Korea’s only trauma surgeon training center to close after 100% budget cut

South Korea’s only training center for trauma surgeons is set to close this month due to a lack of funding, Korea University Guro Hospital said Wednesday, raising concerns about the future of medical education in the country.

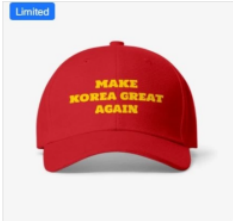

More Seoul crossings to get countdown timers

The Seoul Metropolitan Government announced Wednesday that it plans to expand the number of upgraded pedestrian crossings with countdown timers, aiming to have them installed on all major crossings by next year.

Refugee recognition rate languishes at just 2.7%

South Korea has received more than 120,000 refugee applications since its asylum system was introduced just over 30 years ago, but the country’s refugee recognition rate remains one of the lowest in the world, according to a new report.
