs of any breakthrough towards disengagement at friction points in Ladakh sector.

The Working Mechanism for Consultation and Coordination (WMCC) on India-China border affairs met in New Delhi for the 16th time since the start of the standoff on the LAC in May 2020. The body last met in Beijing on March 28 and Wednesday's talks followed two meetings between external affairs minister S Jaishankar and his Chinese counterpart Wang Yi this month.

The two sides agreed to "jointly uphold peace and tranquillity on the ground in the border areas in accordance with relevant bilateral agreements, protocols and understandings reached between the two governments", the external affairs ministry said in a statement after the talks.

Following up on the discussions between the two foreign ministers at their recent meetings at Astana and Vientiane, the two sides reviewed the current situation on the LAC "with a view to finding an early resolution of the outstanding issues".

Referring to India's stated position that the overall relationship with China cannot be normalised without addressing the situation on the disputed border, the statement added: "Restoration of peace and tranquillity, and respect for the LAC are an essential basis for restoration of normalcy in bilateral relations."

This was the 30th meeting of WMCC on India-China border affairs since 2012. HT ARCHIVE

The statement described the discussions as "in-depth, constructive and forward-looking", but did not give details. Both sides also agreed to maintain the momentum through established diplomatic and military channels.

This was also 30th meeting of the WMCC since it was established in 2012. Joint secretary (East Asia) Gourangalal Das of the external affairs ministry led the Indian delegation, while the Chinese side was led by Hong Liang, director general of the boundary and oceanic department of China's foreign ministry. The leader of the Chinese delegation also met foreign secretary Vikram Misri, who earlier served as India's envoy to Beijing.

The previous meeting of WMCC had also ended without breakthrough in addressing the remaining friction points at Demchok and Depsang, where troops from both sides remain deployed in close proximity to the LAC. Dozens of rounds of diplomatic and military talks have resulted in the two sides withdrawing troops from other friction points such as the north and south banks of Pangong Lake, Gogra and Hot Spring.

There have been more than 20 rounds of talks between Indian and Chinese corps commanders. After the standoff began in May 2020, the WMCC first met virtually in June the same year, shortly after a brutal clash in Galwan Valley left 20 Indian soldiers and at least four Chinese troops dead.

The first fatalities on the LAC in 45 years took bilateral relations to the lowest ebb since the 1962 border war between India and China. Both sides now have some 60,000 troops each arrayed along the LAC in Ladakh sector.

Earlier this week, Jaishankar acknowledged that India-China relations "are not doing very well" because Beijing moved a large number of forces to the border area in violation of agreements during the Covid-19 pandemic in 2020. This created tensions and led to a clash, and the consequences continue because the issue hasn't been fully resolved, he said.

Uncertainty over delivery timeline of new Tejas jet

Rahul Singh
letters@hindustantimes.com

NEW DELHI: A question mark hangs over state-run plane maker Hindustan Aeronautics Limited's (HAL) ability to meet the delivery timeline of the new Tejas light combat aircraft (LCA Mk-1A) for the current financial year, and even beyond, as it becomes clear that the Indian Air Force will have to wait longer for the first aircraft that was supposed to be delivered by March 31, 2024, senior IAF officers aware of the matter said on Wednesday.

"The first LCA Mk-1A is likely to be delivered to the air force in November 2024," said one of the officers who asked not to be named.

After missing the March 31 deadline, HAL hoped to deliver the first aircraft in July but again revised it to a later date in August.

IAF is unhappy with the current pace of the Tejas LCA Mk-1A programme because of the possible risks the delay in the induction of new fighter planes could pose to the air force's combat effectiveness, and has flagged the hot-button issue to HAL, calling for timely execution of the Rs 48,000-crore contract for 83 jets, as first reported by Hindustan Times on July 12. HAL had then said it would deliver 16 of these fighters to IAF in FY 2024-25 as per schedule. It also said it hoped to deliver all the 83 aircraft on order by 2028-29. The LCA Mk-1A made its maiden sortie from an HAL facility in Bengaluru on March 28. "Going by the current pace of the programme, there's a fat chance of IAF getting the 16 fighters in FY 2024-25. We will be happy if we can get even half the number," said a second officer.

JULY 12: HT reported that IAF is unhappy with the pace of Tejas LCA Mk-1A programme

Many in the air force are sceptical about the LCA Mk-1A deadlines being met, and one of the main reasons for that is the lingering delay in the supply of the F404 engines to HAL by US firm GE Aerospace. The delivery of the engines is delayed by around 10 months.

The certification of new systems in the aircraft is still pending.

The single-engine Mk-1A will be a replacement for the IAF's Mikoyan-Gurevich MiG-21 fighter. LCA Mk-1A is an advanced variant of the LCA Mk-1, which has already been inducted by IAF.

US engine maker GE Aerospace had earlier told HT that it is working with HAL to fix issues related to the delay in the supply of its F404 engines for the LCA Mk-1A programme, attributing it to supply chain bottlenecks in the aerospace industry.

The aerospace industry continues to experience unprecedented supply chain pressures, a GE Aerospace spokesperson said on July 12. "GE Aerospace is working with our partner HAL and suppliers to resolve constraints and deliver F404-IN20 engines for the LCA Mk1 (A) program."

The statement was in response to HT queries on the reasons for the delay and steps being taken to fix the problem, as the programme is crucial for IAF, which is grappling with a shortage of fighter squadrons.

Even as doubts shroud the delivery schedule of the LCA Mk-1A jets, more are likely to be ordered soon. In April, the defence ministry issued a tender to HAL for the proposed acquisition of 97 more LCA Mk-1As to strengthen the air force's capabilities. The new fighter planes are expected to cost around Rs 67,000 crore.

HAL has set up a new production line in Nashik for LCA Mk-1As to meet IAF's growing needs. HAL says it can build 16 LCA Mk-1As every year in Bengaluru, and the Nashik line will help it ramp up production to 24 jets.

IAF should have started phasing out the last of its MiG-21s and raising the first LCA Mk-1A squadron by now. "The conversion to new aircraft for pilots, and the training of technicians and maintenance crews will take time. If we don't get the new aircraft on time, the capability drawdown will be drastic. IAF doesn't have a Plan B for the MiG-21 replacement," an IAF officer earlier said.

JD(S) PULLS OUT OF BJP-LED FOOT MARCH IN B'LURU

HT Correspondent
letters@hindustantimes.com

BENGALURU: The Janata Dal (Secular), or JD(S), on Wednesday pulled out of the proposed foot march against the alleged irregularities in the distribution of sites by the Mysuru Urban Development Authority (MUDA), which includes chief minister Siddaramaiah's wife, after party leader HD Kumaraswamy hit out at ally the Bharatiya Janata Party (BJP).

The Union minister, whose family remains embroiled in controversy due to the sex tapes case against his nephew and former Hassan MP Prajwal Revanna, lashed out at the BJP for choosing a leader from the Hassan district to be among those to spearhead the foot march. "Preetham Gowda ventured to finish off the family of Deve Gowda. They (BJP) call a meeting with him (Preetham to discuss preparations for the march) and ask me to sit next to him... the person who put poison to my family... There is a limit to my tolerance. Are they seeking support for this? Do they not know what happened in Hassan? Who is responsible?"

JD(S), headed by former Prime Minister H D Deve Gowda, joined the BJP-led NDA last year. The two parties fought the recent Lok Sabha polls in the state in alliance.

Reacting to Kumaraswamy's statement, BJP leader and the Leader of Opposition in the state assembly R Ashoka said he has no clue why JD(S) leadership has so much animosity towards Preetham Gowda.

On the foot march, he said: "This (march) will happen. We will not let this scam be covered up. It should be kept alive till all the sites are brought back to the MUDA."

Jaishankar meets Vietnamese PM, 'appreciates' his guidance on bilateral relationship

NEW DELHI: External affairs minister S Jaishankar on Wednesday met Vietnamese Prime Minister Pham Minh Chinh and "appreciated" his guidance on India-Vietnam bilateral ties. Chinh arrived in Delhi on Tuesday night on a three-day visit that is aimed at further expanding the comprehensive strategic ties between the two nations. "Honoured to call on PM Pham Minh Chinh of Vietnam during his State visit to India. Appreciate his guidance on our bilateral relationship and on regional and global issues of mutual interest," Jaishankar said in a post on X.

HC seeks Centre, Punjab's replies on Amritpal's plea to quash NSA case against him

CHANDIGARH: The Punjab and Haryana high court has sought the responses of the Centre and Punjab government on radical Sikh preacher Amritpal Singh's petition, seeking quashing of proceedings against him under the National Security Act (NSA). Singh was arrested on April 23 last year following a police crackdown on his outfit, Waris Punjab De. A division bench of chief justice Sheel Nagu and justice Anil Kshetarpal listed the matter for August 28 and verbally asked Punjab to produce the "material" on record based on which the detention was ordered.

All 10 Kuki MLAs boycott Manipur assembly session despite CM's assurance

IMPHAL: All 10 Kuki-Zo MLAs, including seven from the ruling BJP party, have abstained from the Manipur legislative assembly session, which began on Wednesday. The 10 MLAs have abstained for the third time after the May 3 incident last year, despite CM N Biren Singh's earlier invitation to attend the session and his assurance of safety and security if they visited Imphal for the ongoing session. Meanwhile, the CM tabled the state budget for the financial year 2024-25, with a gross expenditure of ₹34,899 crore, focusing on the agricultural sector and rehabilitation of the people affected by natural disasters.

Five-year-old shoots senior in Bihar school

Avinash Kumar
letters@hindustantimes.com

THE BOY CARRIED THE HANDGUN IN HIS SCHOOL BAG AND OPENED FIRE ON A CLASS 3 BOY, WHO WAS INJURED ON HIS HAND

PATNA: A five-year-old boy in Supaul, around 300km from Bihar's capital Patna, keen to show off a new toy to his friends, took it to school, and then demonstrated it, with near tragic consequences. For the toy was a gun belonging to the boy's father, a guard in the school; a 12-year-old Class 3 student was injured in the hand by the firing.

According to Supaul SP Shaishav Yadav, the incident took place at around 8.30am on the school premises in Lalpatti area, under the jurisdiction of Triveniganj police station. "The nursery student carried the handgun in his school bag. He opened fire on his senior when all the students were heading towards their classrooms. The victim suffered a bullet injury on his hand," he said.

"The nursery student's father is a guard in the school. During the course of interrogation, the boy said he thought the weapon was his toy. He was showing the weapon to his friends when he pulled the trigger," he added. It wasn't immediately clear whether the weapon was country-made, and licenced. Police said they are yet to recover the weapon.

The incident triggered protests by parents, who ransacked the principal's office and blocked the Supaul-Araria main road, demanding action. Triveniganj SDPO Bipin Kumar said: "We have asked schools to check the bags of students on a regular basis."

Agnipath a 'national security' scheme, cannot abolish it: FM

Rajeev Jayaswal
letters@hindustantimes.com

Finance minister Nirmala Sitharaman, speaking on the Agnipath scheme, asked MPs to not politicise matters of national security. PTI

NEW DELHI: Union finance minister Nirmala Sitharaman on Wednesday emphatically rejected the Opposition's demand to abolish the Agnipath short-service recruitment scheme in the Rajya Sabha, classifying it as a decision for "national security" and accusing "vested interests" for lobbying to scrap the National Eligibility cum Entrance Test (NEET) for "selling" medical seats.

These were the two of the five "demands" made by Congress leader P Chidambaram during his speech on the Union Budget on July 24. Towards the end of her over two hour-long response to various questions and issues in the Upper House, Sitharaman said: "Former finance minister [referring to Chidambaram without naming him]... had said, I've got five questions for which I want the finance minister [Sitharaman] to answer. And the five questions pertain to minimum wages, legal guarantee, education loan waiver, abolition of Agniveer, scrapping of NEET. ... I just want to give very quick response to each one of the points."

Starting the debate on the Union Budget on July 24, Chidambaram had articulated five demands and urged the finance minister to respond. "Our first demand is minimum wage of ₹400 per day for every kind of employment. Two, we demand a legally-guaranteed minimum support price. Three, we demand a write-off of the unpaid balance of interest or instalment of educational loans given up to March, 2024. Four, we demand abolition, complete abolition, of the Agniveer Scheme, and, five, we demand that NEET be scrapped..." he had said.

Speaking about the minimum wage demand in her response on Wednesday, Sitharaman said presumably the former FM was talking about the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) where he wanted a minimum wage of ₹400 per day.

She said that since 2005, from the United Progressive Alliance (UPA)'s time, the rural development ministry was routinely notifying changes in minimum wages and the National Democratic Alliance (NDA) followed the same rule. "What's sauce for the goose is sauce for the gander as well," she said, and posed a question to the former finance minister. "What prevented the UPA from notifying uniform wage rate under the MGNREGA, when it was in power?"

On education loans, she said the budget already announced measures for helping young people not getting any other government benefits. "We have announced the financial support of ₹10 lakhs for higher education within the country. E-vouchers for this purpose will be given directly to one lakh students every year for an annual interest subvention of 3% of the loan amount," she said.

Speaking about the Agniveer scheme, she said, "Former finance minister has also served as former home minister. I'm sure he also understands the nuance involved in national security. Agniveer is a very reformative step to enhance the capabilities and battle readiness of our armed forces. It ensures actually that we have fit soldiers who are on the front line," she said, adding that one of the outcomes of the scheme is reduction in the average age of the Indian soldiers. She asked politicians not to do politics over matters of national security.

Agnipath scheme seeks to recruit soldiers for only four years, with a provision to retain 25% of them in regular service.

Sitharaman also defended NEET as a system that checked the selling of medical seats by the lobby seeking to scrap it. She said the question was posed a day before the Supreme Court's final verdict, and hence, the matter was settled. "Supreme Court did not scrap NEET exams. It observed that there is no material at the present stage to indicate any systemic leak. That's about the NEET exam leakage. But, abolition of NEET, I'm afraid to say, was triggered even before the leak," she said.

Aviation bill to replace British-era Act tabled

Neha LM Tripathi
letters@hindustantimes.com

NEW DELHI: Civil aviation minister Ram Mohan Naidu introduced the Bharatiya Vayuyan Vidheyak, 2024, in the Lok Sabha on Wednesday, aiming to overhaul civil aviation regulations and replace the 90-year-old Aircraft Act.

Addressing the Lower House, Naidu explained the need for a new legislation, citing the 21 amendments made to the 1934 Act over nine decades.

"As a result of numerous amendments over a period of 90 years, a need is felt to address the ambiguities and confusion experienced by the stakeholders, to remove redundancies, to enable ease of doing business and to provide for manufacture and maintenance in the aviation sector, and to re-enact the aforesaid Act in the form of a Bill," Naidu stated in the bill's 'statement of objects and reasons' section.

The proposed legislation includes provisions to regulate aircraft design and manufacturing, supporting the Atmanirbhar Bharat initiative for self-reliance. It also enhances the Central government's authority to prohibit or regulate certain construction activities, issue directives, detain aircraft, and enact emergency orders when necessary.

During the bill's introduction, some members of the opposition questioned the Hindi nomenclature of the draft legislation. "What is the logical reason for changing the nomenclature of the bill? People from south India will be unable to even read the name of the Bill," RSP member N K Premachandran said, opposing the introduction of the Bill, according to news agency PTI.

Naidu said the objection to the nomenclature of the bill was settled during the discussion on the three criminal justice laws – Bharatiya Nyaya Sanhita, the Bharatiya Nagarik Suraksha Sanhita, and the Bharatiya Sakshya Adhiniyam.

"We are not violating any part of the Constitution," the minister said.

The bill outlines 10 primary objectives, including regulating aircraft design, manufacturing, and maintenance.

Additionally, it empowers the Central government to establish rules for international aviation standards, civil aviation security, and issue emergency orders for public safety.

However, experts said that the 26-page document does not appear significantly different from the 1934 Act. The government has not provided clarification on the changes made in the new bill compared to its predecessor.

Aviation industry experts suggest that while the new bill does not introduce substantial differences, it grants the Directorate General of Civil Aviation (DGCA) authority to penalise stakeholders for rule violations.

Mark Martin, CEO and founder of Martin Consulting, an aviation advisory firm, expressed concerns about the legislation's approach. "The new regulation doesn't encourage a very harmonious, conducive way of working between the regulator and operators, but on the other hand, encourages a more harsh fine and penalties driven way of working, which is not going to be very conducive in the long term," Martin said.

Martin added, "This regulation is not going to be very well favoured by the airline industry collectively and a significant amount of changes would be required, including adding possible compliances as needed for ICAO under a non-punitive approach."

Aviation expert Mohan Ranganathan echoed these sentiments, stating, "As long as the DGCA has powers to grant exemptions and waivers at his discretion, Rules are meaningless and it leaves doors open for corruption. What India needs is an independent Regulator and Accident Investigation Bureau with ZERO interference from MoCA (ministry of civil aviation). As long as all departments come under the ministry control, very little chance of having a safe and efficient aviation system."

The bill is among six pieces of legislation the government indicated as part of its legislative agenda that it disclosed on July 19, ahead of the start of the Budget session, which is scheduled to run till August 12.

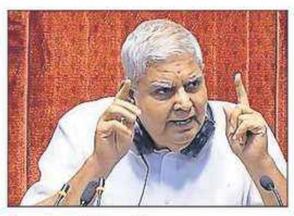
Oppn walks out as VP Dhankhar praises RSS

HT Correspondent
letters@hindustantimes.com



Jagdeep Dhankhar

NEW DELHI: Rajya Sabha Chairman Jagdeep Dhankhar on Wednesday described the Rashtriya Swayamsevak Sangh (RSS), the ideological fount of the Bharatiya Janata Party (BJP), as an organisation engaged in serving the nation and said the people associated with it work selflessly for nation building. He said it was against the Constitution to say that a member of the organisation cannot take part in the developmental journey of the nation.

The Vice President was upset at a remark made by Samajwadi Party MP Ramji Lal Suman on the appointment of the chairperson of the National Testing Agency. He took umbrage at the MP's remark about the affiliation of appointees to the organisation, and said he would not allow the remark on record.

He added that "RSS has unimpeachable credentials" and that he would not allow anyone to "single out the RSS".

"I hereby rule that RSS is an organisation that has full constitutional rights to participate in the development journey of this nation," he said. "... It is wholesome to note, that RSS as an organisation has been contributing for national welfare, our culture, and everyone should, as a matter of fact, take pride in any organisation which is acting in this manner..."

Objecting to Dhankhar's remark, Leader of the Opposition in the Rajya Sabha, Mallikarjun Kharge said the chairman cannot object to a member unless the member has transgressed the rules of business. "...It is not right to say to him, don't talk, don't talk, unless he violates the business rules. And what they are saying is the truth," Kharge said. Opposition parties, including the Bahujan Samaj Party and the Biju Janata Dal, then walked out in protest.

Sonia calls upon Cong cadre to sustain momentum of LS polls

Saubhadra Chatterji
letters@hindustantimes.com

Sonia Gandhi

NEW DELHI: Congress Parliamentary Party chief Sonia Gandhi on Wednesday said "national politics will undergo a transformation" if the party performs well in the upcoming assembly polls, setting the agenda for elections in Maharashtra, Haryana, Jharkhand and the Union Territory (UT) of Jammu & Kashmir this year.

Gandhi was addressing the first meeting of the Congress Parliamentary Party in the ongoing Monsoon session of Parliament. "In a few months, elections will be held in four states. We must sustain the momentum and goodwill that had been generated for us in the Lok Sabha polls. We must not become complacent and overconfident. The 'mahaul' does favour us, but we have to work unitedly with a sense of purpose. I dare say that if we perform well, reflecting the trend that we witnessed in the Lok Sabha elections, national politics will undergo a transformation," Gandhi said.

The Congress won 99 seats in the summer's Lok Sabha election, up from 52 in 2019 and 44 in 2014, and the INDIA bloc of opposition parties of which it is a part won 234. The Bharatiya Janata Party won 240 seats, short of the majority of 272, although the National Democratic Alliance of which it is a part won 293.

