

INVESTING

The India bull looks tired. How long will it take to reclaim new peaks?

In the past 20 years, the Nifty 50 has returned 12% annually. Smart investors believe Indian markets can do far better than this in the coming decade. But markets are cyclical in nature. There is a high chance we may actually get lower annual returns compared to the past.

Could nations agree to weaken the US dollar to avoid the dislocation of global trade?

AUTO

Volvo-Eicher JV is a rare success story in an industry dominated by Tata, Ashok Leyland

Between FY19 and FY24, when the volumes for commercial vehicles above 3.5 tonne declined 7%, Volvo-Eicher grew 29%. This growth largely came at the expense of market leaders Tata Motors and Ashok Leyland. How did the JV pull this off?

Stock Radar: SBI Cards & Payment Services hits fresh 52-week high in March 2025; what should investors do?

SBI Cards & Payment Services Ltd broke out from a consolidation phase to reach a 52-week high, with experts suggesting a potential rise to Rs 900 in 2-3 weeks. The stock demonstrated strong momentum, surpassing previous resistance levels. It is recommended for short-term traders, with RSI and MACD indicators showing positive signs, suggesting further upward movement.

These 6 private sector banks have an upside potential of up to 45% in 1 year