Elections in Bihar and the UT of Delhi are due early next year.

The INDIA bloc won 30 of Maharashtra's 48 Lok Sabha seats and five of Haryana's 10.

Gandhi, in her speech at the meeting, expressed her condolences to the families affected by the Wayanad landslides. Her son Rahul Gandhi was elected from Wayanad to the Lok Sabha but resigned from the seat after he decided to retain the Rae Bareli constituency. His sister and Congress general secretary Priyanka Gandhi is to contest from Wayanad, although the date of by elections is yet to be announced.

Gandhi also claimed that the PM Narendra Modi-led central government has not learnt any lessons from its electoral decline in the recently concluded Lok Sabha polls.

"We would have hoped that the Modi government would draw the right lessons from their significant decline in the Lok Sabha elections. Look at how the rules have been suddenly changed to permit the bureaucracy to participate in the activities of the RSS. It calls itself a cultural organisation but the whole world knows that it is the BJP's political and ideological base," Gandhi said.

Gandhi also expressed concern over the delay in conducting the census. "It is clear that the government has no intention whatsoever to conduct the census that was last due in 2021...," she said.

CBC SPENT ₹300-700 CR PER YEAR ON GOVERNMENT PUBLICITY: MIB

NEW DELHI: The ministry of information and broadcasting's Central Bureau of Communication spent ₹300-700 crore in each of the last five years on awareness and publicity campaigns for the government, minister of state L Murugan informed the Lok Sabha on Wednesday. Murugan was responding to a query raised by YSRCP lawmaker PV Midhun Reddy and Congress MP Dean Kuriakose on "details of expenditure incurred on advertisements by the Government in the last five years", which the MIB didn't provide. According to the ministry's 2022-23 report, the CBC's actuals for FY22 were ₹162.02 crore. In the recent Union Budget, ₹1,089 crore was allocated for information and publicity.

BJD MP QUITS RS, PARTY AMID SPECULATION OF JOINING BJP

NEW DELHI: BJD leader Mamata Mohanta resigned from the Rajya Sabha on Wednesday. Hours later, Mohanta also quit the party amid speculation about her possible switch to the ruling BJP in Odisha. Mohanta's resignation was accepted by RS Chairman Jagdeep Dhankhar as it was "constitutionally in order". With her resignation, the BJD's strength in the House has come down to eight. Mohanta later quit the BJD. In a letter to BJD president Naveen Patnaik, she said, "I feel that there is no requirement of the services of myself as well as my community in the Biju Janata Dal." The move comes amid speculations that the Mayurbhanj leader would join the BJP.

Nitin Gadkari

GADKARI ASKS FM TO REMOVE 18% GST ON PREMIUMS OF LIFE, MED INSURANCES

Press Trust of India
letters@hindustantimes.com

NEW DELHI: Union minister for road transport Nitin Gadkari on Wednesday requested finance minister Nirmala Sitharaman to withdraw the 18% goods and services tax (GST) on life and medical insurance premiums.

In a letter to the finance minister, Gadkari raised concerns of the Nagpur Division Life Insurance Corporation Employees Union, which had submitted to him a memorandum regarding the issues of the insurance industry.

Referencing the memo, the minister said, "Levying GST on life insurance premiums amounts to levying tax on the uncertainties of life."

"The 18 per cent GST on medical insurance premiums is proving to be a deterrent for the growth of this segment of business which is socially necessary," he added.

Gadkari's demand for withdrawing GST on insurance premiums received support from several opposition leaders.

Congress MP Karti Chidambaram said, "I am very happy that Cabinet Minister Mr Gadkari has endorsed my demand that I made yesterday on the floor of the House to remove the 18 per cent GST levied on Health and Life Insurance premium."

Similarly, Samajwadi Party MP Rajeev Kumar Rai said: "GST on insurance premium should be abolished. This has been our demand since long. We support Nitin Gadkari ji's demand."

SC highlights need for executive, judiciary to review legislation

Utkarsh Anand
letters@hindustantimes.com

The bench said the judiciary can help nudge the system towards necessary reforms.

NEW DELHI: The Supreme Court has underscored the crucial role that both the executive government and constitutional courts play in ensuring the effective functioning of laws, holding that reviewing and assessing the implementation of a statute is an integral part of the rule of law.

A bench comprising justices PS Narasimha and Aravind Kumar emphasised that the responsibility to assess whether a statute is achieving its intended purpose lies primarily with the executive government while a constitutional court's scrutiny is not just a reflection of judicial oversight but also a reminder of the executive's fundamental duty to continuously review and assess the implementation of statutes.

"Reviewing and assessing the implementation of a statute is an integral part of the rule of law. It is in recognition of this obligation of the executive government that the constitutional courts have directed governments to carry performance audits of statutes," said the bench in its judgment on Tuesday.

Adapting to change is important for achieving justice, said the court, adding that failure to adapt produces injustice, which is an abuse of power. According to the court, the executive branch has a constitutional obligation not only to implement laws but also to monitor their effectiveness continuously.

"Legal reform through legislative correction improves the legal system and it would require assessment of the working of the law, its accessibility, utility, and abuse as well. The executive branch has a constitutional duty to ensure that the purpose and object of a statute is accomplished while implementing it," stated the judgment authored by justice Narasimha.

The Supreme Court's call for a judicial review in such cases assumes significance. While the judiciary traditionally reviews executive and legislative actions, the judgment envisaged a vital role for it in nudging the system toward necessary reforms.

"There is yet another role which the judiciary can and ought to perform—that of facilitator of access to justice and effective functioning of constitutional bodies. In this role, the judiciary does not review executive and legislative actions but only nudges and provides impetus to systemic reforms," the bench held.

This judicial facilitation is more critical in contexts where the legislative process is dominated by government initiatives, with few private members' bills being introduced or debated, noted the bench.

It pointed out that a performance audit of the legislation should be prompted by demonstrable data or cogent material that indicates statutory schemes are being impeded or delayed by bureaucratic or judicial hurdles. However, the bench clarified that while the judiciary can compel such audits and promote debate, it cannot directly enforce legislative reforms.

UP assembly passes Nazul properties bill amid uproar

Water-logging on the ground floor of Vidhan Bhawan after heavy rainfall in Lucknow. PTI

HT Correspondent
letters@hindustantimes.com

LUCKNOW: The Uttar Pradesh assembly on Wednesday passed a bill that empowers the state to reclaim Nazul properties (government properties), which have been leased out to private individuals and entities, for public use and development activities, even as the Opposition created ruckus in the House terming the legislation "draconian" and "anti-people".

State's parliamentary affairs minister Suresh Kumar Khanna, who tabled the Uttar Pradesh Nazul Properties (Management and Utilisation for Public Purposes) Bill, 2024, assured that those who have not violated the terms of leases and those belonging to the economically weaker sections will get some relief.

"Under the Constitution, Nazul land belongs to the government and people cannot get ownership. No person will be deprived of property if they have been allotted by the authority under the law," he said. "The conditions related to the legislation will be defined in the corresponding rules."

He also said educational institutions on nazul land will not be removed. "People should understand that government land is used in the public interest and development," he added.

Stressing the urgent need of land for development work, he said it was no longer in the interest of the state to continue with old practices of permitting conversion of Nazul land into freehold.

Nazul land has been leased to various private individuals and entities as grants issued under the Government Grants Act 1895 and the subsequent Act of 1960.

Earlier, the assembly witnessed uproar by opposition Samajwadi Party MLAs, who rushed in the well of the House to oppose the bill. "Under the new law, the state government will not freehold the land given on lease. There are several government buildings and educational institutions that are on nazul land," SP MLA Kamal Akhtar said. "Institutions run by Christian missionaries are also on nazul land. Even temples and mosques are located on nazul land. The government has not made it clear if lease of churches, temples and mosques will be extended or the government will acquire the property..."

Defending the bill, BJP MLA Sidharth Nath Singh said: "The government has brought the bill for the development of the state.... In several cases, it has been found that the land has been grabbed illegally..."

J&K grants land ownership rights to west Pak refugees

HT Correspondent
letters@hindustantimes.com

Pakistani refugees celebrate after being granted land ownership rights in J&K. PTI

SRINAGAR: The administrative council of Jammu & Kashmir, under the chairmanship of lieutenant governor Manoj Sinha, has granted ownership rights on government land to families displaced from west Pakistan, a spokesperson of the Union Territory administration said.

Other than Sinha, the council meeting on Tuesday night was attended by his adviser Rajeev Rai Bhatnagar, chief secretary Atal Dulloo, and principal secretary Mandeep K Bhandari.

"This shall significantly empower thousands of families across the Jammu region. It is pertinent to mention that post re-organisation of year 2019, domicile rights have been conferred by Government of India to the west Pakistan displaced persons," the spokesperson said.

He was referring to the August 5, 2019 abrogation of Article 370, which conferred special status to the erstwhile state, and its bifurcation into two Union Territories.

Around 22,170 families who had come to J&K, especially Jammu, from Pakistan during partition in 1947, have been demanding citizenship and land ownership rights since.

"After 75 years we have got our rights from the government. We had left everything in Pakistan and came to J&K but for 75 years, we have been waiting for justice and ownership rights. Now we have got it after decades which is going to benefit 22,170 families," Labha Ram Gandhi, president, West Pakistan Refugee Association, said.

Article 370 accorded special status to the erstwhile state and gave special privileges to the permanent residents in matters such as residence, property and government jobs. The abrogation of Article 370 cleared the decks to grant land possession to these refugees who can now also vote in assembly elections.

"Vesting of proprietary right to west Pakistan displaced persons on State land would bring them at par with the displaced Persons of POJK [Pakistan Occupied J&K] and their long pending demand will also be fulfilled," the spokesperson said.

The council also approved conferment of proprietary rights upon displaced persons of 1965 in respect of State land. "The government has always remained committed to provide benefits to the displaced persons of 1965 as has been granted to displaced persons of 1947 and 1971. Revenue department shall ensure that proper safeguards are built in the operational guidelines to prevent any misuse, particularly unauthorised encroachments on the state land," the spokesperson said.

Woman held for abetting suicide after Insta prank

Megha Sood
megha.sood@hindustantimes.com

THE 24-YEAR-OLD KILLED HERSELF AFTER SHE FOUND ABOUT THE DEATH OF THE FAKE MAN SHE MET ONLINE, FELL IN LOVE WITH

MUMBAI: A 21-year-old woman was arrested for abetting the suicide of a close friend who fell in love with a fake persona she created on Instagram, police in Maharashtra's Satara said on Wednesday.

The victim was a 24-year-old woman whom the police described as a close friend of the suspect, Gayatri Bhoite, and was found dead on June 12.

Upon being told by the victim's family members that she had been depressed since the death of a man she met online on June 10, investigators looked into her online communications and found an Instagram contact named Manish Patil.

Wathar police inspector Avinash Mane said police found messages that suggested the victim was regularly in touch with the contact named Patil for several months and the two had appeared to have fallen in love.

The conversations continued until she was contacted by another person on Instagram identifying himself as Manish's father to tell her that his son had died by suicide.

When cyber police officials requested Instagram for details on the accounts, the IP address details suggested both accounts were operated by Bhoite, who was then taken into custody.

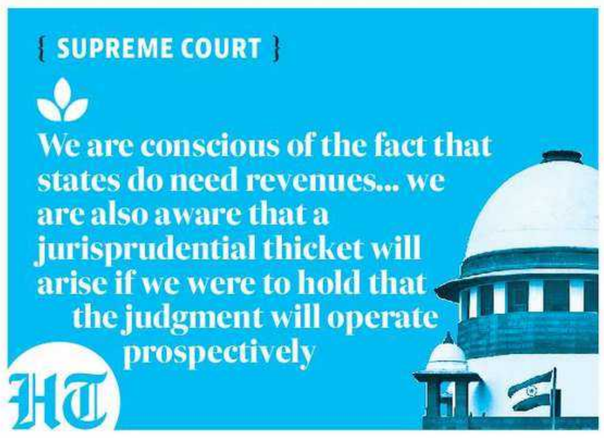
"Bhoite revealed that she had created a fake profile named Manish Patil, sent a friend request to the deceased, started chatting with her and made her fall in love with the non-existent man," said Mane.

When Bhoite's friend began insisting on meeting Manish, she thought the prank had gone too far. She then created Shivam's profile and told the deceased that Manish had died by suicide, and that she should get over him, the police official added.

SC likely to set conditions on its mineral tax verdict

Utkarsh Anand
letters@hindustantimes.com

{ SUPREME COURT }



NEW DELHI: The Supreme Court on Wednesday indicated that it would lay down specific conditions regarding the retrospective applicability of its recent ruling, which affirmed the legislative competence of states to levy taxes on minerals and mineral-bearing land in addition to the royalty imposed by the Centre.

The nine-judge bench, which reserved its order on the matter, aims to bring clarity to the potential financial implications for states and industries alike.

"We are conscious of the fact that states do need revenues... we are also aware that a jurisprudential thicket will arise if we were to hold that the judgment will operate prospectively... at the same time, we can't be oblivious of the fact that there were some state laws struck down two decades ago. Should we countenance the fact that there will be demands made after two or three decades while many of these companies are PSUs? We would lay down broad conditionality," said the bench led by Chief Justice of India (CJI) Dhananjaya Y Chandrachud.

The impending decision is of immense significance, particularly for states like Jharkhand, Odisha, Uttar Pradesh, Chhattisgarh and Rajasthan, which stand to recover substantial sums from mining companies if the ruling is applied retrospectively. The states could potentially enforce back taxes on mineral rights, significantly enriching their coffers. However, this comes with the risk of severe financial implications for industries reliant on minerals, especially those with existing contracts and commitments based on previous legal frameworks.

The court's deliberation followed its landmark ruling on July 25 when the Constitution bench ruled by 8-1 majority that royalty charged on mining is not a tax, but a form of contractual payment made by the miners to the Centre for the extraction of minerals. This distinction, the court said, allows states to impose an extra levy and surcharge on such mineral rights, providing them with an additional source of revenue.

The majority opinion was supported by justices Hrishikesh Roy, Abhay S Oka, JB Pardiwala, Manoj Misra, Ujjal Bhuyan, Satish Chandra Sharma and Augustine George Masih, with justice BV Nagarathna dissenting. Justice Nagarathna held that the Centre holds the exclusive right to tax mineral rights across the country.

On that day, the Centre, along with a batch of mining companies, argued that the judgment should be applied prospectively to prevent confusion, legal challenges and associated administrative burdens. Conversely, Jharkhand advocated for retrospective application, prompting the bench to schedule a hearing on July 31.

On Wednesday, solicitor general Tushar Mehta, appearing for the Centre, underscored the potential economic impact of the ruling, noting that mineral development is critical to various industries, including electricity generation, which heavily relies on coal.

"Multiplicity of litigations may arise under clauses and reasons that we cannot even comprehend today," Mehta warned, stressing the far-reaching consequences of a retrospective application.

The court considered the SG's suggestion that neither the states should pursue retrospective levies, nor should entities that have paid under the old regime seek refunds, as a possible middle ground.

Attorney general R Venkataramani, also representing the Centre, further sounded a word of caution. "The retrospective application will have a multipolar impact. There were several legislations and adjustments made that were not before this court when the matter was being heard because the bench was dealing with the entries under the Seventh Schedule of the Constitution. When mines and minerals are impacted, the entire economy is impacted...," asserted the law officer.

Senior advocates Abhishek Manu Singhvi, Mukul Rohatgi, Harish Salve and Arvind Datar, appearing for a host of mining companies, agreed with Mehta's suggestion — "no recoveries, no refunds". The lawyers pressed that certainty in law is paramount and that after the companies and their contracts premised their obligations based on the previous position, altering them three decades later would be counter-productive.

But senior advocate Rakesh Dwivedi, representing Jharkhand, argued against prospective application, asserting it would undermine the validity of state laws upheld by the court. He emphasised the need to balance the financial burden on industries by staggering or adjusting the interest component while ensuring states can recover what is due. "It will be travesty of justice if this court were to say that the 1989 judgment in the India Cements will operate until yesterday while the nine-judge bench has affirmed the 2004 ruling in the Kesoram Industries Ltd. Let us not forget that this court has now ruled in favour of fiscal federalism," argued Dwivedi.

He added that instead of making the judgment prospective, the court ought to lighten up the financial burden on the industries by tackling the interest component, given that the case remained pending for over two decades.

SHIELD ECONOMY, CITIZENS FROM INFLATIONARY SHOCK: GOVT IN SC

Utkarsh Anand
letters@hindustantimes.com

NEW DELHI: The Centre on Wednesday urged the Supreme Court to ensure that its recent landmark judgment on mineral taxation is enforced prospectively, rather than retroactively, arguing that the request was made to shield India's economy and people from a potential spike in inflation. The Centre's plea claimed the July 25 ruling could trigger widespread economic disruptions, affecting core sectors such as power, steel and aluminium, which are heavily dependent on mineral resources.

Solicitor general Tushar Mehta, in his written submissions, emphasised the widespread impact this ruling could have on the national economy, particularly if applied retrospectively. He warned such an application would result in significant increases in the prices of essential goods and services, with the average citizen bearing the brunt of these costs.

Highlighting the "cascading effect" that increased mineral taxes would have across sectors, the SG illustrated this with example of coal, which is central to India's energy production, and would see a sharp price hike. Currently, 55% of India's commercial energy production relies on coal, with 68% of this coal being used for power generation, he said, adding a surge in coal prices would inevitably lead to higher power costs, affecting both industrial production and household bills.

"An increase in the price of coal on account of state levies would have a cascading effect on the price of every commodity or service which uses power as an input, which is virtually every commodity or service...," the submissions maintained.

Another key point raised by the Centre is the financial strain that retrospective application of the judgment could place on PSUs engaged in mining and related industries.

{ OFFICIALS SAY } SMALL INSTITUTIONS AFFECTED

'Ransomware attack hits hundreds of banks'

Reuters
letters@hindustantimes.com

MUMBAI: A ransomware attack on a technology service provider has forced payment systems across nearly 300 small Indian local banks to shut down temporarily, two officials directly aware of the matter said.

The attack affected C-Edge Technologies, a provider of banking technology systems to small banks across the country, they said. C-Edge Technologies did not respond to an email seeking comment.

The Reserve Bank of India, the country's banking and payment system regulator, did not respond to Reuters' request for comment.

The National Payment Corporation of India (NPCI), an authority that oversees payment systems, in a public advisory issued late on Wednesday said that it had "temporarily isolated C-Edge Technologies from accessing the retail payments system operated by NPCI."

"Customers of banks serviced by C-Edge will not be able to access payment systems during the period of isolation," the NPCI said.

Nearly 300 small banks have been isolated from the country's broader payment network to prevent any wider impact, the sources, who are officials at a regulatory authority, said.

"Most of these are small banks and only about 0.5% of the country's payment system volumes would be impacted," said one of the sources.

India has nearly 1,500 cooperative and regional banks which mostly have operations outside big cities. It is some of these banks that have been affected, the officials said.

NPCI is conducting an audit to ensure that the attack does not spread, the second source said.

The RBI and the Indian cyber authorities have warned Indian banks about possible cyber attacks in the past few weeks, banking industry sources and the first official said.

ATTACK AFFECTED C-EDGE TECH, A PROVIDER OF BANKING TECH SYSTEMS TO SMALL BANKS IN INDIA

Tamil Nadu CM MK Stalin

PRIVILEGE BREACH PROCEEDINGS AGAINST STALIN CAN CONTINUE, SAYS HC

Divya Chandrababu
letters@hindustantimes.com

CHENNAI: The Madras high court on Wednesday asked Tamil Nadu chief minister MK Stalin and 17 other DMK legislators to file their response to the show cause notices issued by the Privilege Committee in 2017 for displaying banned gutkha (chewing tobacco) in the state assembly to mark their protest as opposition party leaders.

A division bench of justices SM Subramaniam and C Kumarappan set aside the order of a single judge, which quashed the show cause notices issued by the Privilege Committee.

"The Secretary... the Speaker... and the Privilege Committee of Tamil Nadu Legislative Assembly shall proceed with the show cause notice (SCN), issued to the respondents, by following the due process under the TN Legislative Assembly Rules and take final decision on merits and in accordance with law as expeditiously as possible," the bench said, adding setting aside SCN would set a bad precedent.

Puja Khedkar's IAS candidature cancelled, barred from exams

HT Correspondent
letters@hindustantimes.com

MUMBAI: The Union Public Service Commission (UPSC) on Wednesday cancelled the provisional candidature of probationary Indian Administrative Service (IAS) officer Puja Khedkar and debarred her from all future examinations or selections, amid an ongoing probe into allegations that she falsified her identity to secure additional attempts in the civil services examination.

The development came as a Delhi court reserved its order on the 34-year-old's anticipatory bail plea in a case registered by the city police for "misrepresenting and falsifying facts" during the UPSC selections.

Khedkar had secured an All India Rank of 821 in the civil services examination in 2022.

In a statement, UPSC said the action against Khedkar was initiated after she was found "guilty of acting in contravention of the provisions of the CSE (Civil Services Examination)-2022 Rules". "Her provisional candidature for the CSE-2022 has been cancelled and she has also been debarred permanently from all the future Examinations/Selections of the UPSC," it added.

The UPSC also said it was the "lone case" in the last 15 years where it failed to detect that a candidate had exceeded the number of permissible attempts for writing the CSE exam "primarily due to the fact that she changed not only her name but also her parents' name".

The UPSC is in the process of "further strengthening the SOP to ensure that such a case does not recur in the future", it said.

On complaints regarding the submission of false certificates by Khedkar, UPSC said it only does a "preliminary" scrutiny of the certificates such as whether they have been issued by the competent authority, the year to which they pertain, issuing date, whether there is any overwriting on them, and their format.

"Generally, the certificate is taken as genuine, if it has been issued by the competent authority. The UPSC neither has the mandate nor the wherewithal to check the veracity of thousands of certificates submitted by the candidates every year," it said.

On July 8, Khedkar was shunted out from Pune to Washim district in Vidarbha region of Maharashtra following complaints of abuse of power — she used red-blue beacons on her private Audi sedan (which was later confiscated) with a VIP registration number, and asked for privileged office space, including the room of a colleague.

Khedkar earlier dismissed the allegations against her, saying the "truth will come out".

Police press for interrogation

Puja Khedkar

NEW DELHI: The UPSC and Delhi police on Wednesday pressed for the custodial interrogation of trainee IAS officer Puja Khedkar, who is accused of falsifying her identity to secure additional attempts in the civil services examination.

Seeking an anticipatory bail, Khedkar, however, maintained that the cheating charges against her are still a matter of inquiry and should be treated as such until a thorough investigation is conducted. Additional sessions judge Devender Kumar Jangala reserved his decision on Khedkar's plea, scheduling the pronouncement of the order for Thursday (August 1).

WAYANAD LANDSLIDES

{ FROM PAGE 1 }

district early on Tuesday, wiping out most of Mundakkai and Chooralmala, decimating public infrastructure in the remote villages nestled in the Western Ghats that survived largely on tourism and tea plantations, and leaving thousands marooned. The swelling waters of the Iruvazhinji river that courses through the two villages compounded the disaster and consumed settlements along its banks.

Experts said the disaster, one of several that has ravaged Kerala in recent years, may have been down to the imminent impacts of the climate crisis, and worsened by soil erosion. They also pointed out that recommendations to include the region in the top tier of eco-sensitive zones were ignored and that several parts of the fragile Western Ghats were also excluded.

The issue also resonated in Parliament again, with a string of leaders from the government and opposition parties addressing the disaster.

Meanwhile, even more rain lashed the hill district on Wednesday, with over 56mm of showers in the 24 hours till 10.30pm impeding relief teams, which struggled to negotiate the downpour and the unstable earth.

Most of the people found missing or the bodies recovered were either from Chooralmala or Mundakkai, said NDRF officials, adding that the landslide washed away nearly 200 houses and killed entire families.

As a result, rescue teams focussed their efforts on these two hamlets, which together housed just about 1,200 people.

"At least 121 houses from Chooramala village were washed away. Around 600 families lived in the village and at least 70 people who died are from there," Akhilesh Kumar, commandant of the NDRF's 4th battalion said.

Rescuers pulled bodies out from beneath trees and debris of collapsed houses, he said.

Chooralmala was a popular tourist destination, especially for people from neighbouring areas, with the Soochippara waterfalls, Vellolippara and Seetha lake drawing crowds.

"We have lost everything... everyone... Nothing is left for us here," said an elderly man looking for his family through the ruins of his house in Chooramala.

In Mundakkai, rescuers erected tiny bridges using ropes and ladders to access patches of land cut-off by floodwater and rescue trapped people. In some places, rescuers formed human chains using ropes tied around their waists.

Rescuers smashed through the roofs of flattened homes to hunt for survivors. "Continuing rains, thick mud, slippery grounds, and swollen rivers pose challenges to the rescue mission," a local resident said.

The army said it has intensified search operations. Four columns of the Defence Security Corps (DSC) Centre, Kannur, and 122 TA Battalion are conducting combined rescue operations, said a senior army official.

Two humanitarian assistance and disaster relief (HADR) columns, including two medical teams, were airlifted from Thiruvananthapuram to Kozhikode by AN32 and C-130 aircraft late Tuesday night, said the army.

Chief minister Vijayan called the landslides painful and unprecedented.

"Rescue operations in Wayanad are continuing at full scale... So far, 144 bodies have been recovered, of 79 men and 64 women. There are still 191 people missing. Efforts are being made to evacuate as many people as possible from the disaster area, and necessary medical treatment is being provided to those who have been rescued," he said.

Meanwhile, leader of Opposition in the Lok Sabha Rahul Gandhi and Congress general secretary Priyanka Gandhi Vadra said they will visit Wayanad on Thursday, a day after their initially scheduled visit, which was cancelled due to the inclement weather.

OLYMPICS

tions qualification that set a new Olympic record of 594 and in which the Indian scored 590. Tied with three other men on that score and advancing on account of more inner 10s (38), the Maharashtra shooter will have a crack at a 50m rifle 3 positions medal — an event no Indian shooter has ever medalled in — among eight men in the final on Thursday in the shooting ranges of Chateauroux.

Lakshya wriggled his way out of challenges from the onset. He won his first Olympics match against Kevin Cordon, only for that result to be null and void after Cordon had pulled out of tournament. With no room for error in his next two group matches, the Indian ensured there were none, defeating Belgian Julien Carraggi and Christie — against whom he came in with a 1-4 win-loss record — with aplomb.

Wading through a thorny draw while blazing past a player he hadn't beaten in four attempts and in four years, Lakshya is exactly in the kind of run that can make him a force to reckon with in the knockouts starting with the Round of 16.

"The way the match went today, it will give me a lot of confidence going forward," Lakshya said, wiping away sweat off his forehead. "Now is the time to look back, take a few good things from these matches and also what I can improve upon. And come back fresh and do my best again in the Round of 16."

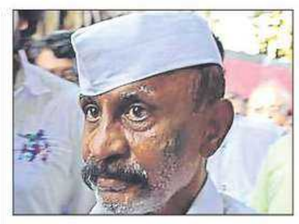
For the soft-spoken Kusale, who took to shooting at the state-run Krida Prabodhini in Pune, making the final is a significant step in a career that has so far been headlined by falling short due to one faltering shot.

In two big finals over the last few years, Kusale had to contend with fourth-place finishes. At the Hangzhou Asian Games last year, Kusale had a historic first Asian Games 50m 3P gold for India in sight before a low 7.6 took him down. Two years before that in the Cairo World Championships final from where he won the Paris Olympics quota, he was second until the final shot, where an 8.2 undid all the work.

An admirer of cricketer MS Dhoni, Kusale will hope to carry the confidence of his qualification score into the final. The 28-year-old shot 198 in kneeling, 197 in prone and 195 in standing to be among the top eight in a list headed by Liu Yukun, the Chinese shooter who had equalled the world record score of 597 in June this year and notched up a qualification Olympic record score on Wednesday.

Boxer Lovlina Borgohain, the Tokyo Olympics bronze medallist, kicked off her campaign in Paris with a unanimous 5-0 win against Norway's Sunniva Hofstad to enter the 75kg quarter-finals.

Later in the day, Manika Batra, who became the first Indian table tennis player ever to enter the Round of 16 in singles, went down 4-1 to Japan's world No.13 and 8th seed Miu Hirano.



Arun Gawli

SOCIETY HAS RIGHT TO LIVE PEACEFULLY: SC DEFERS GAWLI'S PLEA FOR PAROLE

Abraham Thomas
letters@hindustantimes.com

NEW DELHI: The Supreme Court on Wednesday "confirmed" its earlier order staying the premature release of gangster-turned-politician Arun Gawli, who is serving life imprisonment in a 2007 murder case, and refused to entertain his appeal for a 15-day parole, quoting a popular dialogue from the movie Sholay — "*So ja beta, nahi to Gabbar aa jayega* (sleep son, or else Gabbar will come)".

A bench of justices Surya Kant and Dipankar Datta observed that life convicts do have a right to premature release, but added that courts should be conscious of the factual situation as society also has a right to live peacefully. The bench also made absolute its June 3 order staying the April 5 order of the Bombay high court that directed the Maharashtra government to consider Gawli's application for premature release under the 2006 remission policy.

"Society also has a right to live peacefully. We are conscious of the rights of prisoners and we have granted indulgence in the past," the bench remarked.

The court was hearing an appeal filed by Maharashtra challenging the April 5 order of the Nagpur bench of the Bombay high court. During the proceedings, Gawli filed an application seeking a 15-day parole. "We won't be able to grant you any interim relief. As your matter requires in-depth consideration, we would like to decide the appeal itself. We can't be unfair to you and we can't be unfair to the state as well," the bench said and posted matter for November 20.

Senior advocate Nitya Ramakrishnan, appearing for Gawli, said her client is 72 years old and suffered from severe breathing disorder. "For a moment keep aside Arun Gawli... There is a 2006 remission policy of the state which provides relief to prisoners aged over 65 years and who have completed 14 years of imprisonment."

NORTH CENTRAL RAILWAY G20

Tender Notice No. 6020242025 **Tender Notice** Dated 30.07.2024

Appeal for Identification

General public is hereby informed that one person **Namely:** Unknown, **S/o:** Unknown, **R/o:** Unknown, **Age:** About 48-50 Yrs., **Height:** 5'1", **Sex:** Male, **Complexion:** Shallow, **Face:** Long, **Built:** Thin, **Wearing:** Black Colour Shirt, White Sheet on his both legs and bare feet, **Place of Recovery:** Found Dead near Yamuna Bazar, Iron Bridge, Dandi Aashram, Kashmere Gate, Delhi.

In this regard **DD No. 61A, Dated 26.07.2024 U/s 194 BNSS** has been lodged at **Police Station: Kashmere Gate, Delhi.** Any clue come to notice please inform undersign.

SHO
P.S.: Kashmere Gate, Delhi
Ph.: 9810253067
DP/10046/N/2024

PROCLAMATION REQUIRING THE APPEARANCE OF ACCUSED PERSON

See Section 82 Cr.P.C.

Whereas complaint has been made before me that accused **Parveen @ Kale, S/o Sh. Rampal, R/o: H. No. D-935, Gali No. 12, Ashok Nagar, Delhi** has committed (or is suspected to have committed) the offence in case **FIR No. 78/2010, U/s 379/34 IPC, P.S. Burari, Delhi** and it has been returned to a warrant of arrest thereupon issued that the said accused **Parveen @ Kale** cannot be found and whereas it has been shown to my satisfaction that the said accused **Parveen @ Kale** has absconded (or is concealing himself to avoid the service of the said warrant).

Proclamation is hereby made that the said accused **Parveen @ Kale** accused of **FIR No. 78/2010, U/s 379/34 IPC, P.S. Burari, Delhi** is required to appear before this Court to answer the said complaint on or before **02.09.2024.**

SEARCH FOR MISSING

Vikas

General public is hereby informed that a Male namely **Vikas, S/o : Prem Singh, R/o: 25, Mandir Wali Gali, Rajednra Sharma Ka Makan, Prahaladpur, New Delhi** has been missing since **03.07.2024 at 03.07 pm** from his house, Delhi. In this regard **GD No. 81A dated 18.07.2024** has been lodged at Police Station **Shahbad Dairy, Delhi.**

The description of missing male is as under:

Name: Vikas, Age: 32 Years, Height: 5'6", Complexion: Fair, Built : Thin, Face : Round, Wearing : Black Lower or Flower wali Blue Shirt and Blue Sleeper in his feet.

If anyone has any information about this missing male please inform P.S. Shahbad Dairy, Delhi

{ OUR TAKE }

Be cautious on conversion laws

UP adding more teeth to its anti-conversion law is a troubling portent, not least because of the perception that its main aim is political

When Uttar Pradesh first enacted a law against forced conversions in 2021, this newspaper sounded a warning. Under the Constitution, the right to freedom of religion is a fundamental right, which requires the State to shield people from harassment and violence by vigilante groups who want to enforce dominant cultures and faiths. The government, therefore, must strike a careful balance between prosecuting people who compel someone to change their faith, and discouraging unnecessary rabble-rousing in the name of conversion, this newspaper said. Unfortunately, when the Uttar Pradesh Prohibition of Unlawful Conversion of Religion Bill came into effect, top politicians and government functionaries repeatedly cited unproven allegations of "love *jihad*" — a term used by Right-wing groups to describe interfaith relationships between Muslim men and Hindu women — as a key reason behind the law.

This week, India's most-populous state has added more teeth to the 2021 law, making all offences under it non-bailable and increasing punishments for an array of crimes. This comes against the backdrop of a tussle for power within the Bharatiya Janata Party (BJP), which is still coming to terms with its underwhelming Lok Sabha showing in India's most politically important state. Another recent directive ordering shops and eateries on the Kanwar Yatra route to display names and details of owners was similarly controversial and was temporarily suspended by the Supreme Court. This has created the perception that the state government is attempting to take a hardline stance on issues of faith and majoritarianism at a time of political turmoil, and ahead of key assembly bypolls that are being watched by political opponents of the BJP, as well as rival power centres within.

In making the changes, the government appears to have paid little heed to the numerous reports of harassment and violence against interfaith couples who say that vigilantes are weaponising the criminal justice system to subvert constitutional freedoms. In a country where social censure of interfaith matches is severe, allowing anyone to file a complaint, not just the family of the alleged victim, under the bolstered law can further curtail already precarious individual freedoms. Forced conversions should be prosecuted to the fullest extent of the law, but given interfaith couples often risk their lives to exercise their constitutional freedoms, the government should stand with them, and against vigilantism.

Biodiversity needs a win against oil & gas

The development versus environment debate may not always have a clear winning side, but when it has an endangered species at the centre, the scales must tip in favour of conservation. Vedanta-owned Cairn's proposal to drill in the Hollongapar Gibbon Sanctuary in Assam could have severe consequences for the Hoolock Gibbon, India's only ape species, and a cascading impact on the region's biodiversity. Wildlife scientists have warned that even a small erosion of the forest canopy could destabilise the animal's population, given how it is almost entirely arboreal and moves around using the top branches. Cairn has the blessings of the state government, the Union environment, and the forests and climate change ministry's regional office, albeit with conditions. But the Centre's Forest Advisory Committee must consider expert opinion carefully, given the species is classified as endangered by the International Union for Conservation of Nature.

The gibbons already face a threat to their habitat from the Railways' plans to electrify and expand its network on the sanctuary's land. Ironically enough, two aspects of sustainability are clashing here, with route electrification being key to the Railways' plan to decarbonise. Against this backdrop, hydrocarbon exploration, with all its implications for the country's energy security, may seem a weaker case to risk the likely biodiversity trade-off.

In the Railways' case, the Wildlife Institute of India had recommended setting up artificial canopy bridges for the gibbons as a last resort. Experts will need to weigh in on whether this alternative is even feasible for a drilling project, considering it involves more invasive activity, over a longer period.

Nipah, Chandipura are just tip of the iceberg

The climate crisis is forcing unfamiliar encounters between wildlife species and animals common in human habitats, leading to surging likelihood of zoonosis

We must strengthen One Health microbial surveillance systems, linking information across multiple species and multiple locations PTI

K Srinath Reddy

It appears that viruses just can't stay out of our news, or noses, this season. Even as the Olympics started with a spectacular parade, news of Nipah and Chandipura viruses leading a parade of fresh microbial outbreaks in the country have jostled for space in the media. Meanwhile, the World Health Organization (WHO) has cautioned us that Covid-19 is still causing deaths around the world. Apart from these marquee listings, teams of common cold and flu viruses march under many flags to ensure that the parade of infections proceeds without a pause.

Why are so many of the virus outbreaks zoonotic (transmitted to us from animal hosts)? It is not because animals have suddenly turned malevolent towards humans, determined to win back their violated territories through microbial weapons of mass destruction. It is because humans have created conveyor belts for viral transmission from forest-dwelling wildlife to free-living or captive-bred animal populations and then on to humans. Extensive deforestation, large-scale livestock breeding for meat and dairy consumption, and export of exotic animals and pets, coupled with extensive human travel within and between countries, create opportunities for viruses to leap into vulnerable human bodies anywhere in the world. Their ability, especially notable among respiratory viruses, to speedily mutate means that records of infectivity and immune escape will keep getting broken.

The climate crisis is now accelerating the process by which viral zoonoses spread across the world. With rising temperatures and depleting freshwater supplies, animals and humans are migrating to lands outside their usual habitat. This creates scenarios of unfamiliar encounters between species that hitherto were strangers to each other. This mingling opens up opportunities for virus spillover to new animal hosts that may offer shelter or suffer serious illness because of these pathogens. Either way, the chain of transmission extends further to humans. As science writer Ed Yong said recently in the pages of *The Atlantic*, we have created the age of "Pandemicene" as we transitioned from the Holocene to the Anthropocene.

A team of scientists led by Colin Carlson, a global change biologist at Georgetown University, recently profiled climate crisis-propelled flight paths of potential virus spillovers across species as we journey into the future. Their seminal publication, in *Nature*, warns us that at least 10,000 species of viruses have the ability to infect humans. At present, the majority of them are circulating only amongst wild animals. Disruption of natural ecological barriers opens many gates for their transmission to other species, including humans. Moreover, the climate crisis is leading to animal and human migration on a large scale, creating unforeseen encounters between many species across multiple geographies. Viruses clearly love the emergence of such novel social platforms connecting animal species that were strangers to each other till the climate crisis drove them close.

Carlson's group created a phylogeographical model of interactions between displaced mammals and viruses in different climate crisis and land-use scenarios. They project a geographical range shift for 3,139 mammalian species by 2070 and predict that "species will aggregate in new combinations at high elevations, biodiversity hotspots and in areas of high human population density in Asia and Africa". They forecast that this will result in cross-species transfer of viruses an estimated 4,000 times. Ebola, which was previously confined to West Africa, is likely to become pan-African. Similarly, South Asia will see zoonotic viruses moving well beyond their previously defined zones.

The study predicts that, even under optimistic scenarios for the climate crisis, there will be around 300,000 first encounters between species that never interacted before, leading to about 15,000 spillovers during which viruses will gain entry into new mammalian hosts that were naive to them. Carlson and colleagues caution us that these ecological transitions are already underway, even before we have reached or breached the barrier of 2°C rise in global temperatures that the Paris Agreement set for 2100. Carlson and colleagues nicknamed their research The Iceberg Study, indicating that the present surge of zoonotic infections is a mere fraction of the dangers that the world will face in the future from species jumping viruses.

Among mammalian species, bats (flying mammals) are bandmasters of the zoonotic virus parade. They will account for the majority of virus dispersal pathways that lead to spillovers. SARS CoV-2 was first isolated from bats living in caves around Wuhan. The long-distance flight capacity of bats enables them to respond quickly to the climate crisis and makes them an efficient courier service for virus transport. Their feeding habits result in fruits being contaminated by their secretions, as in the case of the Nipah virus. The highly diverse bat populations of Southeast Asia will remain a major source of pandemic threats.

Carlson and colleagues mapped out threats related to the migration of terrestrial mammals. But, spillovers of viruses and other microbes occur in birds and aquatic species, too. Birds harbour and transport several species of influenza viruses. Patterns of seasonal avian migration are changing as familiar nesting grounds are less welcoming. Insects, which feed on the blood of mammals, also move to new habitats to seek suitable levels of temperature and humidity. The climate crisis is stirring up all of those cauldrons.

The Iceberg Study communicates the urgency of putting the brakes on the unfolding of the climate crisis. Simultaneously, we must strengthen One Health microbial surveillance systems, linking information across multiple species and multiple locations. We should use Artificial Intelligence to predict potential mammalian and avian migration pathways and identify probable microbial spillover events. We must prepare our health systems to ably anticipate, abort and attenuate new pandemic threats. Having sighted the iceberg, we need to steer around it.

The US must not lecture India on religious freedom

The United States (US) International Commission for Religious Freedom has yet again criticised India for the decline in religious freedom, in its 2023 report. Releasing the report, US secretary of state Antony Blinken said, "In India, we see a concerning increase in anti-conversion laws, hate speech, demolitions of homes and places of worship for members of minority faith communities." The new amendments proposed to the Uttar Pradesh conversion law give legitimacy to such criticism. The Indian government rejected the report as "biased and one driven by vote bank politics". But the bigger question is what moral authority does the US have to deliver sermons to us on religious freedom? Shouldn't current events in the 'secular' US not be termed efforts to make it a Christian nation?

"The Bible is an indispensable historical and cultural touchstone", said Oklahoma state superintendent of public instruction Ryan Walters — on June 28 — through a State Board of Education press release. He said that, without basic knowledge of the Bible, Oklahoma students would be unable to properly contextualise the foundation of their nation. Accordingly, Grades V to XII classrooms must mandatorily have a Bible, from which teachers are now required to teach. On June 19, Louisiana came up with a similar law that required all public schools in the state to have the Ten Commandments displayed in classrooms.

Faizan Mustafa

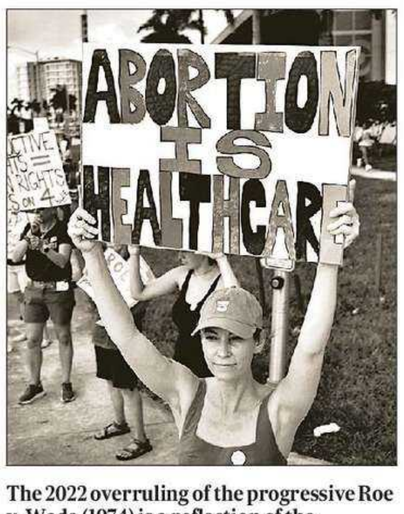
The Non-Establishment Clause of the First Amendment (1791) explicitly says that the US Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof. It was originally applicable only to the federal government, but, through the 14th amendment (1868), it was extended to the states as well. Till 1949, as many as 37 states had some kind of Bible reading in public schools, with 12 mandating this through legal provisions. New York, in 1955, merely recommended (not made compulsory) a prayer: "Almighty God, we acknowledge our dependence on Thee, and we beg Thy blessings upon us, our parents, our teachers, and our country." In 2015, almost an identical prayer was made mandatory in central schools in India, and a challenge to this is pending with the Supreme Court (SC). In 1962, Steven Engel, a Jewish parent in the US, was upset to see his son reciting the New York prayer and challenged it as a violation of the freedom of religion. In the pathbreaking *Engel v. Vitale* (1962) ruling, the US Supreme Court, by a 6:1 majority, declared it unconstitutional. In 1963, in another historic verdict (*Abington School District v. Schempp*), the mandatory collective reading of the Bible was declared unlawful.

True secularism permits freedom for all religions, and also freedom from religion itself. The US is believed to be much ahead of us as a secular nation, but there have been disturbing pronouncements from its judiciary. In spite of its Constitution explicitly separating church and State, in *Zorach v. Clauson* (1952), Justice William O Douglas observed, "We are a religious people, whose institutions presuppose a Supreme Being". The US Senate has a chaplain, and in its armed services, prayer breakfasts are routine. What is most interesting to note is that in the highest court of supposedly the most secular country, public sessions are opened by a functionary bellowing, "God Save This Honourable Court." Many Americans believed that the Civil War was divine punishment for not mentioning Christianity in the Constitution and a "Christian nation" amendment to rectify the mistake of the Founding Fathers was formally moved in 1864. A decade later, it was voted down by the House Judiciary Committee. As late as 1950, it was proposed to add that the constitution "devoutly recognises the Authority of Law of Jesus Christ, Saviour and Ruler of all nations...."

In the US, there is a substantial subsidy in the form of exemption from taxes for the properties of the church. Even books in religious schools are subsidised, justified by calling it "aid to the students" rather than aid to the church. No such provision exists in India, and the proposal to invoke God's name in the Constitution's preamble was voted down by the Constituent Assembly.

Justice David J Brewer of the Supreme Court in *Church of the Holy Trinity v. United States* (1892) held that America is a "Christian nation." The US Supreme Court, in *Vidal v. Girard Executors* (1939), held America is a "Christian country", and, in *US v. Macintosh* (1931), observed that the country was "filled with Christian people". Several American presidents have admitted to a "Christian character" of their country. Woodrow Wilson said, "America was a born Christian nation", while Harry Truman observed, "This is a Christian nation". Richard Nixon had remarked, "Let us remember that as a Christian nation...we have a charge and a destiny".

The religiosity of America's judges is also reflected in other matters. The 2022 overruling of the progressive *Roe v. Wade* (1974) guaranteeing abortion rights to women is a recent pointer. Unlike the US, no court or high constitutional dignitary has ever proclaimed India a Hindu *rashtra*. Our SC merely held that appeal in the name of Hindutva is not religion and appeal in its name is not a corrupt electoral practice.



The 2022 overruling of the progressive Roe v. Wade (1974) is a reflection of the religiosity of America's judges AFP

Faizan Mustafa is vice-chancellor of Chanakya National Law University, Patna. The views expressed are personal

{ ANTONY BLINKEN } US SECRETARY OF STATE

We've been working from day one to prevent the conflict in Gaza from spreading... A big key in trying to make sure that it doesn't spread is getting the ceasefire

HT

ICJ ruling on Israel should spur a rethink in the West

The International Court of Justice (ICJ) recently delivered a historic decision on Israel's occupation of the Palestinian territory in the *Legal Consequences arising from the Policies and Practices of Israel in the Occupied Palestinian Territory, including East Jerusalem* case. The ICJ held that Israel's continued occupation of the Occupied Palestinian Territory (OPT) is a violation of international law and that Israel must withdraw from the OPT as rapidly as possible. In many ways, this verdict is a sequel to the decision rendered by the ICJ in 2004 in the famous *Legal Consequences of the Construction of a Wall in the Occupied Palestine Territory* (the Wall) case. In this case, the ICJ had opined that Israel's construction of a wall on Palestinian soil cutting through Palestinian communities violated international law.

The present case can be called the Wall Plus decision, as international lawyer Marko Milanovic puts it. This case is due to the United Nations General Assembly invoking ICJ's advisory jurisdiction in January 2023 and seeking its opinion on two questions: What are the legal consequences arising from the ongoing violation by Israel of the right of the Palestinian people to self-determination, from its prolonged occupation, settlement, and annexation of Palestinian territory occupied since 1967? And, how do the policies and practices of Israel affect the legal status of the occupation, and what are the legal consequences that arise for all States and the UN from this status?

Prabhash Ranjan

In answering these questions, as an essential starting point, the ICJ held that the decisive criterion to determine if a territory is occupied under international law is whether the occupier exercises effective control, not just physical military presence. In 2004, Israel undertook unilateral disengagement by withdrawing its army from the Gaza Strip. Yet, the ICJ held that Israel continues to exercise effective control over the Gaza Strip and thus has obligations under the law of occupation.

Accordingly, the ICJ found that Israel, as the occupier, is bound by international human rights law (IHRL) in the OPT. A core component of IHRL is non-discrimination. The ICJ held that Israel's actions as an occupying power to treat Palestinian people differently without any justification based on reasonable and objective criteria is discriminatory and a violation of IHRL. Specifically, Israel's actions of a near-complete separation between the settlers and the Palestinian communities in the West Bank and East Jerusalem violate Article 3 of the International Convention on the Elimination of All Forms of Racial Discrimination, which prohibits racial segregation and apartheid. Despite this finding, intriguingly, the court did not use the term 'apartheid' and did not call Israel an 'apartheid State'. The ICJ also declared illegal Israel's settlement policies, such as the transfer of its civilian population to the West Bank and East Jerusalem, exploitation of Palestine's natural resources, forced displacement of the Palestine population, and violence against Palestinians.

On the question of annexation of the OPT, the court held that under the law of occupation, the occupying power must exercise temporary control over the occupied territory. However, Israel's conduct in the OPT, such as maintenance of settlements and construction activities, over the years, demonstrates its assertion of permanent control over the occupied territory. This amounts to annexation and violates the cardinal principle of international law of non-acquisition of territory using force. Moreover, the prolonged effect of Israel's unlawful actions accentuates the violation of the right of the Palestinian people to self-determination.

The ICJ held that Israel's abuse of its position as an occupying power and continued frustration with the Palestinian people's right to self-determination triggers international responsibility. Thus, Israel is under an obligation to end its occupation as soon as possible. It must also provide full reparation, including returning land and seized immovable property since its occupation in 1967.

Another critical dimension of the case is the legal consequences for third States. The ICJ held that all countries are obliged not to recognise as legal the situation arising from Israel's unlawful presence in the OPT. They should not render aid or assistance to Israel that helps it maintain its illegal presence in the OPT. One hopes the US and the other West European nations read this.

Though ICJ's advisory opinions are not binding, they carry great legal and moral weight. Moreover, one should not lose sight of the larger global context in which this decision has been rendered. Israel and its leadership are already battling various court cases and are under incessant attack for violating international law. While no one accepts that Israel will put an end to its unlawful occupation of the OPT or even halt its ongoing military offensive, this case indeed adds to the already momentous pressure on Israel to comply with its international law obligations.

Top Hamas leader assassinated in Iran

Qatar, which has been spearheading efforts to broker a ceasefire in Gaza said the killing of Haniyeh, Hamas group's lead negotiator, has thrown the whole process into uncertainty

Agencies
letters@hindustantimes.com

TEHRAN: Hamas said on Wednesday its political leader Ismail Haniyeh was killed in an Israeli strike in Iran, where he was attending the swearing-in of the new president, and vowed the act "will not go unanswered".

Iran's supreme leader Ayatollah Ali Khamenei too threatened "harsh punishment" for Haniyeh's killing, saying: "We consider it our duty to seek revenge for his blood as he was martyred in the territory of the Islamic Republic of Iran."

Iran's new President Masoud Pezeshkian echoed him, saying: "The Zionists will soon see the consequences of their cowardly and terrorist act."

Israeli policies "have reached a dead end", he added.

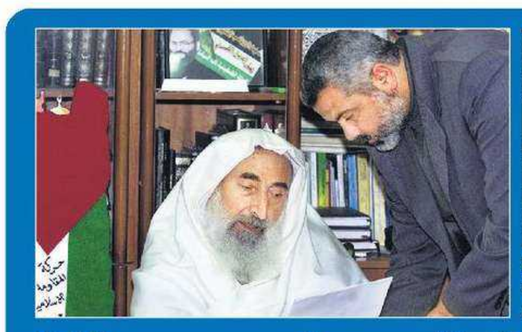
The Israeli government declined to comment on the Tehran strike, which came after it struck a Hezbollah stronghold in south Beirut on Tuesday, targeting a senior commander of the Lebanese militant group it blamed for a deadly weekend rocket strike on the Israeli-annexed Golan Heights.

Iran's Revolutionary Guards also announced the death, saying Haniyeh's residence in Tehran was hit and he was killed along with a bodyguard.

Iranian media said the 2:00am (local time) strike targeted "the special residences for war veterans in north Tehran" where Haniyeh was staying.

The missile that killed Haniyeh struck him "directly", Hamas deputy chief in Gaza Khalil Al-Hayya said on Wednesday, citing witnesses who had been with Haniyeh in Iran.

As a result of the missile strike, windows, doors and walls in his room were destroyed, Al-Hayya told a press conference in Tehran.



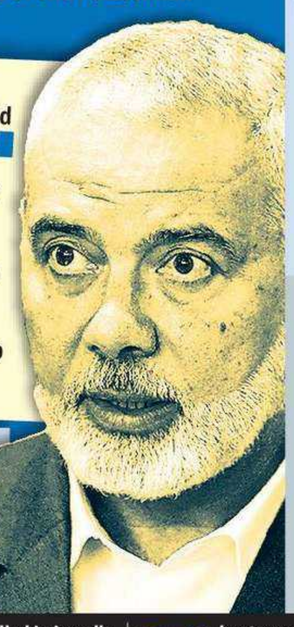
Sheikh Ahmed Yassin (left), Hamas's founder and spiritual leader with Ismail Haniyeh at his house in Gaza Strip, on February 27, 2002. REUTERS

Who was Ismail Haniyeh?

The Hamas leader who was killed in Iran, was the tough-talking face of the Palestinian group's international diplomacy, as war raged back in Gaza.

Haniyeh was born in a refugee camp near Gaza City. As a young man, Haniyeh was a student activist at the Islamic University in Gaza City. He joined Hamas when it was created in the first Palestinian intifada (uprising) in 1987. His parents were refugees expelled from Askalan, which later became known as the Israeli city Ashkelon.

Haniyeh was an early advocate of Hamas entering politics. In 1994, he said that forming a political party "would enable Hamas to deal with emerging developments". Initially overruled by the Hamas leadership, it was later approved and Haniyeh become Palestinian PM after the group won Palestinian parliamentary elections in 2006 a year after Israel's military withdrew from Gaza. The group took control of Gaza in 2007.



When he left Gaza in 2017, Haniyeh was succeeded by Yahya Sinwar, a hardliner who spent more than two decades in Israeli prisons and whom Haniyeh had welcomed back to Gaza in 2011 after a prisoner exchange. The US designated Haniyeh a terrorist in 2018.

GAZA WAR

1,190+ civilians died in Hamas group's October 7 attacks on Israel, which sparked the war in Gaza

39,400+ people killed in Israel's retaliatory campaign against Hamas in Gaza

251 hostages, 111 of whom are still held captive in Gaza, including 39 Israel says are dead

A MODERATE VOICE?

- Haniyeh was seen by many diplomats as a moderate compared to the more hardline members of the Iran-backed group. Haniyeh moved between Turkey and Qatar's capital Doha, escaping the travel curbs of the blockaded Gaza Strip and enabling him to act as a negotiator in ceasefire talks.
- Three of Haniyeh's sons — Hazem, Amir and Mohammad — were killed on April 10 when an Israeli airstrike struck the car they were driving. Haniyeh also lost four of his grandchildren, three girls and a boy, in the attack.

> We are highly concerned about the incident and firmly oppose and condemn the assassination.
> — LIN JIAN, China's foreign ministry spokesperson

Netanyahu warns

Israeli Prime Minister Benjamin Netanyahu said Israel "will exact a heavy price from any aggression against us on any front".

It was his first public statement since the killing of Hamas' top political leader, Ismail Haniyeh, in an airstrike in Tehran.

Netanyahu did not mention the killing. Netanyahu said Israel had delivered crushing blows to Iran's proxies over the past few days, including Hamas and Hezbollah.

General strike, protests

Haniyeh, 62, had travelled to Tehran to attend Tuesday's swearing-in of Pezeshkian.

The government, following the news of the killing, declared three days of national mourning.

An "official and public" funeral ceremony for Haniyeh will be held in Tehran on Thursday before his body is flown to Qatar, his base in recent years, for burial on Friday, Hamas said.

Hundreds of demonstrators waving Palestinian flags rallied on Wednesday in Tehran's Palestine Square, chanting "Death to Israel, Death to America!", AFP correspondents said.

Palestinian president Mahmoud Abbas condemned Haniyeh's killing as a "cowardly act". Palestinian factions in the Israeli-occupied West Bank called for a general strike and protest marches across the territory.

Netanyahu has vowed to destroy Hamas in retaliation for its October 7 attacks on Israel, which sparked the war in Gaza.

Qatar says talks in doubt

Regional tensions have soared during the war, drawing in Iran-backed militant groups in Syria, Lebanon, Iraq and Yemen.

Qatar's Prime Minister Sheikh Mohammed bin Abdulrahman Al-Thani, who has spearheaded efforts to broker a truce and hostage release deal between Israel and Hamas, said Haniyeh's killing threw the whole mediation process into doubt. US Secretary of State Antony Blinken said on Wednesday that a ceasefire in Gaza was still the "imperative".

KHALED MESHAAL TIPPED TO BE NEW HAMAS LEADER

CAIRO: Khaled Meshaal, tipped to be the new Hamas leader, became known around the world in 1997 after Israeli agents injected him with poison in a botched assassination attempt on a street outside his office in the Jordanian capital Amman.

Hamas sources said Meshaal is expected to be chosen as paramount leader of the group to replace Ismail Haniyeh, who was assassinated in Iran in the early hours of Wednesday, with Tehran and Hamas vowing retribution against Israel. REUTERS

Assassination fuels fears of retaliation and wider conflict

Reuters
letters@hindustantimes.com

CAIRO/DUBAI: Hamas leader Ismail Haniyeh was assassinated early on Wednesday morning in Iran, the Palestinian militant group and Tehran said, drawing threats of revenge on Israel in a region already shaken by the war in Gaza and a deepening conflict in Lebanon.

Hamas' armed wing said in a statement Haniyeh's killing would "take the battle to new dimensions and have major repercussions", while Iran declared three days of national mourning and vowed to retaliate.

Iran's Supreme Leader Ali Khamenei said Israel had provided the grounds for "harsh punishment for itself" and it was Tehran's duty to avenge the Hamas leader's death as it had occurred in the Iranian capital. Iranian forces had already made strikes directly on Israel earlier in the Gaza war.

US Secretary of State Antony Blinken, at an event in Singapore, sidestepped a question on Haniyeh's killing, saying a ceasefire deal in Gaza was key to avoiding wider regional escalation.

The assassination, which took place less than 24 hours after Israel claimed to have killed the Hezbollah commander it said was behind a deadly strike in the Israeli-occupied Golan Heights, appears to set back chances of any imminent ceasefire agreement in the 10-month-old war Gaza.

"This assassination by the Israeli occupation of Brother Haniyeh is a grave escalation that aims to break the will of Hamas," senior Hamas official Sami Abu Zuhri told Reuters.

He said Hamas, the Palestinian Islamist group that ruled Gaza prior to the Israeli assault, would continue the path it was following.

Israeli Defence Minister Yoav Gallant said Israel was not trying to escalate the war but was prepared for all scenarios.

Haniyeh's assassination comes as Israel's campaign in Gaza approaches the end of its 10th month with no sign of an end to a war that has threatened to spiral into a wider regional conflict. Ceasefire talks brokered by Egypt and Qatar appear to have faltered.

At the same time, the risk of a war between Israel and Hezbollah has grown following the strike in the Golan Heights that killed 12 children in a Druze village on Saturday and the subsequent killing of the senior Hezbollah commander Fuad Shukr.

WHAT THEY SAY

How can mediation succeed when one party assassinates the negotiator on the other side?

SHEIKH MOHAMMED AL THANI, Qatar's Prime Minister

This shameful act aims to sabotage the Palestinian cause, the glorious Gazan resistance.

RECEP TAYYIP ERDOGAN, Turkish President

ISRAELIS GLOAT AFTER HAMAS LEADER KILLED

Reuters
letters@hindustantimes.com

JERUSALEM: Israel's government has said little on the assassination of Hamas chief Ismail Haniyeh in Iran, but the news of his death was welcomed by Israelis who saw it as a major achievement in the war against the Palestinian Islamist group.

"Ismail Haniyeh eliminated in Tehran," read an identical banner stamped on the near-nonstop news coverage by the country's four leading television channels on Wednesday.

Commentators and experts mulled over the capabilities needed to carry out such an assassination while also speculating how it might impact the war in Gaza and the chances of reaching a hostage release deal.

In much of Israel there was a mood of satisfaction, a day after Israel's military said it killed one of the most senior leaders of Iranian-backed Hezbollah in Beirut in retaliation for a deadly attack in the Israeli-occupied Golan Heights.

"This is an amazing achievement of intelligence linked to operations, that lead to the result," Amos Gilad, a former senior defence official, said on Channel 12. "Regarding the performance we can say it was impressive, whoever carried it out."

Prime Minister Benjamin Netanyahu has not commented on Haniyeh's killing, neither has his defence minister.

The government's press office posted an image of Haniyeh on Facebook with the word "eliminated" pasted on his forehead.

A couple of junior ministers not part of the inner circle of security officials making strategic decisions took to social media to celebrate the operation, which Israel has not officially claimed.

Diaspora Affairs Minister Amichai Chikli posted on X a video of Haniyeh attending an event in which the crowd chanted "Death to Israel." Chikli wrote: "Careful what you wish for."

Senior Gen. Min Aung Hlaing AP

MYANMAR'S JUNTA EXTENDS STATE OF EMERGENCY BY SIX MONTHS AS CIVIL WAR RAGES

BANGKOK: The military regime that seized power in Myanmar 3 1/2 years ago on Wednesday extended the state of emergency in the civil war-wracked country for another six months, saying it needs time to prepare for long-promised elections.

The state of emergency was initially declared when troops ousted the elected government of Aung San Suu Kyi on February 1, 2021, arresting her and members of her National League for Democracy party.

The emergency decree empowers the military to assume all government functions, giving the head of the ruling military council, Senior Gen. Min Aung Hlaing, legislative, judicial and executive powers.

At the moment, military regime is facing its greatest challenge since taking power, as powerful ethnic minority militias and people's defence forces that support Myanmar's main opposition have taken wide swathes of territory in fierce fighting in recent months.

The military is now estimated to control less than half the country, but is holding on tenaciously to much of central Myanmar, including the capital, Naypyidaw, which was recently targeted by small rocket attacks and two bombings.

The extension of the state of emergency was granted by the National Defence and Security Council, after Ming Aung Hlaing argued more time is needed to restore stability to the country and carry out a census in preparations for national elections, state-run MRTV reported. AP

Venezuela's govt ratchets up attacks on opposition

Agencies
letters@hindustantimes.com

CARACAS/HANOI: Venezuelan government leaders ratcheted up their attacks on their opponents on Tuesday, with some suggesting the opposition's most influential leader and a presidential candidate be arrested, as foreign countries including key ally Brazil and the US decried a lack of transparency over the disputed presidential election.

A day after President Nicolas Maduro was declared the winner by a National Electoral Council that is loyal to him and the ruling party, the attacks, which were aired on national television, followed the opposition's surprise release of detailed voting data that it said shows that Edmundo Gonzalez won by a landslide.

The electoral council has not released any results from the polling centre level, which come from tally sheets that the more than 30,000 electronic voting machines print after polls close. It is not obligated to do so, but in previous elections it has posted the figures online within hours.

US President Joe Biden and Brazilian President Luiz Inacio Lula da Silva spoke by phone and agreed that Venezuela must release the data, saying the election's outcome "represents a critical moment for democracy in the hemisphere", according to a White House summary of the call.

EU foreign affairs chief Josep Borrell said on Wednesday the results of Venezuela's election cannot be recognised until voting records are verified and made public. "We ask to be provided with immediate access to the voting records of polling stations," Borrell said during a trip to Vietnam. "Until the records are made public and verified, election results that have already been declared cannot be recognised."

G7 foreign ministers called on the Venezuelan authorities on Wednesday to publish election results "in full transparency", citing "serious concerns" after the disputed re-election victory of President Nicolas Maduro.

Opposition leader Maria Corina Machado and presidential candidate Edmundo Gonzalez Urrutia greet supporters during a rally in Caracas, Venezuela on Tuesday. AFP

{ U.S. PRESIDENTIAL POLLS }

'8 in 10 Dems okay with Harris as nominee'

Associated Press
letters@hindustantimes.com

WASHINGTON: Vice-President Kamala Harris appears to have energised Democrats in the early days of her candidacy, with the surge in warm feelings extending across multiple groups, including some key Democratic constituencies that had been especially tepid about President Joe Biden, a new poll shows.

About 8 in 10 Democrats say they would be somewhat or very satisfied if Harris became the Democratic nominee for president, according to the survey from The Associated Press-NORC Center for Public Affairs Research, which was conducted after Biden withdrew from the race.

In a separate AP-NORC poll, taken before Biden dropped out but after his debate against Republican former President Donald Trump, only about 4 in 10 Democrats said they were somewhat or very satisfied that he was the Democratic Party's likely nominee for president.

The rapidly changing views among Democrats in such a short time span underscore how swiftly the party — from rank-and-file voters to elected officials — has coalesced behind Harris as its standard-bearer, motivated by the fresh face at the top of the ticket and newfound confidence in the party's prospects against Trump in November.

Gary Hines, a Democrat from Philadelphia, said he wasn't particularly impressed by Harris' first presidential bid but now, she's shown "she's up to the task, can do the work, has proven that she's running a strong campaign so far and maybe on a bigger level, she's somebody that can beat Donald Trump."

Kamala Harris AP

Americans are also more likely to say that Harris would make a good president than they were earlier in July, a shift that was primarily driven by Democrats.

They still see a tough contest looming, though: A majority of US. adults, 56%, say that if Trump and Harris are their parties' nominees for the general election in November, Trump is more likely to win.

Lauren Schulman, a Democrat from Pompano Beach, Florida, said she admires Biden and what he has accomplished during his presidency. But she said with him at the top of the ticket, "I have just been so terrified that we were going to lose."

With Harris, on the other hand, "she's been a bright, shining star", said Schulman, 66.

Bangladesh police fire tear gas as protesters return to streets

Reuters
letters@hindustantimes.com

DHAKA: Police in Bangladesh fired tear gas and lobbed sound grenades on Wednesday to scatter protesters marching to demonstrate against violence that killed at least 150 people this month during student-led agitation against job reservations.

The unrest is the biggest test facing Prime Minister Sheikh Hasina, 76, since she won a fourth straight term in January elections that were boycotted by the main opposition Bangladesh Nationalist Party and also marred by deadly protests.

Police said they had to use force when protesters in the northeastern district of Sylhet broke through barricades to head for the courts.

"We requested the protesters to move from the road, but they didn't listen and instead attacked the police, forcing us to disperse them with tear gas and stun grenades," said regional deputy commissioner Azbahar Ali Sheikh.

Cultural activists and members of civil society clash with police personnel in Dhaka, Bangladesh on Tuesday. AFP

Dhaka, the capital, and the southern port city of Chittagong were among several places where police and protesters scuffled, domestic media said.

The number of casualties was not immediately clear, though the media reported some injuries, with some students detained.

Wednesday's nationwide "March for Justice" was called by the Students Against Discrimination group that was at the forefront of protests against quotas in government jobs.

Although the students had agreed to call off their protest after the Supreme Court scrapped most quotas on July 21, they turned out again to demonstrate against the deaths, arrests, and government intimidation in this month's violence.

UKRAINE RECEIVES FIRST F-16 JETS TO BOLSTER DEFENCES AGAINST RUSSIA

WASHINGTON: Ukraine has received the first F-16 fighter jets that it has sought for months to fight back against an onslaught of Russian missile strikes, a US official confirmed to the Associated Press.

Ukraine has been pushing its Western allies for F-16 fighter jets for Ukraine for months, saying they were critically needed to fight back against the onslaught of missiles Russia has fired against it.

President Joe Biden dropped his opposition to sending F-16s to Ukraine in May 2023, after repeated pleas by President Volodymyr Zelensky and Nato allies to allow their transfer.

The F-16 is specialised in suppressing enemy air defences.

The US has also been training Ukrainian pilots on how to fly the jets and has already graduated the first group of pilots on its operation. It's not clear how many jets were provided in the first tranche or which nations provided them. The Ukrainian government has not confirmed receipt of the jets. AGENCIES

Massive CrowdStrike outage to cost Delta $500mn, says CEO

NEW YORK: A global computer outage in July that stranded thousands of travellers will cost Delta Air Lines $500 million, the company's CEO Ed Bastian told CNBC on Wednesday. Bastian added "We have no choice." "We're looking to make certain that we get compensated however they decide to, for what they cost us," he said, referring to US companies Microsoft and CrowdStrike. AFP

Sudan's military leader survived a drone strike: Army

CAIRO: Sudan's military leader, General Abdel-Fattah Burhan, survived a drone attack on Wednesday on an army graduation ceremony he was attending in the country's east, the military said. The attack that killed five people was the latest twist in the conflict Sudan has been going through since a popular uprising removed its veteran leader Omar al-Bashir in 2019. AP

Ex-BBC anchor pleads guilty to indecent child pictures charges

LONDON: Former BBC TV news presenter Huw Edwards, a household name in Britain, pleaded guilty on Wednesday to three counts of making indecent pictures of children. Edwards, 62, who was the BBC's highest paid journalist and top news anchor until he quit in April, had arrived at London's Westminster Magistrates' Court wearing sunglasses through a throng of photographers and camera crews. REUTERS

पावरग्रिड POWERGRID

NOTICE

Notice is hereby given that the **35th Annual General Meeting ("AGM")** of the Members of Power Grid Corporation of India Limited ("Company") will be held on **Thursday, 22nd August, 2024 at 11.00 a.m. (IST)** through Video Conferencing ("VC") / Other Audio Visual Means ("OAVM"), in compliance with the applicable provisions of the Companies Act, 2013 and General Circular dated 25th September, 2023 read with Circular dated 5th May, 2020 of Ministry of Corporate Affairs (MCA) and circular dated 7th October, 2023 of Securities and Exchange Board of India (SEBI).

Electronic copies of the Notice of the 35th AGM, procedure and instructions for e-voting and the Annual Report 2023-24 have been sent on **31st July, 2024,** to all those Members whose email IDs are registered with the Company/Depositories in terms of circular dated 7th October, 2023 of Securities and Exchange Board of India (SEBI).

The Notice of the 35th AGM and the Annual Report 2023-24 are also available on the website of the Company at **https://www.powergrid.in** on the website of the National Securities Depository Limited ("NSDL") at **www.evoting.nsdl.com** and on the websites of BSE Limited at **https://www.bseindia.com** and National Stock Exchange of India Limited at **https://www.nseindia.com**

The Company is providing the facility to its Members to exercise their right to vote on the businesses, as set forth in the Notice of the 35th AGM, by electronic means through both remote e-voting and e-voting at the AGM. All Members are informed that:

1. Members may attend the 35th AGM through VC / OAVM or watch the live web-cast at **www.evoting.nsdl.com** by using their remote e-voting credentials.
2. The instructions for participating through VC / OAVM and the process of e-voting, including the manner in which Members holding shares in physical form or who have not registered their e-mail address can cast their vote through e-voting, are provided as part of the Notice of the 35th AGM.
3. Members whose names appear in the register of members or in the register of beneficial owners maintained by the depositories as on the **cut-off date i.e. Friday, 16th August, 2024**, shall only be entitled to avail the remote E-Voting facility or E-Voting at the AGM, as the case may be, at the AGM.
4. Remote e-voting shall commence at **9:00 AM (IST) on Monday, 19th August, 2024 and end at 5:00 PM (IST) on Wednesday, 21st August, 2024**. Remote e-voting shall not be allowed beyond **5:00 PM (IST) on Wednesday, 21st August, 2024** and once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently.
5. In case a person has become a Member of the Company after dispatch of the Notice but on or before the cut-off date for remote e-voting & e-voting at the AGM, or has registered the e-mail address after dispatch of the Notice, such Member may obtain the user ID and password for remote e-voting and E-voting at the AGM as per the procedure provided in the Notice of 35th AGM.
6. Members who have cast their vote by remote e-voting prior to the AGM may attend the AGM through VC / OAVM, but shall not be entitled to cast their vote again. Members who have not cast their vote through remote e-voting and are present in the AGM through VC / OAVM, shall be eligible to vote through e-voting at the AGM.
7. Mrs. Savita Jyoti of M/s Savita Jyoti Associates, Company Secretaries, has been appointed as Scrutinizer to scrutinize the remote e-voting and e-voting process in a fair and transparent manner.
8. **Manner of casting vote(s) through e-voting:** In terms of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, the Resolutions for consideration at the 35th AGM will be transacted through remote e-voting and e-voting at the AGM. The Company is taking services of National Securities Depository Limited ("NSDL") for facilitating voting through electronic means. Shareholders who hold shares in physical form or who have not registered their e-mail addresses and wish to participate in the AGM or cast their votes through remote e-voting or e-voting during the AGM can log on to the e-voting website **www.evoting.nsdl.com** by using their credentials. Shareholders are requested to read instruction contained in the Notice of AGM available on the website of the Company/Stock Exchanges.
9. **Manner of registering / updating email ID & Bank Details:** Shareholders who have not yet registered their email IDs and Bank Account details are hereby requested to register the same in following manner:

   Physical shareholders are hereby notified that based on SEBI Circular number: SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/37, dated March 16th, 2023, all holders of physical securities in listed companies shall register the postal address with PIN for their corresponding folio numbers. It shall be mandatory for the security holders to provide mobile number. Moreover, to avail online services, the security holders can register e-mail ID. Holder can register/update the contact details through submitting the requisite ISR 1 form along with the supporting documents.

   ISR 1 Form can be obtained by following the link:

   https://ris.kfintech.com/clientservices/isc/isrforms.aspx

   ISR Form(s) and the supporting documents can be provided by any one of the following modes.

   a) Through 'In Person Verification' (IPV): the authorized person of the RTA shall verify the original documents furnished by the investor and retain copy(ies) with IPV stamping with date and initials; or

   b) Through hard copies which are self-attested, which can be shared on the address below; or

Name	KFIN Technologies Limited
Address	Selenium Building, Tower-B, Plot No 31 & 32, Financial District, Nanakramguda, Serilingampally, Hyderabad, Rangareddy, Telangana India - 500 032.

   c) Through electronic mode with e-sign by following the link:

   https://ris.kfintech.com/clientservices/isc/isrforms.aspx

   Detailed FAQ can be found on the link: **https://ris.kfintech.com/faq.html**

   For more information on updating the email and Mobile details for securities held in electronic mode, please reach out to the respective DP(s), where the DEMAT a/c is being held.
10. In case of any query/grievance regarding e-voting or technical assistance for VC / OAVM participation, Members may contact National Securities Depository Limited ("NSDL") at 022 - 4886 7000 or send a request to Ms. Pallavi Mhatre at **evoting@nsdl.com**
11. Members are requested to read carefully all the Notes set out in the Notice of the AGM and in particular, instructions for joining the AGM, manner of casting vote through remote e-voting or through e-voting at the AGM.

By order of the Board of Directors

Taxman puts Infosys on notice over GST evasion

₹32,403 crore IGST on services given by foreign branches, says DGGI

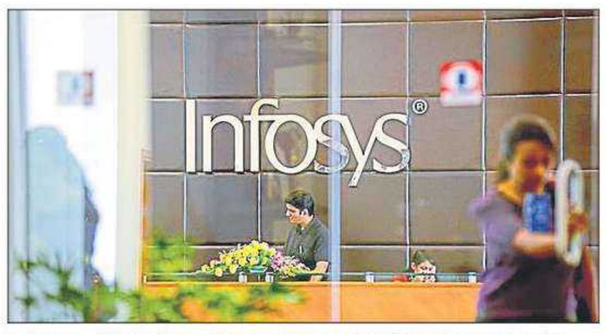
Nikita Prasad and Jas Bardia
jas.bardia@livemint.com

NEW DELHI/BENGALURU: Tax authorities on Wednesday flagged indirect tax evasion of ₹32,403 crore at Bengaluru-based Infosys Ltd over services provided by its overseas branches, in one of the largest cases since the debut of the goods and services tax (GST) regime more than seven years ago.

Infosys, India's second-largest technology services provider, said it believes the tax does not apply to the services in question.

A Directorate General of GST Intelligence (DGGI) note said it is investigating the technology bluechip for evasion of integrated goods and services tax (IGST) over a five-year period till FY22.

It said the IT giant set up branch offices abroad for carrying out business and included the expenses it incurred towards these overseas branches as part of its export invoice from India.



Infosys said it believes the tax does not apply to the services in question. MINT

As Infosys creates overseas branches to service clients as part of its agreement with the clients, those branches and the company are each treated as 'distinct persons' under the IGST Act, DGGI said, adding Infosys is being investigated for 'non-payment of IGST on import of services as recipient of services.'

In its incident report, DGGI said services provided by the overseas branches ensured efficient running of the company's businesses in foreign countries; better delivery of the company's services; better co-ordination between the customers; helped sell the company's services to international clients; provided consultancy and legal services required for the business operations of the company in foreign countries; and managed company employees located outside India who are working in onsite projects.

Infosys informed stock exchanges about the tax notice late in the evening.

"The company believes that as per regulations, GST is not applicable on these expenses. Additionally, as per a recent circular (circular number 210/4/2024 dated June 26, 2024) issued by the Central Board of Indirect Taxes and Customs on the recommendations of the GST Council, services provided by the overseas branches to Indian entity are not subject to GST," it said.

Infosys said GST payments are eligible for credit or refund against export of IT services, and that it has responded to the notice. "Infosys has paid all its GST dues and is fully in compliance with the central and state regulations on this matter," it said.

"The matter appears to pertain to a technical interpretation as per the LODR (Listing Obligations and Disclosure Requirement) filing by the company. Though the Infosys matter pertains to earlier years, one hopes that needless litigation does not emerge, especially given industry-wide ramifications," said Ketan Dalal, managing director, Katalyst Advisors, a structuring and advisory firm.

On social media platform X, Mohandas Pai, a former member on the board of Infosys, termed the tax demand "outrageous" and "a case of tax terrorism". Earlier in the day, shares of Infosys settled 0.48% lower at ₹1,868.05 on the BSE.

Tech workers must wait longer for wage hikes

Nehal Chaliawala
nehal.chaliawala@livemint.com

NEW DELHI: Hundreds of thousands of India's tech workers are staring at delayed wage hikes for the second year running, as companies navigating a winter of weak revenues and muted outlook look to shore up margins first. The delay comes at a time of falling headcounts at most tech companies.

While Wipro, HCLTech, Tech Mahindra and LTIMindtree are yet to decide on wage hikes, Infosys, which had given FY23 hikes in last November as against the usual June, isn't thinking about FY24 hikes yet.

"We are evaluating, considering all the factors that we always consider including inflation, including when was the last wage revision taken, the environment, the macro environment as well as the peer practice," Infosys CFO Jayesh Sanghrajka, told analysts in a post-earnings call on 18 July.

Tata Consultancy Services Ltd, the No. 1 IT services company, is the only one to stick to its wage hike cycle, giving the hikes in the previous quarter.

Both Tech Mahindra Ltd and LTIMindtree Ltd, the country's fifth and sixth largest software services companies, respectively, have delayed annual salary hikes to their employees.

Employees are jittery and unhappy in the companies that have delayed hikes,. MINT

On the other hand, HCL Technologies Ltd and Wipro Ltd, which are to give hikes later in the year, have not set a date. Bengaluru-based Wipro pushed the wage cycle by three months last year, disbursing hikes to its 240,000 employees in December. This year seems no different.

"We have not decided when to give the salary hikes. We will decide in this quarter but will be in line with the market whenever we decide," said Srinivas Pallia, CEO of Wipro, in the post-earnings analyst call.

Each of the four IT services companies mentioned above, have reported their best April-June quarter margin performance in three years in comparison with the preceding three months.

Inside companies that have not yet set a date or have delayed hikes, employees are jittery and unhappy.

Salary hikes are the primary job incentive for junior level employees, who have around three years of experience and earn about ₹4 lakh per annum.

"To keep employee morale high, the company must have given hikes," an employee of a top IT company said, requesting not to be named. "If it (salary hike) doesn't happen this quarter, it won't happen this year. The management does not have intent and will push the ball to another quarter."

"We get to know more about salary hikes from news organizations than from our own company's management," quipped a second employee of the firm, reflecting the lack of communication from the company in addition to the delay.

An expert believes job hopping can pose difficulty for homegrown software services companies in the future.

"Companies may face difficulties retaining junior talent as these employees might seek opportunities elsewhere with better compensation packages," said Krishna Vij, vice-president for IT staffing at headhunting firm TeamLease Digital.

CAN BRING IN A HYBRID SUV SOON IF DEMAND PICKS UP: M&M

Alisha Sachdev
alisha.sachdev@livemint.com

NEW DELHI: Automotive major Mahindra & Mahindra (M&M) can get a hybrid sport utility vehicle (SUV) to market in a reasonable timeframe, and also expects good pickup in demand for its upcoming range of electric vehicles (EVs), the company's top official said on Wednesday.

"If there is a very strong consumer demand for hybrids or other powertrains, we can get that at a reasonable timeframe as well," group chief executive and managing director of M&M, Anish Shah said in the company's earnings press conference, adding that in terms of pick-up for the EV segment, "we feel pretty good that with the product set that's coming out, we will be very favorably positioned".

Shah was responding to Mint's question on whether the company will focus on diversifying its powertrain mix away from diesel-powered vehicles to better comply with the upcoming fuel efficiency norms.

M&M derives the majority of its sales from diesel-powered variants of its SUVs like XUV700, Scorpio-N and Thar.

Recently, a UP government directive to implement a 100% road-tax waiver on hybrid vehicles has revived interest in the technology, offered in India by OEMs such as Toyota Kirloskar Motor and Maruti Suzuki.

Shah's comments come against the backdrop of rival Tata Motors choosing to stay away from hybrids, even as sales of EVs moderate and hybrids gain more popularity as a more practical, fuel-efficient alternative to EVs and traditional IC-engine variants.

The company on Wednesday reported a 20% year-on-year (y-o-y) increase in consolidated operational profit to ₹3,283 crore for the quarter ended 30 June.

Its net profit, however, was down 6% y-o-y.

The company reported a 1.8% y-o-y improvement in auto margins to 9.5% in Q1FY25.

Byju's move to pay BCCI irks lenders

Priyanka Gawande
priyanka.gawande@livemint.com

MUMBAI: Byju's has told the National Company Law Appellate Tribunal (NCLAT) that Riju Raveendran, younger brother of the edtech company's founder Byju Raveendran, has raised ₹158 crore to pay the Board of Control for Cricket in India (BCCI), one of the company's operational creditors.

On Wednesday, Byju's counsel Arun Kathpalia told the appeals forum that the company paid the BCCI ₹50 crore on 30 July, and that the second and third tranches would be paid on 2 August and 9 August. This follows an appeal by Byju Raveendran, challenging insolvency proceedings ordered by the NCLT.

However, US lender Glas Trust Inc. opposed the settlement, saying its claim was on a guarantee worth ₹8,000 crore. The money, which was disbursed to Byju's US subsidiary, "has disappeared", said senior lawyer Mukul Rohatgi, appearing for Glas Trust Inc.

Citing a Delaware court judgement, Rohatgi said Byju Raveendran and his edtech firm have diverted more than $500 million. "We want to know if Byju's coaching centres are closed... [if] they are unable to pay the staff then where is this money coming from? The money should come to us," he added. Under the Insolvency and Bankruptcy Code (IBC), financial creditors must be repaid before operational creditors. Tushar Mehta, representing the BCCI, argued that the cricket board's claim of ₹158 crore was relatively small and that Glas Trust should independently seek an order in the matter. "Let [Glas Trust] not come in way of our two parties settling the issue," Mehta said, adding that the settlement would not be paid by Byju Raveendran or his company.

Kathpalia, Raveendran's counsel, clarified that the amount owed to the BCCI would be paid by Riju Raveendran as he had raised those funds independently, without having access to the company's money.

Byju Raveendran, founder, Byju's. MINT

"He is the largest shareholder of the company... There is no order which prevents him from making this payment, therefore no one is being prejudiced," Kathpalia said. Contesting the allegations by Glas Trust, he said creditors could only object if the money was coming from the corporate debtor's account (in this case, Byju's).

One of the main reasons Byju Raveendran filed the appeal was to try and halt the formation of a committee of creditors, as this would make it harder for the company to exit bankruptcy. The counsel for the proposed CoC has given the NCLAT an oral undertaking that no such committee with be formed until the matter is disposed of on Thursday. In November 2021, Byju's had raised $1.2 billion from a consortium of lenders in the US but began defaulting on payments in June 2022. The amount was raised specifically for its US expansion and could not be transferred to India under the terms of the agreement.

The lenders have since sued the company to recover their money. Last year, they took control of Byju's US subsidiary Alpha, which held the bulk of the money. However, days before a trustee appointed by the lenders was set to take control of the subsidiary, Byju's syphoned out more than $500 million, the lenders said.

Core sector growth hits 20-month low at 4% in June

Auhona Mukherjee
letters@hindustantimes.com

NEW DELHI: The growth in eight key infrastructure sectors, as measured by the combined Index of Eight Core Industries (ICI), slowed to a 20-month low at 4% in June 2024 compared to the year before, according to data released by the ministry of commerce and industry on Wednesday. This is a dip from May, when the index expanded by 6.3%. Sequentially, the index contracted by 3.2% in June compared to an expansion of 3.8% in May.

These sectors, which include coal, crude oil, natural gas, refinery products, fertilizers, steel, cement, and electricity, had expanded at 8.3% in June last year, which shows that seasonal causes or base effects were not responsible for the slowing growth.

Crude oil and refinery products components of the index, they have a weight of 8.98% and 28.04% respectively, contracted in June. The contraction in the production of refinery products dragged the overall index down since it has the highest weight in the index. This sector contracted year-on-year by 1.5% as compared to an expansion of 0.5% in May. Crude oil contracted by 2.62%.

THIS IS A DIP FROM MAY, WHEN THE INDEX EXPANDED BY 6.3%

Growth in coal, however, expanded from 10.2% in May to 14.8% in June. Fertilisers and cement saw a reversal from a contraction of 1.7% and 0.6% in May to an expansion of 2.5% 1.9% in June, respectively. However, both of these have the lowest weights with 2.6% for fertilisers and 5.4% for cement so improvements in them did not benefit the overall index much.

Growth in natural gas, steel, and electricity slowed in June. These sectors have weights of 6.9%, 17.9%, and 19.9%, respectively. The eight sectors included in the core sector index accounts for around 40% weight in the broader Index of Industrial Production (IIP). The IIP, which is released with a six-week lag, expanded at a seven-month high of 5.9% in May. The Seasonally Adjusted Composite Purchasing Managers' Index (PMI) released by S&P Global, which measures private sector business activity, rose to 61.4 in July in a preliminary survey. This number stood at 60.9 in June.

The trends described above, however, need to be read with some caution. The latest three months of data on the index is provisional and undergoes revision in subsequent months. For example, the Wednesday data release has increased the May growth rate slightly to 6.4% from 6.3% in the first provisional estimate released last month.

The data for eight core sectors for the month of July will be released on August 30.

Timely monsoon to aid farm output growth by 5% in FY24

Dhirendra Kumar & Gireesh Chandra Prasad
dhirendra.kumar@livemint.com

NEW DELHI: Timely monsoon showers, which are 2% above normal nationally so far, will help farming output grow by about 5% this financial year, up from 1.4% in FY24, NITI Aayog member Prof Ramesh Chand in an exclusive interview to *Mint*. This will help cool prices of commodities, especially pulses, which have remained high over the past several months, he said.

Chand, a career agricultural economist, said robust farm output growth would require government intervention to ensure that prices of pulses on the open market do not fall below its procurement prices that are meant to support farmers. High prices of pulses have in the past led to a series of administrative steps to cool local prices.

"In FY24, agriculture output saw 1.4% growth, after seven years of more than 5% average growth," said Chand, who also served as director of the National Institute of Agricultural Economics and Policy Research (NIAP), a premier institution under the Indian Council of Agriculture Research (ICAR).

In FY24, agriculture output saw 1.4% growth, after 7 years of over 5% average growth. AFP

"Given the low base of 2023-24, according to my calculations, [agriculture output growth in FY25] should be more than 5%. So far, indications about the kharif season are positive," said Chand.

He added that for the next 10 years, the growth rate in agriculture needs to be maintained at 5% a year for good economic growth.

"Some years, the growth rate might hover around 4% or even drop below that. This variability is expected due to the unpredictable nature of agricultural outputs, which is influenced by factors such as weather, market dynamics and policy changes," Chand said.

The kharif season begins with the onset of the southwest monsoon in June-July and ends in September-October. It plays a key role in determining farmers' incomes, consumption, and overall economic growth.

"Overall, at the national level, from 1 June to about 26 July, rainfall has been 2% more than normal. There is a slight deficit in some parts of the country, but the forecast is that the deficiency will be made up for in August," Chand said.

'Normal rainfall' refers to the average rainfall received over a specified period, usually 30 years.

Rainfall that's 96% to 104% of the long-period average is considered to be normal.

Chand said there are projections that La Nina will remain active in August, leading to more rain than usual that month.

"That should compensate for any deficit in rainfall in northwestern and eastern states," the NITI Aayog member added.

₹1,301 cr fraud: IDBI execs' discharge plea dismissed

Revu Suresh
revu.suresh@hindustantimes.com

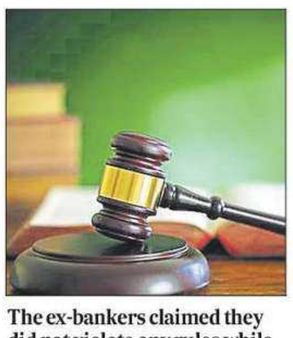
MUMBAI: A special court last week rejected the discharge pleas of four former senior executives of IDBI Bank, including the chairman and managing director, who were arrested by the Central Bureau of Investigation (CBI) for allegedly fraudulently sanctioning loans worth ₹950 crore to liquor baron Vijay Mallya's now-defunct Kingfisher Airlines Ltd (KAL) and causing wrongful loss of ₹1,301.67 crore to the public sector bank.

The discharge plea was filed by the former chairman and managing director of IDBI Bank Yogesh Agarwal, former executive director of the bank and head of its group corporate banking business Bal Krishna Batra, deputy managing director of OV Bundellu and former executive director of SKV Srinivasan.

An FIR was registered against the four along with Mallya and five others in 2015 for sanctioning loans worth ₹950 crore fraudulently to the airline despite it having a negative credit rating.

As per the prosecution, the four former IDBI Bank employees had allegedly entered a criminal conspiracy with fugitive businessman Vijay Mallya between 2009 and 2010 to fraudulently disburse short term loans worth ₹200 crore and a corporate loan worth ₹750 crore in favor of the now defunct Kingfisher Airlines.

The former bankers claimed they did not violate any rules while sanctioning the loans or receive any personal benefits in lieu of the transactions. The plea also referred to the risk involved due to the financial crunch in the aviation sector in 2009-10 and said the public sector bank had relied on the backing and guarantees from United Breweries, the beverage conglomerate group formerly headed by Mallya.



The ex-bankers claimed they did not violate any rules while sanctioning loans. ISTOCKPHOTO

As per the CBI, the four conspired together with Mallya, the former chairman of KAL, to cause wrongful loss worth ₹1,301.67 crore to the bank, resulting in wrongful gain for Vijay Mallya and his companies. Further investigation revealed that the Kingfisher group diverted over ₹263 crore from the sanctioned amount for wrongful purposes other than what the loan was sanctioned for.

The CBI further claimed that the loans were given to KAL despite its weak financials, negative net worth and low credit rating, thus failing to meet the criteria required for the corporate loan policy of the bank.

Mallya allegedly met Agarwal and Batra requesting the short-term loan worth ₹150 crore to meet certain critical obligations.

The proposal was approved by the credit committee without being referred to the risk department.

The agency said that a major part of these funds was used to settle overdues of KAL with Bank of Baroda. Another short-term loan of ₹200 crore sanctioned by the bank was also diverted towards other banks and payment of employee salaries.

As per the prosecution, the requirement of KAL was only around ₹400 crore, but the IDBI Bank officers showed undue interest and used their official position to sanction ₹750 crore. The bank officials failed to calculate the net worth of Mallya and flouted the bank loan conditions while approving the loan, the prosecution alleged.

Lakshya Sen in action against Indonesia's Jonatan Christie during their men's singles group stage match in Paris on Wednesday. AP

Brilliant, battle-hardened Sen achieves his first goal

Lakshya, 22, comes up with a stunning performance to beat world No.4 Christie and enter knockouts

RUTVICK MEHTA
HT IN PARIS

Lakshya Sen's right knuckles were bruised. A white tape covered up an old wound next to the right elbow. Battered through a brutal group stage draw, Lakshya came out of it battle-hardened.

Topping a four-man Group L reduced to three, after winning three matches brought down to two, the 22-year-old still leapt into the Round of 16 of the Paris Olympics. That, after a rousing performance on Wednesday to douse world No. 4 Jonatan Christie 21-18, 21-12. After the first of his three victories in his debut Games outing was declared null and void with Kevin Cordon withdrawing from the tournament. After coming out flying of arguably the most loaded group in his men's singles competition. "Yeah, it was a tough group. But I was ready to fight every match. The way I prepared for this tournament was really good. I needed to be at 100% from the first day," Lakshya said. "So, happy with the way the momentum is going, and I would love to continue taking it into the knockouts."

Wouldn't he love to take what he came up with on Wednesday. Up against an opponent he had last (and only time) beaten in 2020 while losing four straight matches thereafter, the 22nd-ranked Indian chose a virtual knockout clash of the Olympics to turn the tide, in their rivalry and after Christie had run away with a fast start.

The Indonesian grabbed the first five points of the contest, stinging Lakshya with a web of attacks and pinning him at the back of the court from the slower side. With the wind from his end, the Indian found it a little difficult to execute his lifts. Lakshya then began to find some rhythm to counter those attacks, and bring the net game and his defence into play. Soon enough, he brought himself back in the game, going level and at times nudging ahead of Christie.

"It took me 5-6 points to figure out what he was doing with his attacks," Lakshya said. "Once I did and came back, it was just a matter of keeping that one or two-point lead and then closing out the first game."

He set up those "closing out" points in the first game, and the match, flaunting the kind of play that makes Lakshya so dangerous. A brilliant behind-the-back shot in a rally set up game points in the first game. And, after being in control for much through the second game, he arrived at match point winning a point of incredible defence.

Backpedalling from the front court to just about retrieve the shuttle and place it back across the net, Lakshya somehow got back to a neutral court position to remain in the rally. And, after a lengthy exchange, came out of it on top after Christie hit the shuttle long.

Lakshya exhaled. Seated behind, Prakash Padukone leaned forward and gestured pressing both his palms towards the ground. Asked to stay calm, Lakshya did just that to win the next point and the match.

A quiet fist bump was how he celebrated, accompanied by a look to Padukone and Vimal Kumar in the coaches' chairs.

"From the behind they were really motivating me," Lakshya said. "The strategy and everything that we planned coming into this match was going to plan."

A crunch win against a class opponent who's had his number the previous three times — although each match went the distance to three games — has injected more belief in Lakshya going deeper into the business end of the draw.

"It gives you a lot of confidence to go on the tournament," he said. "The last few matches I haven't done well against him. So happy with the win and the revenge."

Joining him in the knockouts was PV Sindhu who had a far easier test in her final group stage match, a 21-5, 21-10 sweep of Kristin Kuuba of Estonia. The two-time Olympic medallist will now front up with China's He Bing Jiao. That'll be a much stiffer ask, and Sindhu acknowledged that speaking to the media after her win on Wednesday.

Once she was done, she had a quick glance at the TV screen above to catch the score of Lakshya's match that had just about started then. The end would be a lot different.

Men's doubles knockouts draw

Bronze playoff between losing semi-finalists on Aug 4

Chance for Kusale to break the jinx

Avishek Roy
avishek.roy@htlive.com

NEW DELHI: Fourth position. If Arjun Babuta endured a heartbreak in an Olympic final two days ago, Swapnil Kusale has swallowed the bitter pill twice in two majors — 2022 World Championships and the Asian Games. By qualifying for the final of the 50m rifle three positions on Wednesday, Kusale will be hoping to break the jinx in the biggest sporting stage.

At the Chateauroux Shooting Centre on Wednesday, 28-year-old Kusale used all his experience to remain in contention from the start in the 44-shooter field, eventually qualifying seventh with a score of 590 that included 38 hits to the inner ring. Aishwary Pratap Tomar too was in with a chance, but missed out by a whisker. Aishwary scored 589, and the one-point gap pushed him to the 11th spot. Czech Jiri Privratsky, who qualified in the eighth and last place, also scored 590 like Kusale (advanced on inner 10s).

This is the fifth final for Indian shooters in this Olympics, with two bronze medals in their kitty.

The rifle three positions used to be the most gruelling event in Olympic shooting, testing the endurance and technique of shooters. The event, however, has changed a lot since the Tokyo Olympics. The number of shots have been reduced to 60 from 120 in qualification – 20 shots each in the three positions – kneeling, prone and standing. It still remains a challenging event because of the adjustment a shooter has to make while finding the target from three positions. The outdoor conditions too play a role.

The margins have been fine in the shooting competitions in Paris. Babuta, Elavenil Valarivan and Sarabjot Singh would know. A 95 in the standing position proved costly for Aishwary. China's Liu Yukun, hot favourite to win the title, topped the field with 594. Yukun set two world records at the ISSF World Cup in Baku. The final field will also have France's Lucas Kryzs, the 2023 World Cup Final champion, and Norway's European champion Jon-Hermann Hegg. It can go down the wire, and nobody would know that better than Kusale. He cannot afford to dip even slightly in the 45-shot final. At the 2022 World Championships, Kusale had almost secured a medal but an 8.2 took him down to an agonising fourth place. But with that strong performance Kusale ensured that India had the 3P quota early in the Olympic cycle.

At the Asian Games final, Kusale was going great and a medal again seemed within touching distance, but a 7.6 came out of nowhere to push him out of reckoning and to fourth place again. Heartbroken, Kusale went back to his chair in disbelief, shaking his head.

He has since worked on his game and it showed the way he shot in the qualification. "I think there was some wind today and that had some effect on the scores. Swapnil was very accurate and he had a lot of inner 10s (38); this accuracy is going to help him in the final tomorrow," his coach and former international, Deepali Deshpande said.

Kusale has come a long way since making his mark in 2015 when he beat the big guns, Olympic medallist Gagan Narang and Chain Singh to win his first senior national title. Before Tokyo, he was in fine form and was fighting for the quota, neck-and-neck with the two quota winners Aishwary and the seasoned Sanjeev Rajput. This time, he made sure he won the quota and sealed it with strong shooting in the high-pressure Olympics selection trials at home.

"After not making it to Tokyo, I made changes in my shooting. I am a different shooter. I have focused on developing a strong mind and not losing confidence when scores are low," Kusale had said.

In the last three years, Kusale has been consistent and performed at the big international stage. At the Baku World Cup in 2022, he won silver in the 50m rifle 3 positions for his first individual ISSF World Cup medal. "He is a more mature shooter now and knows how to deal with situations. When he started, he hardly used to speak and kept things to himself," said Deshpande.

Not everything was going right for him before the Olympics. At the pre-Games national camp in Bhopal, Kusale was doubting his technique in kneeling, which is his strong point. "In standing position, he has been a little shaky and we made some adjustments. In Bhopal, however, he started complaining about kneeling and that was worrisome so close to the Olympics. But he has overcome that phase and he fought really well today.

"He is a sharp shooter, and he was very patient, taking one shot at a time during the qualification. It will help him during the final," she said.

Kusale looks to add to shooting success

With Manu Bhaker and Sarabjot Singh giving India two medals in shooting so far, Swapnil Kusale has a chance to bolster that tally in the men's 50m rifle 3p final

- First-ever Indian to qualify for the final of the men's 50m rifle 3positions at Olympics
- Won gold medal in the men's 50m rifle 3 positions team event at the Hangzhou Asian Games in 2023. The Indian team of Kusale, Aishwary Pratap Singh Tomar and Akhil Sheoran set a record with 1769 points
- Finished fourth in the individual event at Asian Games, where he had led from the start before one poor shot made him fall out of the podium spots

JAMAICA'S JACKSON TO SKIP 100M

Jamaica's Shericka Jackson said on Wednesday she will not compete in the women's 100m at the Paris Olympics. "I'm only running the 200m here," said Jackson, the double world 200-metre champion, who has won silver medals in the 100m in the last two world championships and Olympic 100m bronze at the Tokyo Games. "I think it was a good decision," the 30-year-old said of her desire to focus on the 200m. "Coach and I made a decision, and it was in the best interests for both of us." But Jackson's announcement does come in the wake of her pulling up with an apparent injury late in a race in Hungary three weeks ago. The Jamaican was leading the race entering the home straight before abruptly slowing down, grimacing and putting her head in her hands as she eventually walked across the finish line.

Novak Djokovic in action against Dominik Koepfer. AP

WINDSURFING ABANDONED

Racing in the debut women's windsurfing marathon was abandoned on Wednesday as the wind faded during a gruelling hour for the Olympic sailors competing in a long-series off Marseille. After a dramatic start, where a power boat whizzed across the front of the fleet to signal the off, the race developed into a slow slog, with the windsurfers dropping off the foils and having to 'pump' their sails to propel themselves. Eventually, after Israel's Sharon Kantor had led for most of the legs completed, the organisers opted to abandon.

DJOKOVIC REACHES QUARTER-FINALS

Serbia's Novak Djokovic reached the Olympic singles quarter-finals for a record fourth time by beating Germany's Dominic Koepfer 7-5, 6-3 on Wednesday but looked in the mood to go much deeper in the tournament. For all his 24 Grand Slam titles and countless other accolades, the Olympics has never been especially kind to the 37-year-old for whom a bronze medal remains his only souvenir.

GYMNAST-TURNED-SHOOTER WINS GOLD

A spinal injury ended Adriana Ruano's Olympic dream as a gymnast. She came back as a shooter and won Guatemala's first Olympic gold medal on Wednesday. Ruano won gold in the women's trap with an Olympic-record score of 45 out of 50. Ruano took a deep breath before hitting her 43rd target to make sure of the gold with five shots remaining. She missed her next two shots after that, but it didn't matter.

Lovlina a win away from her second Olympic medal; Nikhat braces up for Wu Yu challenge

Shantanu Srivastava
sportsdesk@hindustantimes.com

NEW DELHI: World champion Lovlina Borgohain got her Paris Olympics campaign off to a smooth start with a convincing win over Norway's Sunniva Hofstad in women's 75kg at the North Paris Arena on Thursday.

The tall pugilist, who shifted to the higher division post her Tokyo Games bronze medal, put together a confident performance, countering the Norwegian with precise jabs and crosses. Hofstad, gold medallist at the 2022 Youth World Championships, is the first female boxer from her country to make it to the Olympics. The 20-year-old, boxing with a low guard to draw the Indian in, went on attack early but failed to land her punches.

Lovlina, far more experienced and accomplished, didn't take the bait and waited for the right opportunity. And when it presented itself, she ensured her jabs and crosses landed, impressing the judges in all the rounds. The win means Lovlina has set up a blockbuster quarter-final on August 4 against the Chinese double Olympic medallist, Li Qian.

A win will ensure Lovlina a second successive Olympic medal, following a pathbreaking bronze (69kg) in Tokyo three years ago. Should she achieve that, the boxer from Assam will become the first Indian boxer — male or female — to win more than one medal at the Games. Besides Lovlina, only Vijender Singh (Beijing 2008) and MC Mary Kom (London 2012) have won an Olympic medal for India in the ring.

Lovlina Borgohain (R) after her bout against Norway's Sunniva Hofstad on Wednesday. PTI

Nikhat resumes medal quest

Another Indian world champion Nikhat Zareen (50kg) faces an uphill battle as she goes up against Chinese top-seed Wu Yu on Thursday. Nikhat, having won a scrappy bout against Germany's Maxi Carina Kloetzer on Sunday in her first bout, will have to summon her best in the Round of 16 clash against the reigning 52kg world champion, who is also the 50kg Asian Games gold medallist.

The two have not met before. At last year's Hangzhou Asian Games, they were placed in opposite halves of the draw and Nikhat lost to Thailand's Chuthamat Raksak in the semi-final. Wu Yu defeated Raksak to take the gold. At the World Championships in Delhi early in 2023, Nikhat won the 50kg gold while the Chinese won the 52kg title.

A supremely confident boxer who backs herself to beat the best, Nikhat, 28, has waited for her turn to come this far. But like at last year's Asian Games and World Championships, she entered the Paris Games unseeded. Wu Yu, by virtue of being the top seed, got a first-round bye and the Indian camp will be hoping Nikhat can cash in on any rustiness in the Chinese 29-year-old.

If Nikhat prevails against Wu Yu, she will set herself up for either Raksat or Uzbekistan's Sabina Bobokulova, both of whom have had success against the Indian. Having bided her time for her maiden Games, Nikhat would like to make it count. She has tuned up for Paris with a silver medal in Strandja Memorial and training stints in Budva in Montenegro, Kastamonu in Turkey, and Germany's training hub of Saarbrucken.

"I know my weight category is tough and there are a lot of quality boxers, but I am sure of my abilities. I have a Plan A and a Plan B for everyone," she had told HT in an earlier interview. If there ever was the time to execute those plans, it's probably now.

Is penalty corner conversion a worry for India ahead of big ties?

In three matches so far, India have earned 24 PCs but converted only three of them

Sandip Sikdar
sandip.sikdar@htlive.com

NEW DELHI: Harmanpreet Singh's eyes were fixated at the top of the D where Manpreet Singh was waiting with a horizontal reverse stick. A hard and accurate push from Hardik Singh in the corner, a perfect stop by Manpreet and the India skipper's powerful flick thudded on to the lower board of the goal.

The penalty corner (PC) specialist had scored his second of the day, enough to hand the Indian hockey team a 2-0 win over Ireland in Pool B on Tuesday. In the three matches so far at the Paris Olympics, India's attacking midfielders and forwards have done well to earn 24 PC opportunities which amounts to eight per game. But the worrying statistic shows that they have converted only three of them, one per match.

So far, those three PC goals have been sufficient against lower ranked opponents – a close 3-2 win against No.10 New Zealand, a 1-1 draw against No.7 Argentina and a 2-0 win against No.11 Ireland that took them to the quarter-finals. But will it be enough against the heavyweights as India face reigning champions Belgium on Thursday and powerhouse Australia on Friday?

"What you see in general across matches is that PC conversion is not that high and that is all because of first runners," said former India coach Sjoerd Marijne. "PC defence is becoming better and better so it is very difficult to score off PCs. Drag-flickers will have to come up with other ideas, different angles to score."

Once responsible for almost half of the goals scored in a tournament, PC conversion rate has gone down over the years. "One in three used to be the standard but not anymore," former India coach Graham Reid had said in an earlier interview.

Due to better and more advanced protective equipment, runners, especially the first one, have found that extra courage and confidence to rush hard and fast into the drag-flicker, unafraid of taking the hit. In addition, rushers are running in faster than ever before as witnessed in Paris, barely giving the drag-flicker any time or room to scoop the ball through.

Not just India, but others too have struggled to score from PCs. While world No.2 Netherlands have scored just five out of 24, No.4 Australia managed just two goals out of 16 from their first three matches. No.1 Belgium, on the other hand, had scored only two out of 11 from their first two games. "Of course, there is room for improvement, but India have delivered with winning goals coming from PCs," said former India drag-flicker and Olympic bronze medallist Rupinder Pal Singh.

"I am sure the team will perform better in the coming matches with conversion rate getting better. Everyone knows India's main drag-flicker is Harmanpreet. Opponents are preparing accordingly on how to stop him."

Rupinder hit the bull's eye. Out of the 24 PCs, 18 have been taken by Harmanpreet, converting two, as the other two flickers – Amit Rohidas and Sanjay – simply don't match up to the quality and class of the India skipper.

Though Rohidas has been taking drag-flicks for years, he has never been a regular while Sanjay — a surprise pick for Paris — has only scored two goals in 38 matches in the India jersey.

In Paris, Rohidas has taken three PCs in as many games while Sanjay has taken only one with both converting none. However, experts argue that shouldn't be a worry for India.

"In Belgium, Alexander Hendrickx gets almost every PC but yes, it is an advantage to have others like Tom Boon and Loick Luypert," Marijne explained. "But Netherlands also only have one (Jip Janssen). So, I don't think there's extra pressure on Harmanpreet. He has learnt to deal with these kinds of things."

It was Boon's hat-trick on Tuesday that helped Belgium crush Australia 6-2 on Tuesday in what was a repeat of Tokyo 2020's final. It once again emphasised that conversion rates may have gone down, but the drag-flick is still the go-to weapon in crunch situations, clearly determining the winner.

The responsibility of converting from the short corner will once again fall on the shoulders of Harmanpreet in the coming week but his former teammate says the India skipper is not worried, rather enjoying his role.

"As far as I know him, and I know him well, he is not someone who takes pressure," said Rupinder. "He enjoys it, he enjoys taking PCs single handedly. Against Argentina, India got 3-4 continuous PCs at the end, and he was taking all of them. It shows he is confident, and the team believes in him. Because of that, was he able to score in that pressure situation.

"He just needs to follow the programme and process he believes in because drag-flick is such a skill that if you're caught in two minds, you won't be able to execute it. He should just focus on his plans, keep it in his mind and fulfill them."

Manika loses her calm and match

Rutvick Mehta
rutvick.mehta@htlive.com

PARIS: Manika Batra began her match on Wednesday with a service error followed by a quick smirk. Almost two hours later when she turned up to speak to the waiting media, she was still teary-eyed.

Having made history as the first Indian table tennis player to advance to the singles pre-quarter-finals of the Olympics, Manika was stopped at that. The 28th-ranked Indian went down to world No. 13 Miu Hirano of Japan 1-4 (6-11, 9-11, 14-12, 8-11, 6-11) at the South Paris Arena.

The contest of what-ifs for Manika left a rather sour aftertaste. What if her forehand, the weapon that at most times provides a peek into her confidence and rhythm in a particular match, had not deserted her on many of the crucial points. What if she had maintained the lead she had managed to open up in the first three games. What if she had not let her mind drift too far ahead in those moments which allowed Hirano to come clawing back. "That really hurts," Manika said, the pain (and tears) on her face still visible. "I had to stay calm at that moment (when I was leading). I was trying to win, win, win, and in that, I lost that calmness."

Manika was ahead 3-1, 5-1 and 4-1 in the opening three games, ending up losing the first two. Hirano played "clever", said Manika who has faced the Japanese before, and began targetting her forehand which she realised was leaking errors. And crucial junctures at that. At 9-9 in the second game, for instance. Or at 10-10 in the third game, when Manika slapped her thigh in frustration after another forehand did not land. "In the beginning, she was playing more on my forehand from her backhand. And I don't know why, but my forehand wasn't going today," Manika said.

Manika Batra. PTI

Manika will allow herself to be sad for a day, before preparations for the team events take precedence. Joining her in the team will be India's top-ranked Sreeja Akula who, earlier on Wednesday, followed Manika into the singles Round of 16 after a 4-2 win over Zeng Jian of Singapore.

One brought along two at these Games. That's a sign of the women's game, especially, making progress in terms of depth and talent in India. But doing that just once can't be enough, reckoned Massimo Costantini who returned as the national coach a few months ago. "Now, we've got the first 16, already made history. This should be regular. And when it's regular, we can think quarter-final and semi-final. We have to get everyone in the team there," the Italian said.

FRANCE, BRITAIN DOMINATE TRIATHLON AFTER SEINE SUSPENSE

Agencies
sportsdesk@hindustantimes.com

PARIS: France and Britain dominated the podiums in the Olympics triathlon on Wednesday, which finally began in the Seine after days of suspense over whether the river would be clean enough for racing.

Cassandre Beaugrand took the women's gold ahead of Switzerland's Julie Derron and Britain's third-placed Beth Potter.

In the men's competition, which had to be delayed by 24 hours after the Seine failed water tests, Alex Yee stormed to a dramatic victory by passing rival and friend Hayden Wilde from New Zealand in the final stretch.

Frenchman Leo Bergere finished third.

"I started to find my legs with about 3k to go and I said to myself 'I'll give myself one last chance to make this happen'," Yee told reporters of his late surge, adding that British legend Alistair Brownlee had shouted him on during the last lap.

All the attention during the build-up had been on the Seine, which was the centrepriece of a spectacular course that included a biking and running route through the historic heart of the French capital.

The Seine has been too dirty for swimming all week after Paris was deluged by rain during the opening ceremony of the Games on Friday, with the equivalent of a month's rain falling over 36 hours.

{ **ANSHUMAN GAEKWAD** } 1952-2024

Opener who personified courage under fire

HT Correspondent
sportsdesk@hindustantimes.com

NEW DELHI: Anshuman Gaekwad, who epitomised gutsy batting in the pre-helmet era and stood up to one particularly vicious pace barrage led by Michael Holding on the 1976 Test tour of the West Indies, died on Wednesday after a battle with cancer,. He was 71.

A second generation India Test cricketer – his father Dattajirao Gaekwad played 11 Tests between 1952 and 1961 – he made 40 appearances in a decade (1974-1984), a rare sight in his early years as a spectacled opening batter. Gaekwad scored 1985 runs with two centuries and 10 fifties, with a highest score of 201* made against Pakistan at Jalandhar in 1982-83, the 671-minute marathon then the slowest first-class double century.

Partnering Sunil Gavaskar in a batting line-up that also included Gundappa Viswanath, Mohinder Amarnath, Dilip Vengsarkar and Brijesh Patel – all known stroke-players – Gaekwad's strength was his immense concentration level, patience and a doggedness to hold one end up.

And those qualities shone in that eventful tour of the West Indies in 1976 that saw India cover themselves in glory by chasing down a then world record fourth-innings Test target of 403 – India finished on 406/4 – to win the third Test at Port-of-Spain.

The mastery of Indian batters over spin and the craft of their own tweakers against the home batters led an angry Windies skipper Clive Lloyd to unleash an all-pace attack in the fourth Test at Kingston, Jamaica.

The quartet led by Holding bowled around the wicket, targetting the body of the batter with bouncers and the occasional beamer, reviving memories of England's bowling tactics on the 1932-33 Ashes tour of Australia – the Bodyline series.

In a Test that was dubbed "Bloodbath in Jamaica" for Lloyd's hostile bowling tactics, Gaekwad, on his first overseas Test tour, wore several blows on his body in a 450-minute innings of courage while top-scoring with 81, when a Holding snorter struck him on the side of the head — his eardrum was punctured and he needed surgery — and he had to retire hurt.

Skipper Bishan Bedi, enraged by Lloyd's tactics, declared the first innings at 306/6, to protect his lower-order batters as well as send a strong message of protest.

Five batters were absent hurt as India's second innings ended at 97.

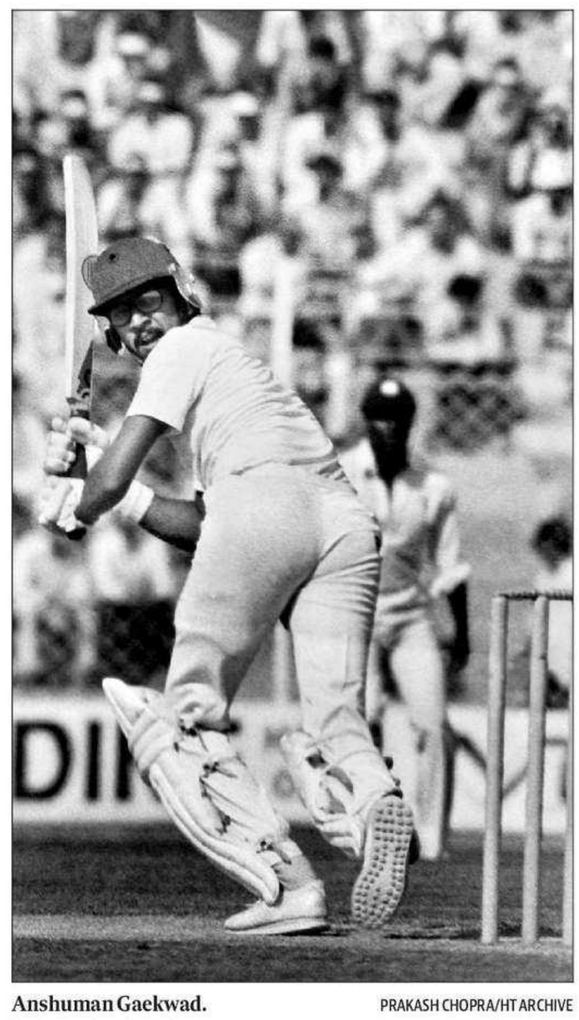
After a Test career that ended as it started, at Eden Gardens — Gaekwad also played 15 ODIs — he continued to play first-class cricket till 1991-92, aggregating 12,136 runs @ 41.56 with 34 centuries — he returned for two fresh stints with the Indian team as coach.

His first stint from 1997 to 1999 saw him take on the responsibility during a transitional phase under Sachin Tendulkar's captaincy. It included the early 1999 home series against Pakistan, famously drawn after Anil Kumble's historic 10-wicket innings haul for victory at Delhi's Ferozeshah Kotla ground. It ended with India's failure at the ODI World Cup in England.

Gaekwad's second was in 2000, after Kapil Dev quit the post and with match-fixing having rocked the game that year. It was temporary as the Indian board appointed the first foreign national coach in New Zealand's John Wright.

Articulate and friendly, Gaekwad also held some administrative roles. He was diagnosed with blood cancer early this year and was under treatment in a London hospital.

Many former India stalwarts, led by Kapil, appealed to the cricket board and fans to help raise funds for his expensive treatment.



Anshuman Gaekwad. PRAKASH CHOPRA/HT ARCHIVE

लखवाड़ बहुउद्देशीय परियोजना (जलाशय) निर्माण हेतु उपरोक्त अधिनियम 2013 तथा उत्तराखण्ड समाजिक समाघात अध्ययन नियमावली 2015 के तहत जनपद टिहरी गढ़वाल के अन्तर्गत 17 ग्रामों (तहसील–धनौल्टी / नैनबाग) में अर्जित की जानी वाली नाप भूमि अर्जन हेतु समाजिक समाघात अध्ययन चयनित ऐजेन्सी ग्राफिक ऐरा हिल विश्वविद्यालय देहरादून द्वारा पूर्ण किया गया है। दिनांक 18.02.2024 से दिनांक 22.02.2024 तक जन सुनवाई पूर्ण की गयी तथा दिनांक 14.03.2024 को मुख्य विकास अधिकारी टिहरी गढ़वाल की अध्यक्षता में गठित समिति द्वारा समाजिक समाघात अध्ययन रिपोर्ट का मूल्यांकन किया गया है, जिसके सार बिन्दु निम्नवत है:–

(क) लखवाड़ बहुउद्देशीय परियोजना (300 मेगावाट) से प्रभावितों पर पड़ने वाले प्रभाव (समाघात):–

1. परियोजना में कृषि भूमि, प्रभावितों की आजीविका का मुख्य साधन है। कृषि भूमि के अधिग्रहण के उपरान्त कृषकों के जीवन–यापन पर प्रतिकूल प्रभाव पड़ सकता है।
2. परियोजना प्रभावितों द्वारा कृषि उपज को स्थानीय बाजारों तक बेचने के लिए मुख्यतः राष्ट्रीय राजमार्ग का उपयोग किया जाता है। परियोजना के कारण राष्ट्रीय राजमार्ग प्रभावित का नया संरेखण प्रस्तावित है, जिसके कारण ग्रामीणों को स्थानीय बाजारों तक कृषि उपज को बेचने के लिए अधिक दूरी एवं अधिक माल भाड़ा वहन करना पड़ेगा।
3. परियोजना के डूब क्षेत्र में आटा चक्की घराट एवं क्रशर प्लांट स्थापित हैं। परियोजना का क्षेत्र जलमग्न होने के उपरान्त इन व्यवसायों पर इसका प्रतिकूल प्रभाव पड़ सकता है।
4. परियोजना क्षेत्र जलमग्न होने के उपरान्त ग्रामीणों का प्राकृतिक संसाधनों तक पहुँच के लिए अधिक दूरी तय करनी पड़ेगी, जिससे उनके सामने उनके मवेशियों के लिए चारा–पत्ती, ईंधन हेतु लकड़ी, इत्यादि का संकट उत्पन्न हो सकता है।
5. परियोजना प्रभावितों का मानना है कि उनके प्राकृतिक संसाधनों जैसे– जल, जंगल, जमीन, वायु व सड़कों पर इस परियोजना का बुरा प्रभाव पड़ सकता है, जिससे स्थानीय स्तर पर परिस्थितिकीय सन्तुलन बिगड़ेगा और उसका प्रभाव वहाँ के आम जन–जीवन पर पड़ सकता है।
6. परियोजना में भूमि अधिग्रहित हो जाने से उनके पास कृषि योग्य भूमि कम रह जायेगी, जिसके कारण कृषि उत्पादन में कमी आने की संभावना है।
7. परियोजना निर्माण के दौरान यहाँ पर प्रवासी मानव शक्ति के आने से स्थानीय लोगों के रोजगार पर इसका विपरीत प्रभाव पड़ सकता है क्योंकि बाहर से आने वाले लोगों की आवा जाही बढ़ जायेगी जिससे स्थानीय लोगों के रोजगार पर इसका प्रभाव पड़ सकता है।
8. प्रभावित क्षेत्र के प्रभावितों का कहना है कि देहरादून जिला भू–गर्भीय दृष्टि से अति संवेदनशील क्षेत्र है जिसमें भूकम्प जैसी आपदा आने की सम्भावनाएँ हैं।
9. परियोजना के बनने के पश्चात् बांध की झील से क्षेत्र मे नमी आने से क्षेत्र किभू–धसाव होने का भय है तथा क्षेत्र के परिवारों के घरो की धसने का भय है।
10. परियोजना क्षेत्र में अगलाड नदी पर प्रति वर्ष मौण मेले का आयोजन होता है। परियोजना पूर्ण होने पर यह क्षेत्र जलमग्न हो जायेगा, जिससे स्थानीय निवासी इस मेले का आयोजन नहीं कर पायेंगें।
11. ग्राम कूणा एवं रणोगी के ग्रामीणों द्वारा अवगत कराया गया कि दोनों गाँव परियोजना की झील में पूरी तरह से समा जायेगें, जिसके कारण ग्रामीणों को अपना पैतृक गाँव खाली करना पड़ेगा।

(ख) लखवाड़ बहुउद्देशीय परियोजना (300 मेगावाट) से लाभः–

1. परियोजना से उत्तराखण्ड सहित उत्तर प्रदेश, हरियाणा, दिल्ली, राजस्थान तथा हिमांचल प्रदेश की 33780 हेक्टेयर कृषि भूमि को सिंचाई हेतु जल उपलब्ध होगा।
2. घरेलू व औद्योगिक उपयोग हेतु 78.83 एम0सी0एम0 जल उपलब्ध होगा।
3. परियोजना निर्माण से उत्तराखण्ड राज्य को 300 मेगावाट/572 मि0यू0 विद्युत उत्पादन प्राप्त होगा।
4. परियोजना यमुना नदी में बाढ़ नियन्त्रण के साथ साथ नदी के कायाकल्प करने में भी सहायक होगी।
5. परियोजना निर्माण से प्रभावित क्षेत्र में पर्यटन की गति विधियां बढ़ेंगी, जिससे इस कालाभ प्रत्यक्ष रूप से स्थानीयों को होगा।
6. परियोजना निर्माण के दौरान प्रभावितों को प्रत्यक्ष एवं अप्रत्यक्ष रूप से रोजगार के अवसर प्राप्त होंगे, जिससे प्रभावितों की आजीविका में सुधार होंगें।
7. परियोजना निर्माण के दौरान प्रभावित ग्रामों में विभिन्न विकास कार्य सम्पादित कराये जायेगें, जिससे प्रभावित ग्रामों में जीवन यापन अधिक सुगम हो सकेगा।
8. परियोजना निर्माण से प्रभावित क्षेत्रों में विकास कार्य संचालित होने से क्षेत्र का सामाजिक, आर्थिक एवं सांस्कृतिक विकास होगा।

(ग) समाघात से बचने और प्रतिपूर्ति करने के उपाय (सामाजिक समाघात प्रबन्धन योजना) :–

1. राष्ट्रीय राजमार्ग का संरेखण स्थानीय ग्रामीणों एवं जनप्रतिनिधियों की सहमति से किया जाना चाहिए। राष्ट्रीय राजमार्ग का संरेखण इस प्रकार से किया जाना चाहिए जिससे अधिक से अधिक प्रभावित ग्रामों को राष्ट्रीय राजमार्ग से जोड़ा जा सके एवं प्रभावित अपनी कृषि उपज, व्यवसाय एवं गतिविधियों हेतु राष्ट्रीय राजमार्ग का उपयोग कर सकें।
2. राष्ट्रीय राजमार्ग के संरेखण के उपरान्त स्थानीय प्रभावितों को व्यवसायिक उपयोग हेतु भूमि आवंटित की जानी चाहिए, जिससे स्थानीयों को रोजगार उपलब्ध हो सके।
3. प्रभावित लोगों की आजीविका का मुख्य साधन कृषि है, जिसके अधिग्रहण करने पर उनकी परियोजना से मिलने वाले लाभों में प्रभावितों की हिस्सेदारी सुनिश्चित की जानी चाहिए तथा उनको भूमि के वर्तमान बाजारी दर के अनुसार उचित मुआवजा दिया जाना चाहिये एवं परियोजना के निर्माण के दौरान उनको परियोजना से सम्बन्धित विभिन्न गतिविधियों में शामिल करके उनके लिए रोजगार की उचित व्यवस्था की जानी चाहिए।
4. परियोजना के निर्माण से प्रभावित होने की स्थिति में निर्माण के दौरान तकनीकी पहलुओं को ध्यान में रखते हुए स्थानीय स्तर पर वहाँ के प्राकृतिक संसाधनों जैसे जल, जंगल, जमीन, वायु को सुरक्षित करने की कोशिशें की जानी चाहिये।
5. परियोजना निर्माण के समय परियोजना क्षेत्र की परिसम्पत्तियों को अधिक नुकसान न पहुँचे, तकनीकी तौर पर इस बात का ध्यान रखना होगा एवं जहाँ पर इन परिसम्पत्तियों को नुकसान पहुँच रहा है, वहाँ पर प्रशासन को सम्बन्धित विभाग के साथ मिलकर हुए नुकसान की भरपाई की जानी चाहिए।
6. परियोजना प्रबन्धन को प्रभावित लोगों के हितों का पूर्ण ध्यान रखा जाना चाहिए, जिसके लिए प्रशासन एवं परियोजना प्रबन्धन को क्षेत्रीय लोगों की स्थानीय जरूरतों के अनुसार उनके हितों को ध्यान में रखते हुए सामाजिक निर्वहन दायित्व (CSR) के अन्तर्गत एक विस्तृत कार्य योजना तैयार करनी चाहिये।
7. परियोजना का वातावरण पर नकारात्मक प्रभाव न पड़े इसके लिए तकनीकी प्रबन्धन को विशेष ध्यान रखना होगा। निर्माण कार्य से निकलने वाले मलबे को सुरक्षित डंपिंगजोन में ही डाला जाना चाहिए। इसके लिए पहले से ही भविष्य को ध्यान में रखते हुए स्थान निश्चित कर इसकी सुरक्षित डंपिंग की जाए, जिससे भविष्य में भी इससे किसी भी प्रकार की कोई भी परेशानीउ त्पन्न न हो सके।
8. परियोजना निर्माण के दौरान कार्यदायी एजेन्सी द्वारा भारी वाहनों एवं मशीनों की आवा जाही के कारण परियोजना के निर्माण क्षेत्र में सड़कों पर धूल उड़ने की प्रबल सम्भावना है। अतः वायु की गुणवत्ता के दृष्टिगत परियोजना के निर्माण क्षेत्र में पानी का पर्याप्त मात्रा में छिड़काव किया जाना चाहिए।
9. परियोजना निर्माण के दौरान परियोजना क्षेत्र में प्रवासियों की आवा जाही बढ़ जायेगी, इस बात को ध्यान में रखते हुए प्रशासन एवं परियोजना प्रबन्धन को स्थानीय लोगों के हितों की रक्षा हेतु आवश्यक कदम उठाना होगा। परियोजना क्षेत्र में उत्पन्न होने वाले रोजगार में स्थानीय लोगों को ही वरीयता दी जानी चाहिए।
10. ग्राम स्तर पर स्वास्थ्य मेलों का आयोजन किया जाए, जिससे कि योग्य चिकित्सकों द्वारा ग्रामीणों के स्वास्थ्य का समय–समय पर परीक्षण हो सके। परियोजना प्रबन्धन को इसके लिए विशेष प्रबन्ध करने की आवश्यकता है।
11. परियोजना के कारण यदि स्थानीय जल स्त्रोत सूख जाये या उनको कोई नुकसान पहुँचे या जल स्रोतों का पानी प्रदूषित हो जाये तो परियोजना का यह उत्तरदाायित्व है कि प्रभावित ग्राम के परिवारों को नियमित रूप से पीने के लिए स्वच्छ जल की आपूर्ति की जाए एवं प्राकृतिक जल स्रोतों का संरक्षण किया जाए।
12. महिलाओं को आर्थिक रूप से सशक्त करने की दिशा में जहाँ एक और उनको जागरूक करने की आवश्यकता है, वहीं दूसरी ओर उनको स्वयं सहायता समूह बनाने के लिए प्रेरित किया जाए। ऐसे स्वयं सहायता समूहों को परियोजना द्वारा प्रारम्भिक स्तर पर आर्थिक मदद प्रदान की जाए तथा महिलाओं को इस प्रकार के प्रशिक्षण प्रदान करने की दिशा में प्रयास किये जाए जिससे कि वे भविष्य में आर्थिक रूप से सशक्त हो सकें।
13. परियोजना प्रबन्धन द्वारा योग्यता के आधार पर प्रभावित परिवारों को अस्थाई/स्वरोजगार प्रदान करने की दिशा में सार्थक प्रयास करने चाहिए। इसमें सबसे पहले उन युवकों को प्राथमिकता दी जाय जो कि सबसे अधिक प्रभावित है। दूसरे स्तर में उन युवकों को प्राथमिकता दी जाय जो उन प्रभावित ग्रामों के रहने वाले हैं तथा अन्तिम स्तर में उन युवकों को प्राथमिकता दी जाय जो प्रभावित क्षेत्र में रहते हैं तथा परियोजना के द्वारा अप्रत्यक्ष रूप से प्रभावित हो रहे है।
14. परियोजना में संचालित होने वाले गैर तकनीकी कार्यों को प्रभावितों द्वारा ही प्राथमिकता के आधार पर कराया जाना चाहिए।
15. महिला मंगल दल, युवक मंगल दल, स्वयं सहयता समूहों, ग्राम पंचायतों तथा स्थानीय गैर सरकारी संगठनों के द्वारा खेल कूद एवं संस्कृति के संरक्षण की दिशा में किये जा रहे प्रयासों को सशक्त करने के लिए परियोजना द्वारा उनको आर्थिक सहायता प्रदान की जाए।
16. प्रभावित क्षेत्रों में जहाँ कहीं भी सिंचाई नहर, मंदिर, स्कूल, अस्पताल इत्यादि प्रभावित हो रहे हैं इनका दूसरे स्थानों पर आधुनिक तकनीकी से निर्माण किया जाना चाहिए।
17. जल उत्पादन, जैव विविधता का संरक्षण करने वाले विशेषज्ञों, स्वयं सेवी संगठनों, पंचायतों, संस्थानों आदि को समय–समय पर आमंत्रित किया जाए तथा उनके प्रयासों को जनता तक पहुँचाने की दिशा में समय–समय पर गोष्ठी आयोजित कराई जाए। साथ ही पर्यावरण संरक्षण के क्षेत्र में कार्य करने वाली संस्थाओं एवं व्यक्तित्यों को चिन्हित कर सम्मानित किये जाने की दिशा में प्रयास करने चाहिए।
18. परियोजना के कार्य से जल, वायु एवं ध्वनि प्रदूषण बहुत अधिक बढ़ सकता है जिसके कारण अनेक प्रकार की समस्याएँ पैदा हो सकती है। अतः पर्यावरण प्रबन्धन की दिशा में परियोजना के द्वारा विषय विशेषज्ञों की मदद से ठोस योजना बनाकर उसको लागू करने की दिशा में कार्यवाही सुनिश्चित की जानी चाहिए।
19. परियोजना प्रभावित क्षेत्र में एक शिकायत निवारण प्रकोष्ठ का गठन किया जाए जिससे कि प्रभावित परिवारों की शिकायतों का निराकरण समय से किया जा सके। तकनीकी विशेषज्ञों से इस सम्बन्ध में विशेष राय ली जाए।
20. परियोजना क्षेत्र में अगलाड नदी पर प्रति वर्ष मौण मेले का आयोजन होता है। परियोजना पूर्ण होने पर यह क्षेत्र जलमग्न हो जायेगा। मेला क्षेत्र को नदी के ऊपरी क्षेत्र किसी सुरक्षित स्थान में भूमि चिन्हित करते हुए नया मेला क्षेत्र विकसित करने के लिए परियोजना प्रबन्धन को विशेष ध्यान देने की आवश्यकता है।
21. परियोजना से पूर्ण प्रभावित ग्रामों कूणा एवं रणोगी का मानवता के आधार पर प्राथमिकता पर विस्थापन की समुचित व्यवस्था ग्रामीणों की सहमति से की जानी चाहिए।

उपरोक्त तथ्यों से स्पष्ट है कि लखवाड़ बहुउद्देशीय परियोजना (300 मेगावाट) के निर्माण से होने वाले सामाजिक समाघातों को कम करने के लिए परियोजना प्रबन्धन सामाजिक समाघात निर्धारण अध्ययन रिपोर्ट में उल्लिखित तथ्यों/उपयों को सम्पादित करने पर विशेष ध्यान देगा। साथ ही विशेषज्ञ समूह द्वारा की गयी शिफारिशों पर भी अमल करेगी, जिससे प्रभातिवों पर परियोजना का प्रतिकूल प्रभाव न पड़े। इस प्रकार लखवाड़ बहुउद्देशीय परियोजना (300 मेगावाट) उत्तराखण्ड राज्य के लोक प्रयोजन हेतु एक महत्वपूर्ण राष्ट्रीय परियोजना है।

सामाजिक समाघात प्रबन्धन योजना (एस0आई0एम0पी0) रिपोर्ट का कार्यकारी सार अवलोकन हितबद्ध व्यक्ति द्वारा उक्तानुसार कार्यालय में किया जा सकता है।

अतः लखवाड़ बहुउद्देशीय परियोजना के जलाशय निर्माण हेतु तहसील धनौल्टी/नैनबाग के अन्तर्गत ग्राम 17 ग्रामों की कुल 35.609 हेक्टेयर भूमि, जिसका विवरण निम्नानुसार है, का अर्जन किया जाता है:–

क्र. सं0	खाता संख्या	सर्वेक्षण संख्या	स्वामित्व का प्रकार	अर्जन के अधीन क्षेत्र (है0 में)	हितबद्ध व्यक्ति का नाम और पता	वृक्षों की संख्या				संरचनाएं	
						फलदार	इमारती	कुकाट	योग	प्रकार	प्लिंथ एरिया
ग्राम–रयाटगॉव, तहसील–धनौल्टी, जनपद–टिहरी गढ़वाल

नोट :– हितबद्ध व्यक्तियों का नाम व पता, भूमि की चौहदी, वृक्षों की संख्या, वृक्षों की किस्म, संरचनाओं का प्रकार व प्लिंथ एरिया सहित प्रतिकर का मूल्यांकन तकनीकी विभागों से कराकर निर्धारित किया जायेगा।

यह अधिसूचना इससे सम्बन्धित सभी व्यक्तियों के लिए भूमि अर्जन, पुनर्वास और पुनर्व्यवस्थापन में उचित प्रतिकर और पारदर्शिता अधिकार अधिनियम, 2013 (2013 का 30) की धारा 11 (1) के उपबंधों के अधीन जारी की गई है।

भूमि से सम्बन्धित रेखांकन कलेक्टर के कार्यालय में और विशेष भूमि अध्याप्ति अधिकारी, टिहरी गढ़वाल के कार्यालय में किसी भी कार्य दिवस को कार्य समय के दौरान देखा जा सकता है।

सरकार, उक्त अधिनियम की धारा 12 में यथा उपबंधित एवं विनिर्दिष्ट विशेष भूमि अध्याप्ति अधिकारी, टिहरी गढ़वाल और उनके कर्मचारिवृंद को भूमि में प्रवेश करने और उसका सर्वेक्षण करने, किसी भी भूमि के स्तर लेने, अवमृदा में खुदाई करने या वेधन करने और अपने कार्य के उचित निष्पादन के लिए अपेक्षित सभी अन्य कार्य करने के लिए प्राधिकृत करती है।

अधिनियम के धारा 11 (4) के अधीन कोई भी व्यक्ति कलेक्टर के पूर्व अनुमोदन के बिना ऐसी अधिसूचना के प्रकाशन की तारीख से भूमि का कोई भी संव्यवहार नहीं करेगा या कोई भी संव्यवहार नहीं होने देगा अर्थात, क्रय/विक्रय, आदि नहीं करेगा या ऐसी भूमि पर कोई भी विल्लंगम सृजित नहीं करेगा।

अधिनियम की धारा 15 के अधीन यथा उपबंधित इस अधिसूचना के प्रकाशन की तारीख से 60 (साठ) दिनों के भीतर किसी भी इच्छुक व्यक्ति द्वारा भूमि अर्जन के बारे में कलेक्टर के समक्ष आक्षेप, यदि कोई हो, फाइल किये जा सकेंगे।

स्थानः नई टिहरी। **समुचित सरकार/कलेक्टर**

तारीखः 31.07.2024 **टिहरी गढ़वाल।**
